Gargoyles Gone AWOL Clementine Beauvais, 2015-02-24 Where have all the gargoyles gone? Cambridge's number one supersleuth, Sesame Seade, is back and out to catch a thief! When several ferocious gargoyles go missing from the Cambridge university rooftops, Sesame is soon looking for clues at dangerous and dizzying heights. But there's plenty for her to investigate at ground level too, as a spooky set of footprints, a midnight tsunami of scurrying mice, and a bout of strange behavior from Sesame's cat, Peter Mortimer, all point to even more nefarious activity around town. Can Sesame sort it all out before more gargoyles go AWOL? In this riotous follow-up to *Sleuth on Skates*, the whole gang -- including Mr. Halitosis -- is back as Sesame pits her wits against a truly devious burglar and a second troublemaker who's been up to no good--right under Sesame's nose!

Audrey's Gone AWOL Annie de Monchaux, 2024-04-03 'Shirley Valentine for the new millennium. This is my book of the year.' – Louise Allan, author of *The Sisters' Song* It's never too late to reinvent your life Audrey Lamont has happily devoted herself to family life for the best part of 40 years, but lately she's become aware that she lost herself somewhere between 'I do' and the weekly shop. Worse, her academic husband Simon has found time for romance – just not with Audrey. Feeling invisible to everyone, even herself, she flees to her aunt's home in rural France. While waiting for her sudden absence to spark a change of heart in Simon, Audrey finds solace in the charms of the French countryside and the company of her aged aunt and a cast of eccentric Bretons. But soon Audrey discovers going AWOL might do more than save her marriage, it might change her life ... Audrey's *Gone AWOL* is a funny and beautifully observed story about losing yourself, finding yourself, and discovering joy. Praise for Audrey's *Gone AWOL* 'a wonderful novel brimming with quaint vignettes of village life and keen observations on love, death and living authentically...a delight that will warm

your heart' – Books+Publishing 'At once savvy and funny and wise, full of insights into the heart and power of the middle-aged woman. Mental Camouflage Peggy Simpson, 2021-08-30 James experienced multiple traumatic events, beginning from the time he was a young boy, culminating with his military service in the Ulster Defense Regiment (UDR) in Northern Ireland. Upon his discharge from the UDR, James became a breakfast chef. However, the impact of all that led up to his CPTSD left him emotionally crippled and unable to hold down a steady job. In addition to professional counseling provided by the military, writing about the many causations that ultimately left James with CPTSD has helped tremendously to

loosen the power this disease has held over him for so many years. James is now able to walk alongside others in the military who are on the road to healing. He looks forward to speaking into the lives of those who are suffering with PTSD.

AWOL Traci Harding, 2015-02-01 Fate is open to intervention. The timekeepers return to the Astro-Marine Institute Explorer (AIME) to stop their nemesis interfering with the departure of an otherworldly being currently residing on Oceane. They agree to regroup one week before the interference is due to take place - but one team member seems to be taking an unofficial detour. An opportunity to prevent the incident altogether arises four years before the rendezvous. But to revisit this instance would be to betray many of the timekeepers and set them at war with one another. To end all the ancient curses at the root of the disputes between star systems, to pave the way for psychic freedom and achieve AMIE's primary objective, one team member will break the principal rule of timekeeping and quantum jump into their history alone.

The Coronavirus Pandemic Larry Murphy, 2020-09-04 This book is about the coronavirus pandemic (COVID-19) in the United States without a qualified national leader in the Oval Office to lead the country in handling this pandemic, and exactly why the American people need to get him and Congressional Republicans backing and defending his foolishness and recklessness out of office. Then You Were Gone Claire Moss, 2015-07-30 Could you leave the one you love? Mack was that

guy, the one who had it all. The looks, the charm and that twinkle in his clear blue eyes. Yet, after those first few moments of meeting him, Simone just knew he was the one. Four days ago, Mack told Simone he loved her – and then disappeared without a trace.

The Prediction of AWOL, Military Skills, and Leadership Potential Eugene H. Drucker, Shepard Schwartz, 1973 SIFIED AFTER 90 DAYS IN THEIR INITIAL UNIT ASSIGNMENT. AWOL and Non-AWOL soldiers were then compared to determine whether certain factors could be used to predict which soldiers would go AWOL, or could predict ratings of acquired military skills and of leadership potential. The results indicate that AWOL and Non-AWOL subjects differed on personality, education, intelligence, aptitude, and military component. No differences were found in attitude toward the Army, race, or physical status. AWOL and Non-AWOL subjects differed in age during initial unit assignment, but only among 17- and 18-year-old soldiers during basic combat training. Only 19-year-old and older subjects differed in career orientation. In general, the same factors that were related to AWOL were related also to military skill and leadership potential. (Author).
