Grandin Road C. W. Coleman, 2009-11-16 After a near-fatal hunting accident, Jim Johnson started his second term as mayor of Grandin Road. It's a challenging task, one that only a few can handle. Johnson isn't used to arguments in the corporation boardroom and has always demanded undivided attention to the project at hand and those that take part in them. When the city council members become argumentative and downright hostile to his proposals, he calls on CW Coleman to settle the disputes between the members and himself. "Ain't no damn fool going to stick his head in a gator's mouth, and that's just what you'd be doing if you cross Coleman," he tells his daughter, Katie. Coleman, who is a member of the council by right but not an active participant, suddenly finds himself surrounded with a multitude of petty problems that he has no time for and far less patience. He and Johnson begin to resolve each issue in a timely fashion until one of his employees disappears. Johnson has an idea of who's involved, but for reasons of his own, he hesitates to tell Coleman. The same reasons that his daughter, Katie, left Taylor County for twenty years. Johnson doesn't want to reveal that there might be a mob connection and have to deal with Coleman's reaction to that small fact.

Dragonseye Anne McCaffrey, 2002-02-26 In Anne McCaffrey's New York Times bestselling *Dragonseye*, join Weyrleaders, Holders, and Craftmasters in the creation of the legendary Star Stones and the teaching ballads of Pern! It's been two hundred years since the deadly Thread fell like rain upon Pern, devouring everything in its path. No one alive remembers that first horrific onslaught and no one believes in its return—except for the dragonriders. For two centuries they have been practicing and training, passing down from generation to generation the formidable Threadfighting techniques. Now the ominous signs are appearing: the violent winter storms and volcanic eruptions that are said to herald the approach of the Red Star and its lethal spawn. But one stubborn Lord Holder, Chalkin of Bitra, refuses to believe--and that disbelief could spell disaster. So as the dragonriders desperately train to face a terrifying enemy, they and the other Lord Holders must find a way to deal with Chalkin—before history repeats itself and unleashes its virulence on all of Pern. . . .

Navigating Autism: 9 Mindsets For Helping Kids on the Spectrum Temple Grandin, Debra Moore, 2021-09-21 Empowering strategies for anyone who works with children and teens on the spectrum. International best-selling writer and autistic Temple Grandin joins psychologist Debra Moore in presenting nine strengths-based mindsets necessary to successfully work with young people on the autism spectrum. Examples and stories bring the approaches to life, and detailed suggestions and checklists help readers put them to practical use. Temple Grandin shares her own personal experiences and anecdotes from parents and professionals who have sought her advice, while Debra Moore draws on more than three decades of work as a psychologist with kids on the spectrum and those who love and care for them. So many people support the lives of these kids, and this book is for all of them: teachers; special education staff; mental health clinicians; physical, occupational, and speech therapists; parents; and anyone interacting with autistic children or teens. Readers will come away with new, empowering mindsets they can apply to develop the full potential of every child.

Temple Grandin Sy Montgomery, Temple Grandin, 2012-04-03 When Temple Grandin was born, her parents knew that she was different. Years later she was diagnosed with autism. While Temple's doctor recommended a hospital, her mother believed in her. Temple went to school instead. Today, Dr. Temple Grandin is a scientist and professor of animal science at Colorado State University. Her world-changing career revolutionized the livestock industry. As an advocate for autism, Temple uses her experience as an example of the unique contributions that autistic people can make. This compelling biography complete with Temple's personal photos takes us inside her extraordinary mind and opens the door to a broader understanding of autism.

Grand Avenue Joy Fielding, 2012-06-05 For four women, the bonds of friendship had sustained them for twenty years, through marriage, motherhood — and murder. Looking back, it seemed like paradise — lives filled with the blessings of friendship, marriage, children and career. Over twenty years, four friends shared everything through good times and bad, and together they faced the challenges of life and love head on. Now, one of their number sits alone to ponder the strange twists

and turns of fate and the unpredictability of circumstance. Now, she must sift through each of their pasts to discover exactly what went wrong, how dreams turned to nightmares, how friendships faded and how lives were destroyed. In this powerful novel, Joy Fielding explores the bonds women forge, the nature of friendships, and the meaning of unconditional love.

Certain People Stephen Birmingham,2024-05-14 The #1 New York Times–bestselling author of *Our Crowd* shares an intimate social history of America’s elite Black society in the 1970s. From New York to Chicago, Atlanta, and Washington, DC, Stephen Birmingham met with members of Black America’s upper crust—those old families of money and lineage who send their children to boarding schools and make business alliances over charity dinners. Invited into their homes, he became acquainted with their private world: their traditions and customs, their networks and conflicts, and, of course, their many stories. In *Certain People*, Birmingham presents a panoramic social history of upper-class Black society, one full of anecdotes and telling observations. From the Palmer Memorial Institute of North Carolina, where the best families sent their children, to the halls of the Johnson Publishing Company, creator of *Ebony* and *Jet* magazines, Birmingham provides an intimate glimpse of this exclusive crowd.

