**The Curry Guy** Dan Toombs, 2017-05-04 Dan Toombs (aka The Curry Guy) has perfected the art of replicating British Indian Restaurant (BIR) cooking after travelling around the UK, sampling dishes, learning the curry house kitchen secrets and refining those recipes at home. In other words, Dan makes homemade curries that taste just like a takeaway from your favourite local but in less time and for less money. Dan has learnt through the comments left on his blog and social media feeds that people are terribly let down when they make a chicken korma or a prawn bhuna from other cookbooks and it taste nothing like the dish they experience when they visit a curry house... but they thank him for getting it right. The

Curry Guy shows all BIR food lovers around the world how to make their favourite dishes at home. Each of the classic curry sauces are given, including tikka masala, korma, dopiazza, pasanda, madras, dhansak, rogan josh, vindaloo, karai, jalfrezi, bhuna and keema. Popular vegetable and sides dishes are there as accompaniments, aloo gobi, saag aloo and tarka dhal, plus samosas, pakoras, bhaji, and pickles, chutneys and raitas. Of course, no curry is complete without rice or naan. Dan shows you how to cook perfect pilau rice or soft pillowy naan every time.

*Awesome Sauce* Josh Stock, 2022-08-17 This playful book by award-winning educator Josh Stock shows teachers how to make simple videos to improve student learning and classroom culture, and connect with parents. The ability to use video to communicate has become a basic element of literacy – inside and outside the classroom. This fun-to-read book shows educators how to make simple videos that explain assignments, welcome students to new schools and grades, differentiate lessons for a range of learning levels and more. The book also helps teachers use video to address common issues like enhancing classroom culture and managing parent communication. Structured like a cookbook, *Awesome Sauce* discusses both the “why” and the “how” behind the strategies. Each section begins with the story of why Stock uses the strategy, demonstrating what teachers will get out of trying it with their students. These explanations are followed by “how-to” recipes that guide readers in creating the “awesome sauce” their videos will become. The book:

- Provides practical ways to create videos for the classroom to boost learning outcomes.
- Offers a creative and fresh approach to PD with manageable layout and friendly, accessible voice.
- Offers an accessible solution for all classroom teachers, regardless of tech

skills, including basic setups that yield great results. For the author, it comes down to this: “I want to be the best teacher possible and using these recipes gives me the chance to make the biggest impact possible on the rock star students in my classroom.”

**The Money Is the Gravy** John Clark, 2007-07-31 \* As bestsellers like *Fish!* (Hyperion, 2000) and *Who Moved My Cheese?* (Putnam, 1998) have shown, people are hungry for business books that tackle serious business issues in an off-center way. \* *The Money Is The Gravy* was a bestseller in New Zealand for nearly a year. The book was recently published in the U.K. by Random House/Century. \* This title has already received amazing quotes from stellar sources, including Stephen R. Covey, author of *The 7 Habits of Highly Effective People* and Tom Peters, author of *In Search of Excellence*.

**You Forgot the Sauce** G. S. Willmott, 2018-10-01 Garry Willmott will donate ten per cent of all royalties from the sales of both the paperback and e-book to an appropriate charity supporting dementia research. Donations will be distributed to the country where the sales originated from. This story brings life the anguish of those people, young and old, suffering the consequences of Alzheimer's disease. It is a story that illuminates many factual

aspects of the nature of this illness while fictionally bringing us into the lives of those transformed by its devastating effects. The author has created sympathetic and credible characters whose plights we share as they confront the ways in which this tragic illness affects not only those directly stricken but also their close relatives and friends. The carefully constructed narrative shows vividly how the disease can strike anyone: Rob, a successful young medical researcher with a promising career; his mother, a respected lawyer with a life of achievement, and all those within their immediate orbit are changed utterly by the onset of this disease. There are many subsidiary contemporary elements introduced by the engaging narrative. Gay relationships, for example, are represented positively and respectfully so that we see gay couples living faithful, loving and socially acceptable lives. The author also implies some of the dangers inherent in placing too much faith in the contemporary (and often exploitative) trend to online relationships. There are tragedies and triumphs in this tight and suspenseful narrative. It is an 'emotional roller-coaster', both poignant and uplifting. It is also a compelling read. Two gentlemen were sharing a house together after both their wives had died; both suffered dementia. One of them, Harry, asked his housemate Frank if he wanted anything up

at the shops. Why would I bother Harry? You'll forget by the time you get out the back door. No, don't be silly, of course I'll remember. I'm feeling good today. Ok, do you know those ice-creams that have a chocolate flake sticking out of it? Yeah! Well I want one of them. Ok, done. What did I ask for? You want one of those ice-creams that have a chocolate flake sticking out of it. Seeing you remembered that, I want hundreds and thousands sprinkled over the whole lot. Oh forget it, you'll never remember. I will, I promise. Harry left the house to walk the one kilometre to the shops; three hours later he returned and plonked a brown paper bag down on the kitchen table. There's your pie. Frank looked inside the bag. For god's sake, you forgot the sauce!

Chocolate Sauce and Malice Arline Potter, 2000-01-20 James Vandersagen, high-profile hard-ball player in TV, newspapers and communications technology, is visiting the set of a talk show called Come Home with Kate on JGV, his prime property. A large overhead mirror breaks loose, falls on Vandersagen and kills him. Kate Cassidy, the show host, is also hurt. The accident is quickly determined to be a murder, since the lashings holding the mirror were deliberately broken with remote-controlled explosive devices. Police also discover an open jar of poisoned chocolate

sauce—meant for whom? A number of people are in the studio just before taping, some of whom have motive. All know their way about the JGV studios. Prime suspects are Adele Vandersagen, Jim's jealous wife, and the producer, Rudy Macklin. Also in the studio are Kate's father, Tom, a movie director and, coincidentally, his ex-wife, actress Maureen Cassidy. In the past, before marrying Tom, Maureen and Jim Vandersagen had a brief and steamy love affair. Tom and Maureen were divorced when Kate was twelve, but have remained doting parents to their only child. Kate, having been severely injured when the mirror fell, is concerned that she may have been the real target of the murderer. Later she has another brush with death. This time she's certain that it was she, not Vandersagen, who was the killer's true intended victim.

#### **Bread Milk and Love Have Expiration Dates M. M.**

Wilson,2007-08-02 All the good men are not yet taken, though it may seem that way from the forty-one lies being told to achieve the ultimate sex from another relationship in Bread, Milk and Love Have Expiration Dates. One could easily say that love thrives on flattery, and even without an erection, sex is still on their brains. But understand that men think of sex every 53 seconds, while women think of it one to four times a day. So what does a woman

need to know? Love does not expire with time, so consider taking the mystery to the next level, so that your partner cannot get enough of you. Do fun things together and put the sizzle back into your marriage or relationship to avoid the enticement of: 'Til Temptation Do Us Part. God created you in love. He did not create you to live loveless and in misery. Life is meant to be shared and to experience love together. You need to search him out, find out what he enjoys and stimulate his needs. Become a child-like nature and spice up your life live and love the moment be smart, get out of your comfort zone once in a while; try new directions and go for the life you want. That could be the key to having your partner around for a lifetime without him sneaking out to get the extra gravy from someone else.
