- 📖 **MINIMALIST PARENTING** Christine K. Koh,Asha Dornfest,2016-10-04 We're in the midst of a parenting climate that feeds on more. More expert advice, more gear, more fear about competition and safety, and more choices to make about education, nutrition, even entertainment. The result? Overwhelmed, confused parents and overscheduled, overparented kids. In MINIMALIST PARENTING, Christine Koh and Asha Dornfest offer a fresh approach to navigating all of this conflicting background noise. They show how to tune into your family's unique values and priorities and confidently identify the activities, stuff, information, and people that truly merit space in your life. The book begins by showing the value of a minimalist approach, backed by the authors' personal experience practicing it. It then leads parents through practical strategies for managing time, decluttering the home space, simplifying mealtimes, streamlining recreation, and prioritizing self-care. Filled with parents' personal stories, readers will come away with a unique plan for a simpler life.
- 📖 **STRIKE FOR THE COMMON GOOD** Rebecca Kolins Givan,Amy Schrager Lang,2020-10-08 In February 2018, 35,000 public school educators and staff walked off the job in West Virginia. More than 100,000 teachers in other states—both right-to-work states, like West Virginia, and those with a unionized workforce—followed them over the next year. From Arizona, Kentucky, and Oklahoma to Colorado and California, teachers announced to state legislators that not only their abysmal wages but the deplorable conditions of their work and the increasingly straitened circumstances of public education were unacceptable. These recent teacher walkouts affirm public education as a crucial public benefit and understand the rampant disinvestment in public education not simply as a local issue affecting teacher paychecks but also as a danger to communities and to democracy. Strike for the Common Good gathers together original essays, written by teachers involved in strikes nationwide, by students and parents who have supported them, by journalists who have covered these strikes in depth, and by outside analysts (academic and otherwise). Together, the essays consider the place of these strikes in the broader landscape of recent labor organizing and battles over public education, and attend to the largely female workforce and, often, largely non-white student population of America's schools.
- 📖 **THINGS THAT MATTER** Joshua Becker,2023-12-12 #1 WALL STREET JOURNAL BESTSELLER • Discover practical steps you can take today to live a life focused on things that matter, from the bestselling author of The More of Less and The Minimalist Home. “Things That Matter points the way to free ourselves from the distractions of everyday life so that we can build the lives we seek to create.”—Gretchen Rubin, author of The Happiness Project Everywhere around you are distractions: that text you respond to quickly, just to get it out of the way. The newest money-making side hustle to cross your mind. The evening spent organizing your overflowing kitchen cupboards. Disruptions are the enemies of a life well lived—both the new distractions of our generation and timeless ones that have existed for centuries. They all add up to make you feel restless, tired, and unfulfilled. They're keeping you from living with joy, from accomplishing the good that only you can do. But that can change today. In Things That Matter, Joshua Becker uses practical exercises, questions, insights from a nationwide survey, and success stories to give you the motivation you need to • identify the pursuits that matter most to you • align your dreams with your daily priorities • recognize how money and possessions keep you from happiness • become aware of how others' opinions of you influence your choices • embrace what you're truly passionate about instead of planning that next escape • figure out what to do with all those emails, notifications, and pings • let go of past mistakes and debilitating habits Things That Matter is a book about living well. It's about overcoming the chatter of a world focused on all the wrong things. It's about rethinking the common assumptions of today to find satisfaction and fulfillment tomorrow. How do we get to the end of our lives with minimal regrets? We set aside lesser pursuits to seek lasting meaning. And we discover the joy of doing it every day.

A homeless woman called Mona-No-Name is missing. Both taken off the street. Both gone without a trace. Julia is determined to find out the reasons behind their disappearances. And she doesn't want to be next...

Felix Fong and his family just moved to San Francisco from a town in the countryside, and they have never seen so many people. Felix's siblings are thrilled by the constant hustle and bustle, but he misses their old house. He liked having grass to play in and a pond to swim in. The city is overwhelming, and it doesn't feel like home. But soon Felix begins to have adventures in San Francisco. He makes friends and even gets a job. Before he knows it, he forgets about being homesick and learns to fall in love with the city.

