**Every Shot Must Have a Purpose** Pia Nilsson,Lynn Marriott,Ron Sirak,2005-09-22 Two legendary coaches give golfers a powerful new approach to the game... and to life. As coaches to some of golf's top players, Pia Nilsson and Lynn Marriott have designed and refined a revolutionary way of teaching the game, with phenomenal results. They don't believe in prescribing the same stance, grip, and swing to everyone, followed by hours of purposeless drilling. They don't even believe in beginning with physical technique. Their success has proven to them that a great game begins with a great vision. Unlike any other golf book, Every Shot Must Have a Purpose offers cutting-edge techniques for integrating the physical, technical, mental, emotional, and social parts of a player's game. The book's revolutionary pre-shot routine will improve your focus, leading to a golf swing that is not only successful but can be repeated under extreme pressure. Emphasizing the individual golfer rather than a rigid set of mechanics, their VISION54 method takes the frustration out of the game. Why 54? Because they believe it's possible to shoot a 54 (making a birdie on every hole of a par-72 course) if you have the right mind-set and well-honed intuitive power. An engaging read for the beginner or the seasoned golfer, Every Shot Must Have a Purpose is inspiration for life, not just the links.

Dream Golf Stephen Goodwin, 2010-06-01 Mike Keiser followed his instincts to build courses that speak to golf as a rugged adventure. Steve Goodwin's spirited book will speak to the golfing soul in you. –Lorne Rubenstein, columnist for The Globe and Mail (Canada) and author of A Season in Dornoch On a wild, windblown bluff high above the Pacific sits one of America's premier golfing destinations, Bandon Dunes. Golf enthusiast Mike Keiser had the dream of building this British-style links course on a stretch of Oregon's rugged coast, and Dream Golf is the first all-inclusive account of how he turned his passion into a reality. Now, in this updated and expanded edition, golf writer Stephen Goodwin revisits Bandon Dunes and introduces readers to Keiser's latest effort there, a new course named Old Macdonald that will present golfers with a more rugged, untamed version of the game. This new approach to the sport is, in fact, a return to the game's origins,

with a very deep bow to Charles Blair Macdonald (1856 –1939), the father of American golf course architecture and one of the founders of the U.S. Golf Association. This highly anticipated fourth course, designed by renowned golf course architect Tom Doak along with Jim Urbina – as detailed in *Dream Golf* – will further enhance Bandon Dunes' reputation as a place where golf really does seem to capture the ancient magic of the game.
