HTML5 Advertising John Percival,2013-02-03 Web advertising is changing. What was once a predominantly Flash-based medium is making the switch to HTML5, with the benefit of a plug-in free environment giving a larger audience for ads, and better integration with the page they are featured on. We live in a time where marketers, designers, and developers are confused as to what they can and can't do on different devices, browsers, and operating systems. What better way to finally make sense of it all, than by stepping through the entire campaign process on your own terms? HTML5 Advertising will educate you on the whole digital advertising process from start to finish, and help you take advantage of new HTML5 features such as canvas, CSS3 animations, DOM events, audio and video, and offline storage. You'll also learn how to get around discrepancies in browser support with JavaScript and polyfills. You will be provided with tips and tricks to better optimize content across screens and make the most successful campaign with the lightest footprint possible, which is especially important when deploying to mobile devices. Voyage to the Star Kingdom Anne Riley,2016-01-08 In the small community of Village-Upon-Stone, a storm settles solely over the house of a beloved family. Instead of leading their normal, happy life, the family-a father, a mother, and three young daughters-must battle fierce winds and torrential rain. The other villagers come to the family's aid, but it's no use against the rapidly rising waters. The family and their neighbors pray to the Star King for relief. They know he is good, but they have never endured such a storm; what if he does not send help? But he does, and after the family receives the Star King's gifts, he sends an Angelfish to invite them to a grand banquet at the Radiant Palace. The family is thrilled, but the Star King has asked that the two youngest daughters travel to his kingdom first, with the rest of the family to follow afterwards. The family is alarmed by this request, but the Angelfish reminds them that the Star King does not always do things in the usual way, and they will be with their daughters again sooner than they think. They trust the Star King, so they send the daughters to his kingdom in a makeshift boat led by the Angelfish. On their voyage, the girls experience beauty, darkness, and fear, but eventually reach the Star Kingdom, which immediately feels like home-and the people who greet them there are the greatest surprises of all. Inspired by a real-life family, Voyage to the Star Kingdom is a vivid reminder that our stories don't end with death, and that the King is indeed making all things new. (Storyline collaboration by Amy Grimes and Anne Riley)

Shadows of the Hidden Anne Riley,2012-12-01 Natalie Watson doesn't believe her parents are dead, even though they disappeared five years ago. Discovering the truth about their fate is one of the only things that gets her out of bed in the morning. But after moving from her home in Georgia to her aunt's boarding school in Maine, solving the mystery of her parents' whereabouts is just one of several challenges she must face. When she's not fending off attacks from the popular kids, she puzzles over the rumors about a strange boy in her math class--one with fiery red hair who rarely speaks. Despite suspicions that he murdered his sister a year earlier, Natalie finds it impossible to stay away from Liam Abernathy--especially when he confesses to knowing something about her parents. Soon she's following him into the forest, where things happen she doesn't understand...things that shouldn't be possible. Natalie soon realizes her connection to Liam is deeper than she ever imagined, and not everyone she counts as a friend can be trusted. When she finds herself at the center of a centuries-old quest for immortality, she must work with Liam to stay alive--even if it means facing a truth about herself and her family that will not only shake her perception of herself, but of the entire world around her

Bluff Park Heather Jones Skaggs,2013 The community of Bluff Park is home to a variety of residents, ranging from retirees to working families. Historically speaking, Bluff Park was first developed as a mountain resort and summer vacation site. Gardner Cole Hale bought the mountain property in the 1860s and called it Hale Springs. One of the first recorded uses of the name Bluff Park was with the Bluff Park Hotel, built in 1907. After its resort days, the area became more residential. Several of the founding families in Bluff Park settled on the mountain, building homes and farms. One such family, the Hales, ran a lumber mill, a cotton gin, and an icehouse. The Tyler family ran a large dairy farm after they moved to the area around 1888. The community school started around 1899 as a one-room schoolhouse and church, and Bluff Park Elementary is now one of the top elementary schools in the city of Hoover.