- 📖 **NOTES FROM MY TRAVELS** Angelina Jolie,2007-11-01 Three years ago, award-winning actress Angelina Jolie took on a radically different role as a Goodwill Ambassador for the UN High Commissioner for Refugees (UNHCR). Here are her memoirs from her journeys to Sierra Leone, Tanzania, Pakistan, Cambodia, and Ecuador, where she lived and worked and gave her heart to those who suffer the world's most shattering violence and victimization. Here are her revelations of joy and warmth amid utter destitution...compelling snapshots of courageous and inspiring people for whom survival is their daily work📖 and candid notes from a unique pilgrimage that completely changed the actress's worldview -- and the world within herself.
- 📖 **OUR SHED** Robert Broder,2021-05-04 A sweet, nostalgic father-daughter story, Our Shed celebrates DIY families as well as the unique creativity and spontaneity of each individual child. This lovely story is about a father teaching his daughter how to build a backyard shed for storing the necessities of family life—a lawn mower, sprinkler, sleds, kid toys. For each practical element the dad brings to the project, his daughter adds her own imaginative creative spin. In the end, they are both happy with their collaboration. And, just as dad passes building skills on to his daughter, so does his daughter eventually pass those skills on to her own son when they fix up the peeling shed at the end of the story. Kids love tools, building things, and spending time with parents. This story hits all those points with love and humor.
- 📖 **SECONDHAND** Adam Minter,2019-11-12 Revelatory, terrifying, but, ultimately, hopeful. -Elizabeth Kolbert, Pulitzer Prize-winning author of The Sixth Extinction From the author of Junkyard Planet, a journey into the surprising afterlives of our former possessions. Downsizing. Decluttering. Discarding. Sooner or later, all of us are faced with things we no longer need or want. But when we drop our old clothes and other items off at a local donation center, where do they go? Sometimes across the country—or even halfway across the world—to people and places who find value in what we leave behind. In Secondhand, journalist Adam Minter takes us on an unexpected adventure into the often-hidden, multibillion-dollar industry of reuse: thrift stores in the American Southwest to vintage shops in Tokyo, flea markets in Southeast Asia to used-goods enterprises in Ghana, and more. Along the way, Minter meets the fascinating people who handle—and profit from—our rising tide of discarded stuff, and asks a pressing question: In a world that craves shiny and new, is there room for it all? Secondhand offers hopeful answers and hard truths. A history of the stuff we've used and a contemplation of why we keep buying more, it also reveals the marketing practices, design failures, and racial prejudices that push used items into landfills instead of new homes. Secondhand shows us that it doesn't have to be this way, and what really needs to change to build a sustainable future free of excess stuff.
- 📖 **THRIFTSTYLE** Allison Engel,Reise Moore,Margaret Engel,2017-09-05 A must-have guide for bargain-hunting fashionistas looking to make a statement without sabotaging their budgets. With this easy-to-use resource, savvy shoppers can cultivate upscale, upcycled wardrobes at thrift and consignment store prices. Shoppers will learn to navigate the racks of their local consignment shop, spot name brands like Versace, Dior, and Burberry, select the best quality items, and repair secondhand clothes that need some love. Photo-filled chapters on thrifted handbags, jewelry, scarves, and other accessories show what's available and give tips for distinguishing quality items from fakes. Interviews with expert tailors, dry cleaners, shoe repair wizards, and fabric-dyeing professionals explain what makes a damaged piece of clothing worth renovating. Before-and-after photos show what can be done to refashion less-than-perfect finds.

2 The Year of Small Things Sarah Arthur,Erin F. Wasinger,2017-01-31 When Sarah and Tom Arthur were appointed to a suburban church after three years in an urban Christian community, they faced a unique challenge: how to translate the practices of radical faith into their new context. Together with their friends and fellow church members Erin and Dave Wasinger, the Arthurs embarked on a yearlong experiment to implement twelve small practices of radical faith--not waiting until they were out of debt or the kids were out of diapers or God sent them elsewhere, but right now. This book is Sarah and Erin's story, told with humor, theological reflection, and practical insight, exploring such practices as simplicity, hospitality, accountability, sustainability, and social justice--but, most of all, discernment. Along the way readers will consider how God might be calling them to embark on their own year of small but radical changes, right where God has planted them. Each chapter includes discussion questions and suggested readings. Foreword by Jonathan Wilson-Hartgrove. For more information, visit [www.YearofSmallThings.com](http://www.YearofSmallThings.com).

2 The Torch Mike Carey,Alex Ross,2010 The original human torch is dead--but what does death mean for an artificial man? The mad thinker is determined to find out, with the reluctant help of the torch's recently resurrected partner Toro. But the thinker's true goals are mad indeed: to use the torch's power for far greater devastation than this villain has ever caused before'--Page 4 of cover.
