Achtung-Panzer! Heinz Guderian,1995 This is one of the most significant military books of the twentieth century. By an outstanding soldier of independent mind, it pushed forward the evolution of land warfare and was directly responsible for German armoured supremacy in the early years of the Second World War. Published in 1937, the result of 15 years of careful study since his days on the German General Staff in the First World War, Guderian's book argued, quite clearly, how vital the proper use of tanks and supporting armoured vehicles would be in the conduct of a future war. When that war came, just two years later, he proved it, leading his Panzers with distinction in the Polish, French and Russian campaigns. Panzer warfare had come of age, exactly as he had forecast. This first English translation of Heinz Guderian's classic book - used as a textbook by Panzer officers in the war - has an introduction and extensive background notes by the modern English historian Paul Harris.

Perfect Girls, Starving Daughters Courtney E. Martin,2007-04-17 Why does every one of my friends have an eating disorder, or, at the very least, a screwed-up approach to food and fitness? writes journalist Courtney E. Martin. The new world culture of eating disorders and food and body issues affects virtually all -- not just a rare few -- of today's young women. They are your sisters, friends, and colleagues -- a generation told that they could be anything, who instead heard that they had to be everything. Driven by a relentless quest for perfection, they are on the verge of a breakdown, exhausted from overexercising, binging, purging, and depriving themselves to attain an unhealthy ideal. An emerging new talent, Courtney E. Martin is the voice of a young generation so obsessed with being thin that their consciousness is always focused inward, to the detriment of their careers and relationships. Health and wellness, joy and love have come to seem ancillary compared to the desire for a perfect body. Even though eating disorders first became generally known about twenty-five years ago, they have burgeoned, worsened, become more difficult to treat and more fatal (50 percent of anorexics who do not respond to treatment die within ten years). Consider these statistics: Ten million Americans suffer from eating disorders. Seventy million people worldwide suffer from eating disorders. More than half of American women between the ages of eighteen and twenty-five would prefer to be run over by a truck or die young than be fat. More than two-thirds would rather be mean or stupid. Eating disorders have the highest mortality rate of any psychological disease. In *Perfect Girls, Starving Daughters*, Martin offers original research from the front lines of the eating disorders battlefield. Drawn from more than a hundred interviews with sufferers, psychologists, nutritionists, sociocultural experts, and others, her exposé reveals a new generation of perfect girls who are obsessive-compulsive, overachieving, and self-sacrificing in multiple -- and often dangerous -- new ways. Young women are told over and over again, Martin notes, that we can be anything. But in those affirmations, assurances, and assertions was a concealed pressure, an unintended message: You are special. You are worth something. But you need to be perfect to live up to that specialness. With its vivid and often heartbreaking personal stories, *Perfect Girls, Starving Daughters* has the power both to shock and to educate. It is a true call to action and cannot be missed.

Hard Like Water Yan Lianke,2021-06-15 “Yan is one of those rare geniuses who finds in the peculiar absurdities of his own culture the absurdities that infect all cultures.” —The Washington Post From the Kafka Prize winner and two-time Booker Prize finalist, this is a gripping and biting satirical story of ambition and betrayal, following two young communist revolutionaries whose forbidden love sets them apart from their traditionally minded village as the Cultural Revolution sweeps China. Gao Aijun is a son of the soil of Henan’s Balou Mountains, and after his Army service,

he is on his way back to his ancestral village, feeling like a hero. Close to his arrival, he sees a strikingly attractive woman walking barefoot alongside a railway track in the warm afternoon sun, and is instantly smitten. She is Xia Hongmei, and lives up to her name of “beautiful flower.” Hiding their relationship from their spouses, the pair hurl themselves into the struggle to bring revolution to their backwater village. They spend their days and nights writing pamphlets, organizing work brigades, and attending rallies, feeling they are the vanguard for the full-blown revolution that is waiting in the wings. Emboldened by encouragement from the Party, the couple dig a literal “tunnel of love” between their homes where, while the unsuspecting villagers sleep, they sing revolutionary songs and compete in shouting matches of Maoist slogans before making earth-moving love. But when their torrid relationship is discovered and they have to answer to Hongmei’s husband, their dreams of a bright future together begin to fray. Will their devotion to the cause save their skins, or will they too fall victim to the revolution that is swallowing up the country? A novel of rare emotional force and surprising humor, *Hard Like Water* is an operatic and brilliantly plotted human drama about power’s corrupting nature and the brute force of love and desire. “A blistering tour de force . . . poses the uncomfortable and timely question: how did each of us arrive at our certainties?” —The Guardian “One of China’s most important—and certainly most fearless—living writers.” —Kirkus Reviews

