Embrace the Grim Reaper Judy Clemens,2009-10-06 Casey Maldonado's life is over - at least as she knows it. In one brief moment of fire and wrenching metal, everything important was gone. The car manufacturer was generous

with its settlement, but it can never be enough. Her family and friends - not to mention her lawyers - want her to go for more. More money, More publicity, More everything. But Casey is done. No financial gain or courtroom retribution will bring back what really matters. So she packs up, puts her house on the market, and leaves town. Her only companion: Death, who won't take her, but won't leave her alone. She stops on a whim in tragedy-stricken Clymer, a small blue-collar town in the midst of Ohio farmland. Not only is HomeMaker, the town's appliance factory and main employer, moving to Mexico, but the town has been rocked by the suicide of a beloved single mother. Casey is drawn to the town, and soon realizes that many of the citizens don't believe the verdict of suicide at all. Death encourages her to investigate, and she uncovers information that points to the factory. Was the victim's death a cover-up? Did she truly have the means - as she claimed - to keep the factory from leaving town. When Casey begins to receive messages that she should leave well enough alone, she decides she'd be better off back on the road, but the murderer can't let her go with everything she knows....

Dying Echo Judy Clemens, 2012-08-07 It's been years since Casey Maldonado visited her hometown, and the only reason she's returning now is to get her brother Ricky out of jail, where he sits after being arrested for the brutal murder of Alicia McManus, his girlfriend of several months. Casey believes in her brother's innocence, but proving that to the cops is a different thing altogether, especially since she has her own murder warrant to worry about. Perhaps even more frightening than the law is Casey's confrontation with her personal demons - the home she shared with her late husband and son, the resentment of her mother, and even the presence of Eric (Embrace the Grim Reaper), who wants to be more than just a friend. As Casey and her ever-present companion Death investigate Alicia's murder, it becomes clear she was not who she claimed to be, from her name to her non-existent past. Instead of a solid history, she left only questions when she died. Where did she come from? What secrets did she know? And, most importantly, who were the three people she spoke of when Death carried her away? Casey must sort the truth from the elaborate fiction of Alicia's life in order to clear Ricky's name, but as she reveals the woman's secrets Casey begins to see just how alike their lives appear. Is Casey destined to an existence as empty and dark as Alicia's, or can she overcome the tragedy of her past and move forward into a life worth living?

Flowers for Her Grave Judy Clemens, 2011-06-30 Readers will find themselves thoroughly entertained by this oddly appealing mix of the jaunty and the macabre.-Booklist Casey and Death are on the run...again. After obtaining new identification and throwing herself off the grid, she travels to Florida to begin a new life as Daisy Gray, fitness instructor for a wealthy, enclosed community. But even while keeping her head down, it doesn't take long for Casey to find herself in the middle of trouble. One of the residents is attacked, and Casey is the one to find her, bleeding on the tile floor of the locker room. Despite heroic attempts, the woman dies, and the community is thrown into turmoil. The cops are at a loss, unable to find anyone who might want the woman dead. Despite Death's urgings to go on the run again, Casey takes a careful look at the victim's life and asks who could have wanted her dead. The free-wheeling residents? The staff? And what, if anything, might Casey's predecessors in her new job have to do with it? Time to dig in and ask, even with Death on her back.

Beyond the Grave Judy Clemens,2018-08-07 ALA Book Club October Pick, 2018 Casey Maldonado is haunted by the deaths of her husband and young son. She hopes traveling through the vast reaches of Idaho will offer peace. Instead, she fights off three drunken locals before escaping to a quiet town where she wants to heal from her injuries and constant sorrow. Her traveling companion, invisible to all but Casey, is Death, wearing a series of disguises and offering expert commentary on her difficulties. Unfortunately, the village of Armstrong carries its own darkness. Casey finds a job and a comfortable guest room with the proprietor of the small general store, Vern and his ill wife, Dottie. Death keeps a close watch on Casey. She's surrounded by trouble. She captures a teen spray-painting nasty graffiti on the store's wall. The town shuns Dottie and blames Vern for jilting his fiancée to marry an outsider—forty-five years ago. The woman's still stalking Vern today. Casey finds a hateful letter accusing Dottie of tragedy based on a Halloween party, a fatality, and a woman missing for forty-five years. Residents ignore the couple at a free outdoor movie they sponsor. Casey stops another attempt to spray-paint graffiti on the store. Danger and cruelty range free beneath the calm surface of the town. When Dottie dies in the hospital, brutality overrides grief. A resident notifies the three attackers, who arrive to finish what they started with Casey. Finally, the painful truth explodes in violence based on revenge.

Hellenomania Katherine Harloe, Nicoletta Momigliano, Alexandre Farnoux, 2018-01-29 *Hellenomania*, the second volume in the MANIA series, presents a wide-ranging, multi-disciplinary exploration of the modern reception of ancient

Greek material culture in cultural practices ranging from literature to architecture, stage and costume design, painting, sculpture, cinema, and the performing arts. It examines both canonical and less familiar responses to both real and imagined Greek antiquities from the seventeenth century to the present, across various national contexts. Encompassing examples from Inigo Jones to the contemporary art exhibition documenta 14, and from Thessaloniki and Delphi to Nashville, the contributions examine attempted reconstructions of an 'authentic' ancient Greece alongside imaginative and utopian efforts to revive the Greek spirit using modern technologies, new media, and experimental practices of the body. Also explored are the political resonances of Hellenomaniac fascinations, and tensions within them between the ideal and the real, the past, present, and future. Part I examines the sources and derivations of Hellenomania from the Baroque and pre-Romantic periods to the early twentieth century. While covering more canonical material than the following sections, it also casts spotlights on less familiar figures and sets the scene for the illustrations of successive waves of Hellenomania explored in subsequent chapters. Part II focuses on responses, uses, and appropriations of ancient Greek material culture in the built environment—mostly architecture—but also extends to painting and even gymnastics; it examines in particular how a certain idealisation of ancient Greek architecture affected its modern applications. Part III explores challenges to the idealisation of ancient Greece, through the transformative power of colour, movement, and of reliving the past in the present human body, especially female. Part IV looks at how the fascination with the material culture of ancient Greece can move beyond the obsession with Greece and Greekness.
