*The 3-Season Diet* John Douillard,2007-12-18 Fitness and diet expert John Douillard helps you restore balance to your daily life with The 3-Season Diet Derived from a 5,000-year-old traditional medical system, the 3-season diet does what no other diet will: work along with the body's natural response to the changing seasons to feed the body what it craves and can best utilize at all times. In winter, for instance, we crave soups, nuts, warm grains, and other high-fat and protein foods such as fish and meat. In spring we want salads, berries, and leafy greens: a naturally low-fat diet. And in summer, when long days and outdoor activities require high energy, we desire fruits, vegetables, starches, and other high-carbohydrate foods. By following The 3-Season Diet's simple instructions for eating foods appropriate to each season, adjusting your diet to your body type, eating at the optimal time of the day, and exercising without triggering a survival response, The 3-Season Diet will become an easily sustainable way of life that lets you look and feel better than you've ever imagined.

*The Active Calorie Diet* Leslie Bonci,Editors Of Prevention Magazine,2015-01-30 New research has revealed what we suspected all along--not all calories are created equal! The calorie counts you've seen on nutrition labels are generated by a machine's calculations, but human bodies are not machines. Unlike those practically predigested Couch Potato Calories found in fast food and many processed snack foods, Active Calories take more work for your body to digest, allowing you to reap all the nutritional benefits without storing excess calories. Learn how to slim down and get more energy out of your food with the CHEW Factor: • Chewy--Do more work straight off the fork with foods that really make you chomp, like whole apples, lean steaks, or a handful of crunchy nuts. • Hearty--Satisfying foods like brown rice and whole grain cereal will fill you up and prevent you from absentminded munching. • Energizing--Foods like green tea, coffee, and dark chocolate fire up your metabolism and help you drop weight faster. • Warming--Fan the flames to burn even more calories with hot and spicy ingredients such as garlic, chili peppers, or even vinegar. Active Calories not only help you lose weight but also help you be more active so you trim down and firm up even faster. With an optional exercise program, a how-to on the Active Calorie Kitchen, more than 100 quick meals and recipes, and advice from real people who found success on the program, The Active Calorie Diet will transform your eating habits--and your waistline--permanently.

The Rice Diet Solution Kitty Gurkin Rosati,Robert Rosati,2006-06-06 Can you really lose twenty pounds in a month? Will you really keep it off this time? With The Rice Diet Solution, you will! The Rice Diet Program has been helping dieters successfully lose weight since 1939. Now in book form, this world-renowned weight-loss method can help you change the way you eat forever. The Rice Diet Program in Durham, North Carolina, was one of the first medical facilities in America to use diet as the primary way to treat disease. On this high-complex-carb, low-fat, and low-sodium whole-foods diet, “Ricers” lose weight faster, more safely, and more effectively than people on any other diet. Men lose on average twenty-eight to thirty pounds and women on average nineteen to twenty pounds per month! The Rice Diet also detoxes your body, ridding it of excess water weight and toxins from processed foods and the environment. The program's results have been documented by extensive studies and confirmed by thousands of people who report amazing weight loss, as well as immediate improvement in such conditions as heart disease, diabetes, and hypertension. Here’s how it works: The Rice Diet strictly limits salt and sodium-rich ingredients. Salt, like refined sugar, is an appetite stimulant, so when you reduce salt intake, you lose water weight and are less inclined to overeat. The Rice Diet also limits saturated fats and instead relies on carbohydrates (fruits, vegetables, grains, and beans) as the main source of nutrition. The fiber cleanses your system and satisfies you so you feel full quickly. The Rice Diet makes it easy to limit calories; when you’re eating foods that truly satisfy your hunger, it’s a challenge to eat 1,500 calories per day! To make it easy to follow the program, The Rice Diet Solution includes hundreds of tasty, filling, easy-to-prepare recipes—some from the Rice House kitchen, others inspired by major chefs and adapted to Rice Diet standards.
