*300 Email Marketing Tips* Meera Kothand, 2019-05-20 Does any of this sound familiar to you? 1. You sit down every week staring at that blinking cursor wondering what to send your email list, and then a week becomes two or more, and you can't remember when the last time you emailed them was. 2. You have an opt-in incentive or lead magnet that's pretty much doing nothing for you or your business. 3. You have a haphazardly thrown together email sequence that doesn't bring you sales or engagement. 4. You silently cringe every month as you pay out your email service provider because you're not using any of their features. 5. You're pretty much winging it with email. If you're nodding yes, *300 Email Marketing Tips* will give you more than a bare-bones framework to put in place an email marketing strategy for your business. The premise of this book isn't about growing a big fat email list. Email marketing is NOT list building alone. You need a coherent, holistic strategy to be successful at it. Here's what's packed in this how-to guide: What branding has to do with email marketing and the #1 thing most solopreneurs ignore when it comes to their email list 7 things your welcome email must do (but probably doesn't!) Why your lead magnet has to address THESE two critical points 3 ways to plan your email editorial calendar Answers to the questions and more - I have

thirty thousand page views a month but get only forty-two subscribers for an month. What am I doing wrong? (See section 3 for the answer.) - My email sequence gets a lot of engagement and opens. Everyone says they love my stuff, but I still get no sales for my e-book. Why? (See section 5 for the answer.) - I have a sequence of emails set up in my evergreen funnel, but I'm not getting any sales. Is my product terrible? Should I just scrap it altogether? (See section 7 for the answer.) Rather than flit from week to week wondering what to email your list... Imagine creating an email strategy that enables you to take the weekend off and still see your list grow, rake in testimonials, and make sales. Imagine having endless email content ideas... Imagine creating an opt-in offer with all the right ingredients that has readers clamoring to get their hands on it... Imagine sending emails with confidence knowing exactly the impact that particular email will have on your subscribers... That's the power of an email marketing strategy! **Email Marketing Best Practices for Beginners** Mey Irtz, 2021-05-06 E-mail marketing is hands down the most powerful and effective form of online marketing. Nothing comes close. Seriously. Even search marketing with all its hype and tried-and-proven success can't even hold the candle to just how effective list marketing can be. It's easy to see why, survey after survey, marketing firms keep putting e-mail marketing at or near the top of their advertising preferences. Here are the reasons why. Through e-mail marketing, you can get in front of the eyeballs of your audience members anytime anywhere. That's right. You can be at a beach in the Bahamas somewhere writing an e-mail update. Plug that in to your e-mail service provider and your audience, regardless of where they may be in the world and regardless of what they're doing, are sure to get your e-mail. After all, most people check their e-mail inboxes. Isn't that awesome? This enables you to sell more products. Since

you have a de facto relationship with people who voluntarily got on your mailing list, you are able to keep the conversation going. You don't get just one bite at the apple in trying to get list members to buy.

*Email Marketing* Mary R. Butler, 2009-05-15 The inherent power of email marketing is the permission the consumer has given you to communicate with them. Commercials are put on mute. Banner ads are closed or ignored. People are somewhat of a captive audience to radio advertising-if they're not listening to downloaded MP3s and podcasts. The world is tired of commercials-unless they invite them. Yet e-mail marketing allows the entrepreneur to do so much more than give a commercial. In fact you, the marketer, can't afford to do anything of the sort if you want to maintain a list and actually sell from it. You have to understand that you are essentially opening a dialogue with your consumer. They are giving you the opportunity to let them get to know you, not just your product. I.
