Carol A. Hess

**Broadway Actors in Films, 1894-2015** Roy Liebman, 2017-02-06 Many Broadway stars appeared in Hollywood cinema from its earliest days. Some were 19th century stage idols who reprised famous roles on film as early as 1894. One was born as early as 1829. Another was cast in the performance during which Abraham Lincoln was assassinated. One took her stage name from her native state. Some modern-day stars also began their careers on Broadway before appearing in films. This book details the careers of 300 performers who went from stage to screen in all genres of film. A few made only a single movie, others hundreds. Each entry includes highlights of the performer's career, a list of stage appearances and a filmography.

**New Deal Cowboy** Michael Duchemin, 2016-09-22 Best known to Americans as the "singing cowboy," beloved entertainer Gene Autry (1907-1998) appeared in countless films, radio broadcasts, television shows, and other venues. While Autry's name and a few of his hit songs are still widely known today, his commitment to political causes and public diplomacy deserves greater appreciation. In this innovative examination of Autry's influence on public opinion, Michael Duchemin explores the various platforms this cowboy crooner used to support important causes, notably Franklin D. Roosevelt's New Deal and foreign policy initiatives leading up to World War II. As a prolific performer of western folk songs and country-western music, Autry gained popularity in the 1930s by developing a persona that appealed to rural, small-town, and newly urban fans. It was during this same time, Duchemin explains, that Autry threw his support behind the thirty-second president of the United States. Drawing on a wealth of primary sources, Duchemin demonstrates how Autry popularized Roosevelt's New Deal policies and made them more attractive to the American public. In turn, the president used the emerging motion picture industry as an instrument of public diplomacy to enhance his policy agendas, which Autry's films, backed by Republic Pictures, unabashedly endorsed. As the United States inched toward entry into World War II, the president's focus shifted toward foreign policy. Autry responded by promoting Americanism, war preparedness, and friendly relations with Latin America. As a result, Duchemin argues, "Sergeant Gene Autry" played a unique role in making FDR's internationalist policies more palatable for American citizens reluctant to engage in another foreign war. *New Deal Cowboy* enhances our understanding of Gene Autry as a western folk hero who, during critical times of economic recovery and international crisis, readily assumed the role of public diplomat, skillfully using his talents to persuade a marginalized populace to embrace a nationalist agenda. By drawing connections between western popular culture and American political history, the book also offers valuable insight concerning the development of leisure and western tourism, the information industry, public diplomacy, and foreign policy in twentieth-century America.

**The Power of We** Jonathan M. Tisch, Karl Weber, 2004-08-27 Praise for *The Power of We* In *The Power of We*, Jonathan Tisch reminds us again that working together still yields the best results. Jon has spent a lifetime mobilizing people and organizations to get a job done in business and in civic service. His experience, optimism, intelligence, and common sense are reflected in this fresh look at the rewards of partnerships. -President Bill Clinton *The Power of We* offers a clear and compelling lesson in how today's business leaders can create new synergies and gain competitive advantage by learning how to partner successfully. -Kenneth I. Chenault, Chairman and CEO, American Express Company Jon Tisch has lived the strategy he describes in *The Power of We*, and now this extraordinary man and successful leader shares his strategy with us. Building partnerships at all levels-social, intellectual, and political, as well as entrepreneurial-will be one of the keys to progress in the coming decades. Jon Tisch provides a road map for those who grasp that reality. -John Sexton, President, New York University Being a leader requires vision, focus, and influence. Jonathan Tisch has exhibited all three in this great body of work about what it takes to be a partner and something bigger than yourself. *The Power of We* is a must read. -Pat Riley, President, the Miami HEAT

***Power in a Changing World Economy*** Benjamin J. Cohen, Eric M.P. Chiu, 2013-10-30 This book is about power in a changing world economy. Though power is ubiquitous in the study of International Political Economy, the concept is underdeveloped in formal theoretical terms. This collection of essays analyses recent experience in East Asia to advance our theoretic understanding of state power in IPE. Over the last quarter century, no other region of the world has had a greater impact on the global distribution of economic resources and capabilities. China, with its peaceful rise, now stands as the second largest national economy on the face of the earth; South Korea and Taiwan have become industrial powerhouses; Hong Kong and Singapore are among the world's most important financial centres; and new poles of growth have emerged in several southeast Asian countries - all while Japan, long the region's dominant market, has slipped into seemingly irreversible decline. The volume's nine essays, contributed by leading scholars in the United States, Britain and Taiwan, aim to extract relevant inferences and insights from these developments for the study of state power. All are framed by a core agenda encompassing four key clusters of questions concerning the meaning, sources, uses, and limits of power. These essays ask: What new lessons are offered for power analysis in International Political Economy?

