Smile: A Graphic Novel Raina Telgemeier, 2014-07-29

Raina Telgemeier's #1 New York Times bestselling, Eisner Award-winning graphic memoir based on her childhood! Raina just wants to be a normal sixth grader. But one night after Girl Scouts she trips and falls, severely injuring her two front teeth. What follows is a long and frustrating journey with on-again, off-again braces, surgery, embarrassing headgear, and even a retainer with fake teeth attached. And on top of all that, there's still more to deal with: a major earthquake, boy confusion, and friends who turn out to be not so friendly.

Angling in the Smile of the Great Spirit Harold C. Lyon, 2006-11 Part angling memoir, part history - the kind of book you can dip into at a moment's notice, or read straight through as you would a novel. You'll enjoy the warm positive tone registered by author Lyon's insights. It'll make you want to fish. It'll shape your viewpoint in ways you didn't expect. Something for everyone. Scientific angling information for those who want that. Hilarious anecdotal material you'd only get by knowing these people firsthand. It's the perfect book to be sitting on your lakefront coffee table. It's there when you want a dose of insights into New England glacial water. It captures in words -- and with great feeling -- what the big lake has to offer. Steve Hickoff - Outdoor Columnist and Writer

A Perfect 10 Chris Higgins, 2011-01-06 Perfection. That's the key aim in Eva's life. She works hard to be the girl all the other girls wish they could be: pretty, popular, smart and the queen of her gymnastics clique, the 'Jimmies'. She seems to have it all. But the arrival of new girl Patty threatens Eva's perfect life and soon her mother's in rehab, her father's absent and her best friend seems more interested in snogging her brother than

spending time with Eva. With her life quickly unravelling Eva clings to the one thing she can control, her weight. But no matter how strong her willpower is, the dark secret that Eva has worked so hard to conceal seems determined to reveal itself ...
