☐ **INVESTING IN CONDOMINIUMS** Brian Persaud, Randy Ramadhin, 2011-11-08 A lot of information has been published for those who wish to buy a condo as a principal residence, but not for investors who want to expand into the condominium market. Investing in condominiums is not about being caught up in the mass hysteria of lining up to buy a pre-construction unit in a hot neighbourhood and hopefully flipping it at a profit when it's built. On the contrary, investing in condos can be a very good way to generate solid returns when done according to the proven strategies outlined in the book. Investing in Condominiums will show readers the ins and outs of profitable condo investing by sticking to investing fundamentals, carrying out proper due diligence, and having an exit plan. Pre-construction condominiums, especially in Toronto and Vancouver are sought-after by both Canadian and international investors. The stable economy, low-interest rate environment, and appreciating values are a recipe for investor success. Investing in Condominiums gives Canadian investors the nuts and bolts of undertaking such an investment based on real-life examples and expert knowledge. By reading this book, the investor can proceed with full confidence knowing that they are asking the right questions, doing the math, and assembling the right team of experts that will help them realize their investment goals.

☐ **SMOKE AND FIRE, THE CHINESE OF MONTREAL** Kwok-bun Chan, 2023-06-26 Now distributed by Brill for The Chinese University Press This book is, in fact, a study of human survival. It describes the Chinese immigrants in Montreal, Canada, as they encounter racial discrimination. It begins with the arrival of the first batch of Cantonese, in the 1850s, in Victoria, British Columbia, and ends, in the late 1970s and 1980s, in Montreal. Like Vancouver and Toronto, Montreal saw the influx of two contrasting groups of Chinese: refugees of Chinese descent from Indo-China, and economic migrants from Hong-Kong. The book uses oral history and in-depth interview material, in documenting the costs of racism on the one hand, and the strategies for adaptation on the other. The author argues that the kind of racism the Chinese in Montreal have been subjected to is a systematic one. This book is now distributed by Brill for The Chinese University Press.

☐ **PREDICASTS F & S INDEX**, 1990

☐ **LANDSCAPES OF INJUSTICE** Jordan Stanger-Ross, 2020-08-20 In 1942, the Canadian government forced more than 21,000 Japanese Canadians from their homes in British Columbia. They were told to bring only one suitcase each and officials vowed to protect the rest. Instead, Japanese Canadians were dispossessed, all their belongings either stolen or sold. The definitive statement of a major national research partnership, Landscapes of Injustice reinterprets the internment of Japanese Canadians by focusing on the deliberate and permanent destruction of home through the act of dispossession. All forms of property were taken. Families lost heirlooms and everyday possessions. They lost decades of investment and labour. They lost opportunities, neighbourhoods, and communities; they lost retirements, livelihoods, and educations. When Japanese Canadians were finally released from internment in 1949, they had no homes to return to. Asking why and how these events came to pass and charting Japanese Canadians' diverse responses, this book details the implications and legacies of injustice perpetrated under the cover of national security. In Landscapes of Injustice the diverse descendants of dispossession work together to understand what happened. They find that dispossession is not a chapter that closes or a period that neatly ends. It leaves enduring legacies of benefit and harm, shame and silence, and resilience and activism.
