Google Apps: The Missing Manual Nancy

Conner, 2008-05-27 Among its many amazing applications, Google now has web-based alternatives to many of the applications in Microsoft Office. This comprehensive and easy-to-follow new book enables you to explore Google's new office applications in detail. Once you do, you'll be in good company -- more than 100,000 small businesses and some corporations are already looking to take advantage of these free Google offerings.
