The Goblin's Secrets Goblin Sachs,2019-08-18 In order to succeed in World of Warcraft Classic, you will need a lot of gold. In addition to the thousands of gold you will spend on your spells, mounts, gear, enchantments, and respecs, you will also need to consistently purchase large quantities of consumables and utility items to stay competitive in serious raiding/PvP. Without enough gold, you will always be outclassed by players who do have enough. However, accumulating gold is very difficult in World of Warcraft. By the time The Burning Crusade was about to launch, World of Warcraft (WoW) had 8 million active subscribers with likely millions more accounts that were created but stopped subscribing at some point. Out of the millions of players who played the game, there was not a single recorded instance of someone hitting the gold cap (~215,000 gold) on one character. This means it is more common for someone to be a billionaire in America (about 1 out of 600,000) than it is for someone to have 215,000 gold. This is why I have compiled the most comprehensive, optimal, and practical guide on gold making in World of Warcraft Classic. I played the original WoW through Wrath of the Lich King with a Hunter main and Druid alt and have played on 3 different vanilla WoW private servers where I have over 25 level 60 characters and amassed hundreds of thousands of gold among them. My love of the game evolved past raiding and PvPing and I became consumed by the economic PvP (competing against other goblins to earn more gold). With WoW Classic's release, I am happy to finally share everything I have learned about making gold. This book will cover the most optimal and practical strategies for gold making while discarding the less optimal ones that are often repeated in popular guides. This book will also include resources such a full list of level appropriate mobs to grind while leveling, a full list of the most lucrative twink items in the level 19 and 29 brackets, a full list of the most lucrative BoE limited supply vendors to camp, a step by step action plan for the launch of Classic WoW and much much more.

Joseph Smith's Gold Plates ,2023-09 Renowned historian Richard Lyman Bushman presents a vibrant history of the objects that gave birth to a new religion. According to Joseph Smith, in September of 1823 an angel appeared to him and directed him to a hill near his home. Buried there Smith found a box containing a stack of thin metal sheets, gold in color, about six inches wide, eight inches long, piled six or so inches high, bound together by large rings, and covered with what appeared to be ancient engravings. Exactly four years later, the angel allowed Smith to take the plates and instructed him to translate them into English. When the text was published, a new religion was born. The plates have had a long and active life, and the question of their reality has hovered over them from the beginning. Months before the Book of Mormon was published, newspapers began reporting on the discovery of a Golden Bible. Within a few years over a hundred articles had appeared. Critics denounced Smith as a charlatan for claiming to have a wondrous object that he refused to show, while believers countered by pointing to witnesses who said they saw the plates. Two hundred years later the mystery of the gold plates remains. In this book renowned historian of Mormonism Richard Lyman Bushman offers a cultural history of the gold plates. Bushman examines how the plates have been imagined by both believers and critics--and by treasure-seekers, novelists, artists, scholars, and others--from Smith's first encounter with them to the present. Why have they been remembered, and how have they been used? And why do they remain objects of fascination to this day? By examining these questions, Bushman sheds new light on Mormon history and on the role of enchantment in the modern world.

The Goblin General Autumn Dawn,2023-07-24 In the Goblin City nobody's what they seem. A weak kingdom seeks an alliance with the goblin horde. The goblin king wants to keep his generals in line. He selects geriatric generals to marry the tribute brides in a plot to infiltrate them...but he forgot they were generals for a reason. The old can be very dangerous, and goblins with one last strike left are fearless. As for the brides...they'll discover their husbands aren't who they expected. No explicit sex, slow burn romance. 50 k words