The Sixth Station Linda Stasi, 2013-12-01 Some say Demiel ben Yusef is the world's most dangerous terrorist, personally responsible for bombings and riots that have claimed the lives of thousands. Others insist he is a man of peace, a miracle worker, and possibly even the Son of God. His trial in New York City for crimes against humanity attracts scores of protestors, as well as media and religious leaders from around the world. Cynical reporter Alessandra Russo heads to the UN hoping for a piece of the action, but soon becomes entangled in controversy and suspicion when ben Yusef singles her out for attention among all other reporters. As Alessandra begins digging into ben Yusef's past, she is already in more danger than she knows—and when she is falsely accused of murder during her investigation, she is forced to flee New York. On the run from unknown enemies, Alessandra finds herself on the trail of a global conspiracy and a story that could shake the world to its foundations. Is Demiel ben Yusef the Second Coming or the Antichrist? The truth may lie in the secret history of the Holy Family, a group of Templars who defied the church, and a mysterious relic stained with the sacred blood of Christ Himself.

Paranoia TV Ekaterina Degot, David Riff, 2021 Overnight somewhere in April 2020, the 54th edition of the steirischer herbst festival in Graz, Austria, turned into a semi-fictitious media company, a broadcaster called Paranoia TV. Newly commissioned works by artists included feature films, binge-worthy serial formats, and online discussions galore. Assuming the role of a broadcaster did not just involve moving to the virtual, however. Presence, as well as absence, are always inscribed in media; television is both a celebration of reality as well as that reality's complete absence. It is perhaps the next platform contemporary art can fully critically embrace. 00Exhibition: steirischer herbst 2020?Paranoia TV, Graz, Austria (2020).

Pandemic Dreams Deirdre Barrett, 2020-06-12 This fascinating little volume explores the stuff that dreams are made of and the role the pandemic is playing in them. The dreams from Barrett's survey are riveting vignettes--from terrifying to touching to hilarious. Her decades of scientific research and clinical practice inform incisive commentary on what these dreams reveal about society's response. She offers simple exercises for managing anxieties over COVID-19 and for inspiring adaption in this unique period of history. A great read! -Amy Tan, author of *The Joy Luck Club* DREAM: I looked down at my stomach and saw dark blue stripes. I remembered these were the first sign of being infected with COVID-19. DREAM: My home was a Covid-19 test center. People weren't wearing masks. I'm taken aback because I wasn't asked to be a test site. I'm worried that my husband and son (who actually lives out of state) will catch it because of my job as a healthcare worker. DREAM: I was a giant antibody. I was so angry about COVID-19 that it gave me superpowers, and I rampaged around attacking all the virus I could find. I woke so energized! Since the COVID-19 pandemic swept around the world, people have reported unusually a vivid and bizarre dream lives. The virus itself is the star of many--literally or in one of its metaphoric guises. As a dream researcher at Harvard Medical School, Deirdre Barrett was immediately curious to see what our dream lives would tell us about our deepest reactions to this unprecedented disaster. *Pandemic Dreams* draws on her survey of over 9,000 dreams about the COVID-19 crisis. It describes how dreaming has reflected each aspect of the pandemic: fear of catching the virus, reactions to sheltering at home, work changes, homeschooling, and an individual's increased isolation or crowding. Some patterns are quite similar to other crises Dr. Barrett has studied such as 9/11, Kuwaitis during the Iraqi Occupation, POWs in WWII Nazi prison camps, and Middle Easterners during the Arab Spring. There are some very distinctive metaphors for COVID-19, however: bug-attack dreams and ones of invisible monsters. These reflect that this crisis is less visible or concrete than others we have faced. Over the past three months, dreams have progressed from fearful depictions of the mysterious new threat . . . to impatience with restrictions . . . to more fear again as the world begins to reopen. And dreams have just begun to consider the big picture: how society may change. The book offers guidance on how we can best utilize our newly supercharged dream lives to aid us through the crisis and beyond. It explains practical exercises for dream interpretation, reduction of nightmares, and incubation of helpful, problem-solving dreams. It also examines the larger arena of what these collective dreams tell us about our instinctive, unconscious responses to the threat and how we might integrate them for more livable policies through these times. Deirdre Barrett, PhD is a dream researcher at Harvard Medical School. She has written five books including *Pandemic Dreams* and *The Committee of Sleep*, and edited four including *Trauma and Dreams*. She is Past President of The International Association for the Study of Dreams and editor of its journal, *DREAMING*.
