Graffiti Scratched, Scrawled, Sprayed Ondřej Skrabal, Leah Mascia, Ann Lauren Osthof, Malena Ratzke, 2023-12-04 Over the last two decades, the study of graffiti has emerged as a bustling field, invigorated by increased appreciation for their historical, linguistic, sociological, and anthropological value and propelled by ambitious documentation projects. The growing understanding of graffiti as a perennial, universal phenomenon is spurring holistic consideration of this mode of graphic expression across time and space. *Graffiti Scratched, Scrawled, Sprayed: Towards a Cross-Cultural Understanding* complements recent efforts to showcase the diversity in creation, reception, and curation of graffiti around the globe, throughout history and up to the present day. Reflecting on methodology, concepts, and terminology as well as spatial, social, and historical contexts of graffiti, the book's fourteen chapters cover ancient Egypt, Rome, Northern Arabia, Persia, India, and the Maya; medieval Eastern Mediterranean, Turfan, and Dunhuang; and contemporary Tanzania, Brazil, China, and Germany. As a whole, the collection provides a comprehensive toolkit for newcomers to the field of graffiti studies and appeals to specialists interested in viewing these materials in a cross-cultural perspective.

Pilgrims' Castle ('Atlit), David's Tower (Jerusalem) and Qal'at ar-Rabad ('Ajlun) C.N. Johns, Denys Pringle, 2019-05-23 First published in 1997, this collection includes papers on Crusader-era architecture in Palestine with a focus on 'Atlit, the castle of 'Ajlun and on the Citadel of Jerusalem, both the papers and sites of which have previously been difficult to access. The volume is presented partly to repair the very real deficit in the literature on Crusader architecture and partly as a fitting memorial to the author, who died in 1992. 'Atlit in particular held a special significance for C.N. Johns, being the site of his first major project as a field archaeologist. His Guide to 'Atlit, a masterly summary of his findings, remains the most complete and comprehensive account of the castle and its suburb. The studies collected here pay tribute to their author's enduring contribution to the medieval archaeology of the Near East. The first part of the book deals with the 'Pilgrim's Castle', the great Templar fortress and town at 'Atlit. The significance of Johns' excavations at this site has been relatively neglected, because it remains in a military area, inaccessible to visitors, and because almost the entire stock of his major publication was lost in 1947. This 'Guide to 'Atlit', a synthesis of historical, archaeological and architectural research on the monument, is reprinted here together with all the interim reports relating to the medieval period. Also included are Johns' studies on the Citadel of Jerusalem, the 'Tower of David', and on the Islamic castle of 'Ajlun. Together, they represent a fundamental contribution to the study of the period of the Crusades and to the military architecture of the Middle Ages. The notes by Denys Pringle bring the accounts up to date in the light of recent research.
