William D. Mounce

Mounce's Complete Expository Dictionary of Old and New Testament Words William D. Mounce, 2009-12-15 For years, Vine's Expository Dictionary has been the standard word study tool for pastors and laypeople, selling millions of copies. But sixty-plus years of scholarship have shed extensive new light on the use of biblical Greek and Hebrew, creating the need for a new, more accurate, more thorough dictionary of Bible words. William Mounce, whose Greek grammar has been used by more than 100,000 college and seminary students, is the editor of this new dictionary, which will become the layperson's gold standard for biblical word studies. Mounce's is ideal for the reader with limited or no knowledge of Greek or Hebrew who wants greater insight into the meanings of biblical words to enhance Bible study. It is also the perfect reference for busy pastors needing to quickly get at the heart of a word's meaning without wading through more technical studies. What makes Mounce's superior to Vine's? The most accurate, in-depth definitions based on the best of modern evangelical scholarship Both Greek and Hebrew words are found under each English entry (Vine's separates them) Employs both Strong's and G/K numbering systems (Vine's only uses Strong's) Mounce's accuracy is endorsed by leading scholars

A Greek-English Lexicon Henry George Liddell, P. G. W. Glare, 1996 The world's most authoritative dictionary of ancient Greek. The world's most comprehensive and authoritative dictionary of ancient Greek is now revised and available with a new Supplement. This major event in classical scholarship, edited by Peter Glare, is the culmination of 13 years' painstaking work overseen by a committee appointed by the British Academy, and involving the cooperation of many experts from around the world. The Main Dictionary; Liddell and Scott's Greek-English Lexicon, is the central reference work for all scholars of ancient Greek, author and text discovered up to 1940, from the 11th century BC to the Byzantine Period. The early Greek of authors such as Homer and Hesiod, Classical Greek, and the Greek Old and New Testaments are included. Each entry lists not only the definition of a word, but also its irregular inflections, and quotations from a full range of authors and sources to demonstrate usage.

Greek for the Rest of Us William D. Mounce, 2007-08-02 Readers learn how to intelligently use commentaries and reference works that will produce more beneficial Bible study with minimal knowledge of New Testament Greek.

What's more, this pocket dictionary gives you the inside edge on the terminology of exegesis, textual criticism and biblical criticism. Careful definitions, helpful examples and copious cross-references make this economically priced, brief dictionary easy to use. And its convenient size will make it a constant companion in your study of the Greek New Testament. Designed for students and pastors alike, the short and accessible volumes in the IVP Pocket Reference Series will help you tackle the study of biblical languages, church history, apologetics, world religions, Christian spirituality, ethics, theology, and more.