***An Index to Articles Published in The Etude Magazine, 1883-1957, Part 2*** Pamela Richardson Dennis, 2011-01-01 Annotation: The Index is published in two physical volumes and sold as a set for \$250.00. As America's geography and societal demands expanded, the topics in *The Etude* magazine (first published in 1883) took on such important issues as women in music; immigration; transportation; Native American and African American composers and their music; World War I and II; public schools; new technologies (sound recordings, radio, and television); and modern music (jazz, gospel, blues, early 20th century composers) in addition to regular book reviews, teaching advice, interviews, biographies, and advertisements. Though a valued source particularly for private music teachers, with the de-emphasis on the professional elite and the decline in salon music, the magazine ceased publication in 1957. This Index to the articles in *The Etude* serves as a companion to E. Douglas Bomberger's 2004 publication on the music in *The Etude*. Published a little over fifty years after the final issue reached the public, this Index chronicles vocal and instrumental technique, composer biographies, position openings, department store orchestras, the design of a successful music studio, how to play an accordion, recital programs in music schools, and much more. The Index is a valuable tool for research, particularly in the music culture of American in the late nineteenth and early twentieth centuries. With titles of these articles available, the doors are now open for further research in the years to come.

**Representing the Good Neighbor** Carol A. Hess, 2013-06-26 Winner of the 2015 Robert M. Stevenson Award from the American Musicological Society In *Representing the Good Neighbor: Music, Difference, and the Pan American Dream*, Carol A. Hess investigates the reception of Latin American art music in the US during the twentieth century. Hers is the first study to probe Latin American art music in relation to Pan Americanism, or the idea that the American nations are bound by common aspirations. Under the Good Neighbor policy, crafted by the administration of President Franklin D. Roosevelt to cement hemispheric solidarity amid fears of European fascism, Latin American art music flourished and US critics applauded it as universal. During the Cold War, however, this repertory assumed a very different status. While the United States supported Latin American military dictators to assuage fears that communism would overwhelm the hemisphere, musical works were increasingly objectified through essentializing adjectives such as exotic, distinctive, or national--through the filter of difference. Hess explores this phenomenon by tracking the reception in the United States of the so-called Big Three: Carlos Chávez (Mexico), Heitor Villa-Lobos (Brazil), and Alberto Ginastera (Argentina). She also evaluates several important US composers and critics-Copland, Thomson, Rosenfeld, and others-in relation to Pan Americanism, and offers a new interpretation of a work about Latin America by US composer Fredric Rzewski, *36 Variations on The People United Will Never Be Defeated!* Whether discussing works performed in modern music concerts of the 1920s, at the 1939 World's Fair, the inauguration of the New York State Theater in 1966, or for the US Bicentennial, Hess illuminates ways in which North-South relations continue to inform our understanding of Latin American art music today. As the first book to examine in detail the critical reception of

Latin American music in the United States, *Representing the Good Neighbor* promises to be a landmark in the field of American music studies, and will be essential reading for students and scholars of music in the US and Latin America during the twentieth-century. It will also appeal to historians studying US-Latin America relations, as well as general readers interested in the history of American music.

