Statistics Dept.,2016-01-04 This January 2016 issue of International Financial Statistics (IFS) is a standard source of statistics on all aspects of international and domestic finance. IFS, Balance-of-Payments Statistics, Direction of Trade Statistics, and Government Finance Statistics are available on CD-ROM by annual subscription. The IMF normally determines the currencies that are used in transactions and operations with members. Each quarter, the IMF prepares a financial transactions plan, in which it indicates the amounts of currencies and SDRs to be used during the relevant period. The monthly printed issue of IFS reports current monthly, quarterly, and annual data, while the yearbook reports 12 observations of annual data. In IFS, exchange rates are expressed in time series of national currency units per SDR and national currency units per US dollar, or vice versa.

The Billionaire Buddha Jane Monica-Jones,2019-05-21 Finally ... Financial Therapy for your bank balance! There is a 'collective secret' that says, we should all have a good handle on money as we grow into adulthood. Yet we are generally never taught about managing money let alone how our individual psychology may affect our relationship with it. Money is one of the most profound relationships in our lives. Of which most of us we have not received true guidance, support and any profound understanding of how money can and will trigger our emotional landscape. The Billionaire Buddha repairs this often broken relationship and builds a sense of inner security beyond what is happening to us financially. From here we grow in trust in ourselves, to provide all that we need in our lives. The Billionaire Buddha is a step by step guide to understanding our unique relationship with money. It uncovers the hidden drives, beliefs and behaviours that make us stress about money • under manage our money • compulsively spend • makes us envious of other's wealth • overwork or underearn • have crazy debt • stress about our mortgage • can't save or budget • gamble heavily • makes us afraid to take some financial risk • make bad

investments • fixate on money and manifesting • believe our self-worth is affecting our net-worth • argue with our partner about money • fear for our retirement • believe our level of money is a definition of our value as a human being • make us feel like we are constantly striving but only surviving • beat ourselves up for not being richer and, and, and the rest! In this therapeutic book we unpack at our early upbringings (our Attachment Relationships) with money and how this has laid the foundation of how we relate to our finances. Through the Billionaire Buddha 28 Day Challenge, we analysis our specific relationship with money, deconstruct our beliefs and behaviours and ultimately build a healthy foundation, that serves both the self and our bank balance. Most ‘money books’ are Financial Education tools – providing knowledge, skills, aptitude and educational resources to take more control over our economic lives. The Billionaire Buddha is about Economic Empowerment. Improving the attitudes, behaviours, beliefs, triggers, recovery from financial trauma, resilience and psychological well being in order to take more control over our economic lives. When one feels Economically Empowered... they feel they have the capability and capacity to improve their financial well being • are better able to have control over their day-to-day, month to-month finances • they are less vulnerable to economic abuse • have more psychological capacity to absorb financial shock • they have the psychological resilience to recover from financial trauma • their belief in their ability to achieve financial self-efficacy increases • are able to model and teach their children about Economic Empowerment • are better able to focus and stay on track to meet financial goals. Plus, most ‘money book’ educational strategies work if you have the same temperament, personality, disposition risk profile or circumstances as the author. This book is designed so that you, the reader discovers what your unique money psychology is ... and then get that working for you, financially. The Billionaire Buddha covers the big subjects... Money & Pain – Money & Shame – Money & Power – Money & The Saboteur Jane Monica-Jones is a Psychotherapist, Financial Therapist and Financial Counsellor. She believes money is one of the most profound relationships in our lives. For most of us, we have received little or no true guidance, support and any profound understanding of how money can and will trigger our psychological and emotional landscape. Through Jane’s work she seeks to repair this often broken relationship and builds a sense of inner security beyond what is happening to us financially. From here we develop trust in ourselves to provide all that we need in our lives – to go beyond surviving to thriving.
