Golden Retrievers - Dog Books for Kids Table of Contents Introduction Chapter 1 - Early History Chapter 2 - Fascinating Features & Care Chapter 3 - Amazing Golden Retriever facts Conclusion - A Family's best friend Author Bio Introduction A dog is man's best friend, and vice versa. -Anonymous Golden Retrievers are considered 'the perfect family pet.' They are charming, warm, tolerant, versatile, intelligent, and very friendly. As a large size dog breed, they were originally bred as gun dogs and used during hunting to help "retrieve" game like ducks and waterfowl. As the name indicates, "retrievers" were used to "retrieve" things, but their athletic skills go beyond hunting. For one thing, Retrievers love the water. It is almost instinctive to them and they will not hesitate to get wet. They thrive on activities that give them something to do. It can be a nice game of fetch, some fun at the beach, running around the yard, or racing across an open field. Although bred as a part of working dog, Golden retrievers are one of the top ten most popular dog breeds today. They are also well known for their participation in conformation shows. Their versatile nature extends beyond dog shows and into the home. For example, Golden Retrievers are used as guide dogs for the blind and hearing dogs for those who are impaired. Their skills include search and rescue and detection dogs. They love to play but this does not mean they are not trainable. Retrievers love to learn new things, so training your dog to accept new commands is a breeze! When it comes to relationships, the Retriever's gentle and patient demeanor makes them an excellent companion for children, and their affectionate nature will endear them to the entire family. Although exercise is required for this breed, it can

enjoy calm indoor activities as well. And, its tranquil nature makes it a delight no matter where you may be. For these reasons and many more, Golden Retrievers are highly recommended as a loyal and faithful companion. Their steadfast obedient and loyal nature is not only deserving of the title “man’s best friend” but also... “Best family friend!”

Love For & From My 4-Legged Son: How an ordinary golden retriever became an extraordinary dog Michael N. Marcus, 2017-04-13 This is the story of the amazing Hunter J. Marcus (my “four-legged son”). Hunter lived for 15 years and three months. He was a golden retriever and the typical lifespan for a golden is 10-12 years, so he definitely had high mileage. His death was not sudden, violent nor unexpected—but was nonetheless very sad. I could not be more miserable because of the loss of a human child. I never thought of Hunter as a pet, and certainly not as a possession. He was a housemate, playmate, child, co-conspirator, fellow traveler and—most of all—my best buddy. He soared like an eagle, swam like a porpoise, ate like a shark and often thought like a human. Hunter understood dozens of English words and was very obedient—when he chose to be. Golden retrievers are very smart, and very independent. Hunter always knew exactly what he was supposed to do in any situation, and sometimes he was willing to do what he was supposed to do. We rewarded bad behavior because anything a dog does is cute! This book is a memorial, but it's fun, not morbid.
