Crazy All the Time Frederick L. Covan,Carol Kahn,1995 In *CRAZY ALL THE TIME*, Frederick L. Covan, Ph.D., chief psychologist at Bellevue Hospital, takes you behind the gates and into the psych ward of one of the world's most famous mental institutions. With razor-sharp insight and great compassion, Covan follows the lives of a group of young interns and the unforgettable patients they are committed to serve, including Brenda, a paranoid schizophrenic who claims she has slept with six presidents; Matthew, a silent, tormented young man who cut off his own penis with a pair of pinking shears; and Gloria, a severely depressed dermatologist with a panic reaction to the sight of skin. Balancing the delicate line between normalcy and pathology, theory and reality, *CRAZY ALL THE TIME* explores the dark moods and outrageous behaviors of both doctors and patients in a place where madness reigns and disorder is the order of the day. A wonderful book . . . Superbly written . . . Nothing short of perfect. -- Los Angeles Times Book Review

Freedom of Expression® Kembrew McLeod,2007 In 1998 the author, a professional prankster, trademarked the phrase freedom of expression to show how the expression of ideas was being restricted. Now he uses intellectual property law as the focal point to show how economic concerns are seriously eroding creativity and free speech.

Victory in Papua Samuel Milner, 2015-07-11 This is a companion volume to the one on Guadalcanal in the series on the war in the Pacific. Both record the operations designed to halt the advance of the enemy toward the vital transpacific line of communications with Australia and secure Australia as a base. Success in Papua and Guadalcanal, achieved in February 1943, put the Allied forces in a position to neutralize Rabaul and, this accomplished, to advance to the Philippines. The present volume concentrates on the action of one United States Army division. In telling the story of a comparatively limited number of troops, the author has been able to present the combat experience of small units in sharper focus than has been possible in most of the other full-scale campaign volumes. The campaign abounds in lessons. Of these one of the most vital is the frequent necessity for all commanders to evaluate their own actions by asking themselves this question: How could I have helped, how should I have helped, how can I help my subordinates to accomplish their assigned tasks?