**Like a Natural Woman** Kirsten Pullen, 2014-08-08 Bathing beauty Esther Williams, bombshell Jane Russell, exotic Carmen Miranda, chanteuse Lena Horne, and talk-show fixture Zsa Zsa Gabor are rarely hailed as great actors or as naturalistic performers. Those terms of praise are given to male stars like Marlon Brando and James Dean, whose gritty dramas are seen as a departure from the glossy spectacles in which these stars appeared. *Like a Natural Woman* challenges those assumptions, revealing the skill and training that went into the work of these five actresses, who employed naturalistic performance techniques, both onscreen and off. Bringing a fresh perspective to film history through the lens of performance studies, Kirsten Pullen explores the ways in which these actresses, who always appeared to be “playing themselves,” responded to the naturalist notion that actors should create authentic characters by drawing from their own lives. At the same time, she examines how Hollywood presented these female stars as sex objects, focusing on their spectacular bodies at the expense of believable characterization or narratives. Pullen not only helps us appreciate what talented actresses these five women actually were, but also reveals how they sought to express themselves and maintain agency, even while meeting the demands of their directors, studios, families, and fans to perform certain feminine roles. Drawing from a rich collection of classic films, publicity materials, and studio archives, *Like a Natural Woman* lets us take a new look at both Hollywood acting techniques and the performance of femininity itself.

**A Family Under God, Form #17.001** Brooky Stockton, 2020-02-06 How to implement families consistent with God's Word Sovereignty Education and Defense Ministry (SEDM) is expressly authorized to be republish this document on Google Book and Google Play and elsewhere by the author at the following location on the author's website: DMCA/Copyright, Section 10 <https://nikeinsights.famguardian.org/footer/dmccopyright/> For reasons why NONE of our materials may legally be censored and violate NO Google policies, see: <https://sedm.org/why-our-materials-cannot-legally-be-censored/>

**The Last Good Neighbor** Eric Zolov, 2020-05-08 In *The Last Good Neighbor* Eric Zolov presents a revisionist account of Mexican domestic politics and international relations during the long 1960s, tracing how Mexico emerged from the shadow of FDR's Good Neighbor policy to become a geopolitical player in its own right during the Cold War. Zolov shows how President Adolfo López Mateos (1958–1964) leveraged Mexico's historical ties with the United States while harnessing the left's passionate calls for solidarity with developing nations in a bold attempt to alter the course of global politics. During this period, Mexico forged relationships with the Soviet Bloc, took positions at odds with US interests, and entered the scene of Third World internationalism. Drawing on archival research from Mexico, the United States, and Britain, Zolov gives a broad perspective on the multitudinous, transnational forces that shaped Mexican political culture in ways that challenge standard histories of the period.

**FDR's Good Neighbor Policy** Fredrick B. Pike, 2010-07-22 A study of how and why US-Latin American relations changed in the 1930s: “Brilliant . . . [A] charming and perceptive work.” —*Foreign Affairs* During the 1930s, the United States began to look more favorably on its southern neighbors. Latin America offered expanded markets to an economy crippled by the Great Depression, while threats of war abroad nurtured in many Americans isolationist tendencies and a desire for improved hemispheric relations. One of these Americans was Franklin Delano Roosevelt, the primary author of America's Good Neighbor Policy. In this thought-provoking book, Bolton Prize winner Fredrick Pike takes a wide-ranging look at FDR's motives for pursuing the Good Neighbor Policy, how he implemented it, and how its themes played out up to the mid-1990s. Pike's investigation goes far beyond standard studies of foreign and economic policy. He explores how FDR's personality and Eleanor Roosevelt's social activism made them uniquely simpático to Latin Americans. He also demonstrates how Latin culture flowed north to influence U.S. literature, film, and opera. This book is essential reading for everyone interested in hemispheric relations.

**The Good Neighbor Guidebook for Colorado** Nancy S. Greif, Erin J. Johnson, 2000 The West is changing, and these days natives and newcomers alike need a lot of basic information to cope with issues that arise from increasing population and changing land-use regulations on both the local and federal levels. *The Good Neighbor Guidebook for Colorado* is an essential resource for anyone living in Colorado today. Arising from a seminar organized by the authors in Durango, this valuable collection features articles by some thirty-five expert contributors, ranging from builders to lawyers to land-use specialists and more. The book focuses on land stewardship; basics of Colorado law; working with local governments; issues of recreation, public lands, and tribal lands; protecting our western heritage; and avoiding and resolving problems. In Colorado, at the turn of the 21st century, the trend seems to be away from traditional, strong, relationship-based communities toward pseudo-communities that often are a collection of short-term alliances to fight common enemies. The re-establishment of strong neighbor relationships, with appreciation not only for shared values but for diverse opinions, can reverse this unfortunate trend. *The Good Neighbor Guidebook for Colorado* offers every citizen the tools to build better communities.

