Studio Cards Dean Norman,

1,000 Greetings Peter King & Co.,2008-09-01 New miniature version! With designers constantly working for clients and having a limited amount of freedom in much of their work, the chance to strike out on their own and do something truly original and personal is a real luxury. The cards included represent some of the most creative design available so are a wonderful source of inspiration for all types of projects. All designers and design firms, whether in-house or freelance, create their own greeting cards which serve not only as a greeting card, but as an opportunity to show off their work in a totally unique and uninhibited light. In addition, they are the perfect project because they are small enough so they are not incredibly time consuming nor are they very expensive to produce -- even with unique materials or treatments.
