Greenland Isn't Green and There's No Danish in Denmark Willem Meiners, 2014-02 Book publisher Willem Meiners wrote 124 breakfast letters to his fifty thousand authors. On the menu: airline tickets for fat people, ketchup, the chess queen, Coke, left-handed presidents, female farting, Twinkies, failure, bird poop on cars, the four meats we eat, and a hundred more items. Plus of course books, writing, and America's disregard for spelling rules. In other words, trivia. The glue that holds our lives together. Willem Meiners is a co-founder of America Star Books.

Introduction to Greenland Gilad James, PhD, Greenland is a self-governing territory of Denmark, located in the northern part of North America. It is the world's largest island, covering an area of over 2.1 million square kilometers, with most of its land covered by ice. The island has a population of approximately 56,000 people, who majority are Inuit, who have inhabited the land for over 4,500 years. Greenland has developed an economy based on fishing, mining, tourism, and a limited agricultural sector. Its capital city, Nuuk, is the largest city and has all of the modern amenities one would expect in a developed country. The climate in Greenland is harsh, with long and cold winters, and short cool summers. The island is home to the largest national park in the world, which is the Northeast Greenland National Park that covers a third of the island. The park is home to various wildlife species, including polar bears, walruses, and Arctic foxes, among others. Greenland is a beautiful island that is rich in history and culture. It has retained much of its cultural heritage, which can be experienced through its folk music, traditional dress, and cuisine. With its stunning landscapes and unique culture, Greenland has become a popular tourist destination for travelers seeking an adventure in the mystical and remote Arctic north.

**Mahabharata Quiz Book** Rajendra Pratap Singh, 2020-01-01 In reading the history of nations, we find that, like individuals, they have their whims and their peculiarities; their seasons of excitement and recklessness, when they care not what they do. We find that whole communities suddenly fix their minds upon one object, and go mad in its pursuit; that millions of people become simultaneously impressed with one delusion, and run after it, till their attention is caught by some new folly more captivating than the first. We see one nation suddenly seized, from its highest to its lowest members, with a fierce desire of military glory; another as suddenly becoming crazed upon a religious scruple; and neither of them recovering its senses until it has shed rivers of blood and sowed a harvest of groans and tears, to be reaped by its posterity. At an early age in the annals of Europe its population lost their wits about the sepulchre of Jesus, and crowded in frenzied multitudes to the Holy Land; another age went mad for fear of the devil, and offered up hundreds of thousands of victims to the delusion of witchcraft. -Preface

This new continent will be a place where their family can make their own rules and live free from the intervention of Winterpole, a global governing agency run by bumbling bureaucrats. But eleven-year-old pink-and-plastic-obsessed Vesuvia Piffle, the secret mastermind behind the villainous Condo Corp, also has her sights set on this new land, and she wants to use it to build a kind of Miami-on-steroids. And the future can't be both "green" and pink. BUILD IT - RUN IT - RULE IT at 8thContinentBooks.com
