**Groundswell** Katie Lee, 2012-05-29 If you liked Eat, Pray, Love, then read Groundswell. –US Weekly (Essential Summer Read selection) A compulsively readable novel charting the highs and lows of love (Jen Lancaster) about a young woman recovering from divorce who finds healing—and romance—through surfing. A butterfly flaps its wings in New York City...and a groundswell forms in Mexico. Sometimes the biggest ripples come from the smallest events. Like the day that novice PA Emma Guthrie walks into world-famous movie star Garrett Walker's trailer. When she walks out, she's on her way to becoming Mrs. Emma Walker, trading her jeans and flip-flops for closets full of Chanel and the start of a successful screenwriting career. But when an incriminating text message throws her marriage into question, Emma flees New York City for a sleepy coastal town in Mexico. Here, she meets gorgeous, California-born Ben, who teaches her about the healing powers of surfing, shows her the joys of the simple life, and opens her up to the possibility of love. An irresistible insider's glimpse into a glittering world, Katie Lee's debut novel is a captivating story about how losing everything you thought you wanted can be the first step to finding what you need.

**Groundswell, Expanded and Revised Edition** Charlene Li, Josh Bernoff, 2011-06-07 Corporate executives struggle to harness the power of

social technologies. Twitter, Facebook, blogs, YouTube are where customers discuss products and companies, write their own news, and find their own deals but how do you integrate these activities into your broader marketing efforts? It's an unstoppable groundswell that affects every industry -- yet it's still utterly foreign to most companies running things now. When consumers you've never met are rating your company's products in public forums with which you have no experience or influence, your company is vulnerable. In *Groundswell*, Josh Bernoff and Charlene Li explain how to turn this threat into an opportunity. In this updated and expanded edition of *Groundswell*, featuring an all new introduction and chapters on Twitter and social media integration, you'll learn to:

- Evaluate new social technologies as they emerge
- Determine how different groups of consumers are participating in social technology arenas
- Apply a four-step process for formulating your future strategy
- Build social technologies into your business

*Groundswell* is required reading for executives seeking to protect and strengthen their company's public image.

*Groundswell* Charlene Li, Josh Bernoff, 2011 Offering a strategy to winning in a world transformed by social technologies (blogs, podcasts, and social networking sites), the authors have designed a four-step process for building these technologies into a business.

*Groundswell* Jerry Abendroth, 2019-03-18 No matter the era or the time,

politics have captured the heart of Americans from the dawning days of our young nation to the present day with its ever-widening culture gap. Reviewers of history have commented on the acidic political times surrounding the Corrupt Bargain, the Teapot Dome scandal, and the Monica Lewinsky scandal. These scandals have caused increasing apathy in the electorate and an attitude of nothing will change around here ever. However, and there is always a however, fresh winds arrive with new persons, new ideas, and a new paradigm for a political change. Groundswell: An American Political Movement documents the arrival of that fresh breeze that the American public embraces with enthusiasm. Samuel Harrison is not a typical political candidate. In fact, he really isn't a political candidate at all, save his extraordinary run for the presidency. The political establishment reacts predictably with first dismissal, then derisiveness, and, finally, mild panic at the entry of Samuel into presidential politics. Even with his political naiveté, Samuel maneuvers the mine-filled waters of the Democrats and the Republicans with relative ease. As readers, we are afforded a front row seat for this narrative on the Harrison presidential train through rough terrain to unexpected outcomes.

**Groundswell** Stephanie Gilmore, 2013 *Groundswell: Grassroots Feminist Activism in Postwar America* offers an essential perspective on the post-1960

movement for women's equality and liberation. Tracing the histories of feminist activism, through the National Organization of Women (NOW) chapters in three different locations: Memphis, Tennessee, Columbus, Ohio, and San Francisco, California, Gilmore explores how feminist identity, strategies, and goals were shaped by geographic location. Departing from the usual conversation about the national icons and events of second wave feminism, this book concentrates on local histories, and asks the questions that must be answered on the micro level: Who joined? Who did not? What did they do? Why did they do it? Together with its analysis of feminist political history, these individual case studies from the Midwest, South, and West coast shed light on the national women's movement in which they played a part. In its coverage of women's activism outside the traditional East Coast centers of New York and Boston, Groundswell provides a more diverse history of feminism, showing how social and political change was made from the ground up.

