*Highfire* Eoin Colfer,2020-01-28 “True Detective meets Swamp Thing in the Artemis Fowl author’s neo-noirish thriller about a curmudgeonly dragon in Louisiana.” –Guardian From the New York Times bestselling author of the Artemis Fowl series comes a hilarious and high-octane adult novel about a vodka-drinking, Flashdance-loving dragon who lives an isolated life in the bayous of Louisiana—and the raucous adventures that ensue when he crosses paths with a fifteen-year-old troublemaker on the run from a crooked sheriff. In the days of yore, he flew the skies and scorched angry mobs—now he hides from swamp tour boats and rises only with the greatest reluctance from his Laz-Z-Boy recliner. Laying low in the bayou, this once-magnificent fire breather has been reduced to lighting Marlboros with nose sparks, swilling Absolut in a Flashdance T-shirt, and binging Netflix in a fishing shack. For centuries, he struck fear in hearts far and wide as Wyvern, Lord Highfire of the Highfire Eyrie—now he goes by Vern. However...he has survived, unlike the rest. He is the last of his kind, the last dragon. Still, no amount of vodka can drown the loneliness in his molten core. Vern’s glory days are long gone. Or are they? A canny Cajun swamp rat, young Everett “Squib” Moreau does what he can to survive, trying not to break the heart of his saintly single mother. He’s finally decided to

work for a shady smuggler—but on his first night, he witnesses his boss murdered by a crooked constable. Regence Hooke is not just a dirty cop, he's a despicable human being—who happens to want Squib's momma in the worst way. When Hooke goes after his hidden witness with a grenade launcher, Squib finds himself airlifted from certain death by...a dragon? The swamp can make strange bedfellows, and rather than be fried alive so the dragon can keep his secret, Squib strikes a deal with the scaly apex predator. He can act as his go-between (aka familiar)—fetch his vodka, keep him company, etc.—in exchange for protection from Hooke. Soon the three of them are careening headlong toward a combustible confrontation. There's about to be a fiery reckoning, in which either dragons finally go extinct—or Vern's glory days are back. A triumphant return to the genre-bending fantasy that Eoin Colfer is so well known for, *Highfire* is an effortlessly clever and relentlessly funny tour-de-force of comedy and action.

*House to House* David Bellavia,2012-12-25 On 8 November 2004, the largest battle of the War on Terror began, with the US Army's assault on

Fallujah and its network of tens of thousands of insurgents hiding in fortified bunkers, on rooftops, and inside booby-trapped houses. For Sgt. David Bellavia of 3rd Platoon, Alpha Company, it quickly turned into a battle on foot, from street to street and house to house. On the second day, he and his men laid siege to a mosque, only to be driven to a rooftop and surrounded, before heavy artillery could smash through to rescue them. By the third day, Bellavia charges an insurgent-filled house and finds himself trapped with six enemy fighters. One by one, he shoots, wrestles, stabs, and kills five of them, until his men arrive to take care of the final target. It is one of the most hair-raising battle stories of any age -- yet it does not spell the end of Bellavia's service. It would take several more weeks before the Battle of Fallujah finally came to a close, with Bellavia, miraculously, alive. In the words of the author: HOUSE TO HOUSE holds nothing back. It is a raw, gritty look at killing and combat and how men react to it. It is gut-wrenching, shocking and brutal. It is honest. It is not a glorification of war. Yet it will not shy from acknowledging this: sometimes it takes something as terrible as war for the full beauty of the human spirit to emerge.

Grateful American Gary Sinise, 2019-02-12

Discover the moving, entertaining, never-before-told story of how one man found his calling: to see that those who defend this country and its freedoms are never forgotten. As a kid in suburban Chicago, Gary Sinise was more interested in sports and rock 'n' roll than reading or schoolwork. But

when he impulsively auditioned for a school production of West Side Story, he found his true purpose--or so it seemed. Within a few years, Gary and a handful of friends created what became one of the most exciting and important new theater companies in America. From its humble beginnings in a suburban Chicago church basement and eventual move into the city, the Steppenwolf Theatre Company launched a series of groundbreaking productions, igniting Gary's career along with those of John Malkovich, Joan Allen, Gary Cole, Laurie Metcalf, Jeff Perry, John Mahoney, and countless others. Television and film came calling soon after, and Gary starred in Of Mice and Men (which he also directed) and The Stand before taking the role that would change his life in unforeseeable ways: Lieutenant Dan in the Academy Award-winning Forrest Gump. The military community's embrace of the character of the disabled veteran was matched only by the depth of Gary's realization that America's defenders had not received all the honor, respect, and gratitude their sacrifices deserve. In the aftermath of the September 11 attacks, this became Gary's new calling. Grateful American, now a New York Times bestseller, documents Gary's dedication to working tirelessly on behalf of those who serve this country, sharing stories about how he has: Entertained more than a half million troops around the world playing bass guitar with his Lt. Dan Band Raised funds on behalf of veterans Founded the Gary Sinise Foundation with a mission to serve and honor America's defenders, veterans, first responders, their families, and those in need