Cincinnati's Hyde Park Gregory Parker Rogers,2010-09-24 First settled in 1795, Hyde Park was an area of great estates and small and large farms until 1892. That's when the seven-member Hyde Park Syndicate capitalized on new transportation connections to downtown as a means to sell their property as smaller parcels. Designed to be upscale, the neighborhood attracted people looking for a suburban experience in an urban setting. This history introduces influential figures, including eventual Ohio governor Myers Y. Cooper, the Kilgour brothers, Levi Ault and Senator Joseph Foraker. It explains the development of Hyde Park Square and the community's streets, schools and churches. Readers will rediscover lost places, like the Grandin Bridge, Rookwood, the Pines, Belcamp and the Hermitage.

The Golden Dream Stephen Birmingham,2024-05-14 The #1 New York Times–bestselling author of *Our Crowd* offers an anecdote-filled tour of the most exclusive suburbs of 1970s America. In this charming and insightful inquiry, Stephen Birmingham investigates the nesting habits, enjoyments, and frustrations of American suburban life in the seventies. He explores the social organism that is the American suburb—from Scottsdale, Arizona, to New York’s Westchester County, along with the tawny suburbs surrounding the mighty industrial cities that fringe the Great Lakes. Birmingham spoke with householders great and small, gleaning their private views of the suburban experience. Almost all of them arrived in the suburbs with a dream. The reality they found was often less than they envisioned. Along with swimming pools and manicured lawns come soaring property taxes, status contests, and old-world prejudices colliding with new neighbors. “Gossipy, chatty [Stephen Birmingham] thrusts his line into the waters of suburban social life, catching a lot of trivia about country clubs and trends.” —The Christian Science Monitor

The End of the Myth Greg Grandin,2019-03-05 WINNER OF THE PULITZER PRIZE A new and eye-opening interpretation of the meaning of the frontier, from early westward expansion to Trump’s border wall. Ever since this nation’s inception, the idea of an open and ever-expanding frontier has been central to American identity. Symbolizing a future of endless promise, it was the foundation of the United States’ belief in itself as an exceptional nation – democratic, individualistic, forward-looking. Today, though, America has a new symbol: the border wall. In *The End of the Myth*, acclaimed historian Greg Grandin explores the meaning of the frontier throughout the full sweep of U.S. history –

from the American Revolution to the War of 1898, the New Deal to the election of 2016. For centuries, he shows, America's constant expansion – fighting wars and opening markets – served as a “gate of escape,” helping to deflect domestic political and economic conflicts outward. But this deflection meant that the country's problems, from racism to inequality, were never confronted directly. And now, the combined catastrophe of the 2008 financial meltdown and our unwinnable wars in the Middle East have slammed this gate shut, bringing political passions that had long been directed elsewhere back home. It is this new reality, Grandin says, that explains the rise of reactionary populism and racist nationalism, the extreme anger and polarization that catapulted Trump to the presidency. The border wall may or may not be built, but it will survive as a rallying point, an allegorical tombstone marking the end of American exceptionalism.

Who killed Laura Foster? Jan Kronsell, 2020-02-24 The murder of Laura Foster in 1866 has been the source of many legends and both in fiction and non-fiction it has inspired many authors. The murder, which in the end led to the conviction and execution of Thomas C. Dula, also inspired the famous song, The Ballad of Tom Dooley. In this book I go through the surviving records from the time and tell the story based on these facts, before I try to give my own explanation of what actually happened in Western North Carolina in the difficult times following the American Civil War.

Calling All Minds Temple Grandin, Ph.D., 2019-04-30 From world-renowned autism spokesperson, scientist, and inventor Temple Grandin -- a book of personal stories, inventions, and facts that will blow young inventors' minds and make them soar. Have you ever wondered what makes a kite fly or a boat float? Have you ever thought about why snowflakes are symmetrical, or why golf balls have dimples? Have you ever tried to make a kaleidoscope or build a pair of stilts? In *Calling All Minds*, Temple Grandin explores the ideas behind all of those questions and more. She delves into the science behind inventions, the steps various people took to create and improve upon ideas as they evolved, and the ways in which young inventors can continue to think about and understand what it means to tinker, to fiddle, and to innovate. And laced throughout it all, Temple gives us glimpses into her own childhood tinkering, building, and inventing. More than a blueprint for how to build things, in *Calling All Minds* Temple Grandin creates a blueprint for different ways to look at the world. And more than a call to action, she gives a call to imagination, and shows readers that there is truly no single way to approach any given problem--but that an open and inquisitive mind is always key. Praise for *Calling All Minds*: An impassioned call to look at the world in unique ways with plenty of practical advice on how to cultivate a curious, inquiring, imaginative mind. —Kirkus Reviews Both practical and inspirational, this useful book describes an overall approach to viewing the world creatively, as exemplified by the numerous projects and supporting material provided here. —VOYA Grandin offers a nuanced perspective on the qualities of a successful inventor—notably, a sense of wonder and curiosity, careful observation, and the willingness to learn from mistakes. —Publishers Weekly