**Annual Report** New York (State). Dept. of Agriculture, 1906

**The Good Neighbor** Mary E. Stuckey, 2013-11-01 No modern president has had as much influence on American national politics as Franklin D. Roosevelt. During FDR's administration, power shifted from states and localities to the federal government; within the federal government it shifted from Congress to the president; and internationally, it moved from Europe to the United States. All of these changes required significant effort on the part of the president, who triumphed over fierce opposition and succeeded in remaking the American political system in ways that continue to shape our politics today. Using the metaphor of the good neighbor, Mary E. Stuckey examines the persuasive work that took place to authorize these changes. Through the metaphor, FDR's administration can be better understood: his emphasis on communal values; the importance of national mobilization in domestic as well as foreign affairs in defense of those values; his use of what he considered a particularly democratic approach to public communication; his treatment of friends and his delineation of enemies; and finally, the ways in which he used this rhetoric to broaden his neighborhood from the limits of the United States to encompass the entire world, laying the groundwork for American ideological dominance in the post-World War II era.

**Guantanamo** Jana K. Lipman, 2008-12-02 Guantánamo has become a symbol of what has gone wrong in the War on Terror. Yet Guantánamo is more than a U.S. naval base and prison in Cuba, it is a town, and our military occupation there has required more than soldiers and sailors—it has required workers. This revealing history of the women and men who worked on the U.S. naval base in Guantánamo Bay tells the story of U.S.-Cuban relations from a new perspective, and at the same time, shows how neocolonialism, empire, and revolution transformed the lives of everyday people. Drawing from rich oral histories and little-explored Cuban archives, Jana K. Lipman analyzes how the Cold War and the Cuban revolution made the naval base a place devoid of law and accountability. The result is a narrative filled with danger, intrigue, and exploitation throughout the twentieth century. Opening a new window onto the history of U.S. imperialism in the Caribbean and labor history in the region, her book tells how events in Guantánamo and the base created an ominous precedent likely to inform the functioning of U.S. military bases around the world.

**English Proverbs and Sayings Dictionary** Daniel B. Smith, 2023-07-04 The main objective of this book is to provide you an impressive and invaluable collection of English proverbs and sayings with their explanations included, so as to enrich your English knowledge. A proverb is a simple, concrete, traditional saying that expresses a perceived truth based on common sense or experience. Proverbs are often metaphorical and use formulaic language. Collectively, they form a genre of folklore. Knowing these proverbs and sayings will

enhance your English skills. Thus you will be able to communicate better. Proverbs are found in a wide variety of contexts. You may have noticed them in songs, in film titles or even in newspaper headlines. It is important to remember that proverbs and sayings are sometimes used when speaking both formally and informally. This book has more than 1,400 proverbs and sayings for you to discover or rediscover. At the end of this book, as a bonus for you, I have chosen and wrote 327 most famous English quotations. You may find them quite inspiring...

Becoming a Good Neighbor among Dictators Jorrit van den Berk,2017-12-28 Very few works of history, if any, delve into the daily interactions of U.S. Foreign Service members in Latin America during the era of Roosevelt’s Good Neighbor Policy. But as Jorrit van den Berk argues, the encounters between these rank-and-file diplomats and local officials reveal the complexities, procedures, intrigues, and shifting alliances that characterized the precarious balance of U.S. foreign relations with right-wing dictatorial regimes. Using accounts from twenty-two ministers and ambassadors, *Becoming a Good Neighbor among Dictators* is a careful, sophisticated account of how the U.S. Foreign Service implemented ever-changing State Department directives from the 1930s through the Second World War and early Cold War, and in so doing, transformed the U.S.-Central American relationship. How did Foreign Service officers translate broad policy guidelines into local realities? Could the U.S. fight dictatorships in Europe while simultaneously collaborating with dictators in Guatemala, El Salvador, and Honduras? What role did diplomats play in the standoff between democratic and authoritarian forces? In investigating these questions, Van den Berk draws new conclusions about the political culture of the Foreign Service, its position between Washington policymakers and local actors, and the consequences of foreign intervention.

