The End of Accounting and the Path Forward for Investors and Managers Baruch Lev,Feng Gu,2016-06-14 An innovative new valuation framework with truly useful economic indicators The End of Accounting and the Path Forward for Investors and Managers shows how the ubiquitous financial reports have become useless in capital market decisions and lays out an actionable alternative. Based on a comprehensive, large-sample empirical analysis, this book reports financial documents' continuous deterioration in relevance to investors' decisions. An enlightening discussion details the reasons why accounting is losing relevance in today's market, backed by numerous examples with real-world impact. Beyond simply identifying the problem, this report offers a solution—the Value Creation Report—and demonstrates its utility in key industries. New indicators focus on strategy and execution to identify and evaluate a company's true value-creating resources for a more up-to-date approach to critical investment decision-making. While entire industries have come to rely on financial reports for vital information, these documents are flawed and insufficient when it comes to the way investors and lenders work in the current economic climate. This book demonstrates an alternative, giving you a new framework for more informed decision making. Discover a new, comprehensive system of economic indicators Focus on strategic, value-creating resources in company valuation Learn how traditional financial documents are quickly losing their utility Find a path forward with actionable, up-to-date information Major corporate decisions, such as restructuring and M&A, are predicated on financial indicators of profitability and asset/liabilities values. These documents move mountains, so what happens if they're based on faulty indicators that fail to show the true value of the company? The End of Accounting and the Path Forward for Investors and Managers shows you the reality and offers a new blueprint for more accurate valuation.

Mr. Gu's Overbearing Love to Sweet Wife Di MeiLiuGuang,2019-10-07 He, Ol 'Five Wang, actually wants to be a blind date? Alright, he might as well find someone who is more pleasing to the eye and listen to him.Clever, timid, an illegitimate daughter like a shadow was perfect. When anyone objected, he would first cook the rice until it was cooked.She was not his type at all, but she was very rebellious. He would not admit that he had misjudged her, that he had disobeyed her and conquered her, oppressed her, made her submit.He had never treated her as an opponent, but he actually fell for her just like that, and was going to live a peaceful life with her.His ex-girlfriend had come back, but his little wife had left home. She was so stubborn that even if she had nothing to lose, she didn't want to let go of her dignity and stay by his side.