The Groundswell Moving David Augustus Robertson, 2021-07-04 The Groundswell Moving, winner of the Branton New Voices Prize, sees David Augustus Robertson tell the story of his family in terms that are both celebratory and elegiac. In each poem, Robertson carefully locates the complicated tensions and allegiances of both our public postures and our intimate selves. In long, rugged, and occasionally Whitmanesque poems, Robertson combines a sweeping pace with a sharp eye for detail. This is a tender and exhilarating first book.

**Groundswell** Brett Davis, 2012 Travel through the decades in the history of Christian Surfers - from a group of teenagers in Cronulla, Australia in 1977 to the global movement of surfers it is today. Groundswell is the story of ordinary people trusting in God to do the extraordinary.

*Groundswell* Yanara Friedland, 2021-03-31 Literary Nonfiction. Jewish Studies. GROUNDSWELL is a collection of border narratives, rituals, and biographies of Grenzgaenger. Inside the narrator's dream to return home, we encounter the living archive of walls and ruins. Along Germany's former east-west division or the southwest borderlands of the US and Mexico, the ground begins to swarm with stories. The multivocal text, composed from oral histories and memories, presents voices at the crossroads who weave a map between teller and listener, site and onlooker, the dead and the living as well as the walking body and earth itself.

**Groundswell** Ezra Levant, 2015-09-29 From a bestselling author comes a provocative exploration of the next big thing in energy--fracking--and its profound impact on geopolitics and the global economy. In a few short years, the discovery of vast reserves of until now unreachable natural gas, and the adoption of a process to get at it, have brought about a shale-gas revolution that is transforming Canada and the United States. In Groundswell, Ezra Levant looks at fracking's enemies--who they are, and what they don't want us to know--and debunks claims about contaminated groundwater, fracking chemicals, and earthquakes. And he also looks at fracking's benefits:

significant job and wealth creation, lower CO2 emissions, and, most importantly, increased political freedom. With natural gas in abundance, prices fall and the stranglehold of energy companies such as Russia's Gazprom loosens. Countries such as Ukraine, Poland, France, Israel, and China have vast reserves of shale gas, and accessing it could mean a monumental shift in energy politics. In this timely and provocative book, Levant explores the promise of natural gas that fracking has made possible and provides an eye-opening look at a subject of growing international importance.

*Quarterly Essay 8 Groundswell* Amanda Lohrey, 2002-11-01 Who are the Greens, where do they come from and where are they going? In the wake of the Cunningham by-election and the Tasmanian results Amanda Lohrey, novelist and political thinker, looks at the philosophical background of the Greens, the history of the campaigns to save the wilderness and the election figures that suggest the Greens are making powerful advances towards becoming the major 'minor' party in Australia. This is a compelling portrait of the Greens and of their leader Bob Brown which depicts them as the most formidable attempt

that has been made on the Left to deal with the damage of globalisation. 'In Australia it is the Green, not the Democrats, who have emerged as the authentic representatives of this developing constituency ... They are not a collection of ersatz Liberals ... [they] are clear on the bottom-line accounting ... There is a crucial sense in which the Greens know where they come from.' –Amanda Lohrey, Groundswell 'Bob Brown in Amanda Lohrey's characterisation is certainly a man for all seasons. She emphasizes the skepticism as well as the spirituality and the kind of personal integrity that can hush a House of Parliament by force not of charisma but of conviction.' –Peter Craven 'She takes us systematically and in economic detail through the origins of the Green Movement as a new paradigm of what politics is or should be about – the ecological, the knowledgeable, respectful and restrained use of nature.' –Canberra Times 'Bringing her novelist's eye to the history of environmental politics, Amanda Lohrey paints a vivid picture of the Greens' formative decades.' –the Age Amanda Lohrey has written two Quarterly Essays, Groundswell: The Rise of the Greens and Voting for Jesus: Christianity and Politics in Australia. She is also the author of the novella Vertigo and of the short story collection, Reading Madame Bovary, which won the Fiction Prize and the Steele Rudd Short Story Award in the 2011 Queensland Literary Awards. Her novel, The Philosopher's Doll, was longlisted for the Miles Franklin Award and the International IMPAC Dublin Literary Award. In 2012 she was awarded the Patrick White Literary Award.