**The Dismantling of the Good Neighbor Policy** Bryce Wood,2010-07-22 The Good Neighbor Policy was unique: a great power obligated itself not to use force in its dealings with twenty smaller powers and not to interfere in their domestic politics. It was a policy that lasted, with some perturbations, for twenty years: instituted by President Roosevelt in 1933 and carried out effectively from 1933 to 1943 by word and action, maintained during the Second World War largely as a result of British concern for continuance of Argentine beef exports, codified in the Charter of the Organization of American States in 1948, and reasserted by Truman and Acheson in 1950–51, it was covertly repudiated in Guatemala in 1954 by Eisenhower and the Dulles brothers, and not so secretly by Kennedy in the disastrous Bay of Pigs invasion of 1961. Openly shattered in the Dominican Republic by Johnson in 1965, it has since been completely abandoned in favor of the usual relationships between large and small powers. Working with documents from the Public Records Office in London and the National Archives, with recently released materials from the U.S. Department of State, and with secondary sources, Bryce Wood describes the temptations laid before the leaders of one powerful state by its occasionally recalcitrant neighbors, and the ways of reacting that were found. Having told half the story in his *The Making of the Good Neighbor Policy*, Wood now concludes it in the present volume. One of the chief casualties is shown to be the Organization of American States, which since 1954 has found itself badly crippled in its work to promote harmony and continued cooperation among the member states.

**Promoting Good Governance, Development and Accountability** S. Brown-Shafii,2011-04-28 In addressing the politics of the international regulation of public procurement, this book fills a major gap in the literature. Brown-Shafii does this by investigating whether a WTO Agreement can be used to promote good governance, development and accountability.

**Triumph of Good Will** John Drescher,2010-01-06 In the spring of 1960 two talented, capable men, each with great passion and conviction, opposed each other in a pivotal governor's race that was to shake North Carolina and change southern politics forever. Both Terry Sanford and I. Beverly Lake were Democrats in the one-party South of that era. Yet they were different in almost every other way. Lake, a middle-aged law professor, was committed to segregation. Sanford, an ambitious young politician and lawyer, believed in expanding opportunities for all citizens. In their run-off Lake wanted the contest to be a referendum on preserving segregation. Sanford's platform rested on the improvement of public schools. It was a heated struggle that would bind them together for the rest of their lives. With unparalleled access to both sides and an objective correspondent's hindsight view, John Drescher has written the biography of a campaign that set the winning strategy for many who followed, and of a winning candidate, a governor rated as one of the finest of the twentieth century. Sanford, the moderate, won, and his victory is an oddity, for in the civil rights period from 1957 to 1973 only twice in the South did racial moderates defeat strong segregationists in a governor's race. In a gamble that almost cost Sanford the election, he became the first major politician in the Bible Belt to endorse the Catholic John F. Kennedy for president. In the November vote he defeated his Republican opponent in what was then the closest North Carolina governor's race of the century. His win validated his belief in the triumph of good will among North Carolina's people. Sanford became a bold, aggressive governor of unusual energy and creativity. His school program added teachers and dramatically raised teacher pay. He helped establish a statewide system of community colleges and started an anti-poverty fund later emulated by LBJ as a model for the War on Poverty. He was the first southern governor to call for employment without regard to race or creed. Sanford became the model for other southern governors who stressed education and a moderate stand on race relations. He influenced other gubernatorial candidates across Dixie -- Jim Hunt in his own state, William Winter in Mississippi, Dick Riley in South Carolina, Bill Clinton in Arkansas. The effects of that 1960 race continue to be felt in North Carolina, in the South, and across the nation.

Goodneighbor 131 Introduction

In todays digital age, the availability of Goodneighbor 131 books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Goodneighbor 131 books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Goodneighbor 131 books and manuals for download is the

cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Goodneighbor 131 versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Goodneighbor 131 books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether youre a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Goodneighbor 131 books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Goodneighbor 131 books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Goodneighbor 131 books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a

vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Goodneighbor 131 books and manuals for download and embark on your journey of knowledge?

FAQs About Goodneighbor 131 Books

**What is a Goodneighbor 131 PDF?** A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a Goodneighbor 131 PDF?** There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a Goodneighbor 131 PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a Goodneighbor 131 PDF to another file format?** There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a Goodneighbor 131 PDF?** Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. How do I compress a PDF file? You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or

various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