Grateful American is the moving, entertaining, profoundly gripping story of how one man found his life's work: to see that those who defend this country and its freedoms are never forgotten. Praise for Grateful American: Gary Sinise writes as he lives, and as the artist and actor he has always been: with American authenticity, purpose, and a conviction that is inseparable from his nature. --Tom Hanks, actor and filmmaker No entertainer alive today has visited and performed more for our troops at veterans hospitals and military bases all over the world than Gary Sinise. For years his foundation has built 'smart homes' for our troops that were severely wounded in combat. The book is called Grateful American, and I promise that after you read it you will be grateful for what Gary has accomplished and contributed to our country. He's truly one of a kind. --Clint Eastwood, actor, director, producer, and musician

**The Biology of Sharks and Rays** A. Peter Klimley, 2013-07-31 The Biology of Sharks and Rays is a comprehensive resource on the biological and physiological characteristics of the cartilaginous fishes: sharks, rays, and chimaeras. In sixteen chapters, organized by theme, A. Peter Klimley covers a broad spectrum of topics, including taxonomy, morphology, ecology, and physiology. For example, he explains the body design of sharks and why the ridged, toothlike denticles that cover their entire bodies are present on only part of the rays' bodies and are absent from those of

chimaeras. Another chapter explores the anatomy of the jaws and the role of the muscles and teeth in jaw extension, seizure, and handling of prey. The chapters are richly illustrated with pictures of sharks, diagrams of sensory organs, drawings of the body postures of sharks during threat and reproductive displays, and maps showing the extent of the species' foraging range and long-distance migrations. Each chapter commences with an anecdote from the author about his own personal experience with the topic, followed by thought-provoking questions and a list of recommended readings in the scientific literature. The book will be a useful textbook for advanced ichthyology students as well as an encyclopedic source for those seeking a greater understanding of these fascinating creatures.

Into the Fire Dakota Meyer, Bing West, 2012-09-25  
"The story of what Dakota did . . . will be told for generations."—President Barack Obama, from remarks given at Meyer's Medal of Honor ceremony  
In the fall of 2009, Taliban insurgents ambushed a patrol of Afghan soldiers and Marine advisors in a mountain village called Ganjigal. Firing from entrenched positions, the enemy was positioned to wipe out one hundred men who were pinned down and were repeatedly refused artillery support. Ordered to remain behind with the vehicles, twenty-one year-old Marine corporal Dakota Meyer disobeyed orders and attacked to rescue his comrades. With a brave driver at the wheel, Meyer stood in the gun turret exposed to withering fire, rallying Afghan troops to follow. Over the course of the five

hours, he charged into the valley time and again. Employing a variety of machine guns, rifles, grenade launchers, and even a rock, Meyer repeatedly repulsed enemy attackers, carried wounded Afghan soldiers to safety, and provided cover for dozens of others to escape—supreme acts of valor and determination. In the end, Meyer and four stalwart comrades—an Army captain, an Afghan sergeant major, and two Marines—cleared the battlefield and came to grips with a tragedy they knew could have been avoided. For his actions on that day, Meyer became the first living Marine in three decades to be awarded the Medal of Honor. Into the Fire tells the full story of the chaotic battle of Ganjigal for the first time, in a compelling, human way that reveals it as a microcosm of our recent wars. Meyer takes us from his upbringing on a farm in Kentucky, through his Marine and sniper training, onto the battlefield, and into the vexed aftermath of his harrowing exploits in a battle that has become the stuff of legend. Investigations ensued, even as he was pitched back into battle alongside U.S. Army soldiers who embraced him as a fellow grunt. When it was over, he returned to the States to confront living with the loss of his closest friends. This is a tale of American values and upbringing, of stunning heroism, and of adjusting to loss and to civilian life. We see it all through Meyer's eyes, bullet by bullet, with raw honesty in telling of both the errors that resulted in tragedy and the resolve of American soldiers, U.S. Marines, and Afghan soldiers who'd been abandoned and faced certain death. Meticulously researched and

thrillingly told, with nonstop pace and vivid detail, *Into the Fire* is the unvarnished story of a modern American hero. Praise for *Into the Fire* "A story of men at their best and at their worst . . . leaves you gaping in admiration at Medal of Honor winner Dakota Meyer's courage."—National Review "Meyer's dazzling bravery wasn't momentary or impulsive but deliberate and sustained."—The Wall Street Journal "[A] cathartic, heartfelt account . . . Combat memoirs don't get any more personal."—Kirkus Reviews "A great contribution to the discussion of an agonizingly complex subject."—The Virginian-Pilot "Black Hawk Down meets Lone Survivor."—Library Journal
