The First Time I Thought I Was Dying Sarah Walker,2021-08-03 A dazzling collection of essays that unpacks our unruly bodies and minds and questions why we are taught to fear and punish them, from an exciting and award-winning new author. We live in a world that expects us to be constantly in control of ourselves. Our bodies and minds, though, have other ideas. In this striking debut, artist and writer Sarah Walker wrestles with the awkward spaces where anatomy meets society: body image and Photoshop, phobias and religion, sex scenes and onstage violence, death and grief. Her luminous writing is at once specific and universal as she mines the limits of anxiety, intimacy and control. Sharp-witted and poignant, this collection of essays explores our unruly bodies and asks how we might learn to embrace our own chaos.

I Go by Sea, I Go by Land P. L. Travers,2016-11-15 'James and I stayed on at home and everything was quiet and sunny and we got to thinking the war would never come after all . . . Just when we were so sure nothing would happen, the German plane came over. It came over one night at one o'clock in the morning and the sound was quite different from an English plane and we all woke up. You could hear it drumming and drumming like a big bee in a flower, buroom, buroom, buroom, round and round in the air above the house. Then suddenly there were five loud explosions. After that there was a terrible silence and I knew that Father and Mother were looking at each other in the darkness and I felt myself getting small and tight inside. Then Father said quietly, Meg, they must go!' Now I am going to write a Diary because we are going to America because of the War. It has just been decided. I will write down everything about it because we shall be so much older when we come back that I will never remember it if I do not. So this is the beginning. Oh, please let us come back soon, please.' This is the fictional diary of Sabrina Lind, an eleven-year-old English girl who, with her little brother James, is sent on the long voyage across the sea to her aunt in America.

Go, Went, Gone Jenny Erpenbeck,2017-09-15 An unforgettable German bestseller about the European refugee crisis: “Erpenbeck will get under your skin” (Washington Post Book World) Go, Went, Gone is the masterful new novel by the acclaimed German writer Jenny Erpenbeck, “one of the most significant German-language novelists of her generation” (The Millions). The novel tells the tale of Richard, a retired classics professor who lives in Berlin. His wife has died, and he lives a routine existence until one day he spies some African refugees staging a hunger strike in Alexanderplatz. Curiosity turns to compassion and an inner transformation, as he visits their shelter, interviews them, and becomes embroiled in their harrowing fates. Go, Went, Gone is a scathing indictment of Western policy toward the European refugee crisis, but also a touching portrait of a man who finds he has more in common with the Africans than he realizes. Exquisitely translated by Susan Bernofsky, Go, Went, Gone addresses one of the most pivotal issues of our time, facing it head-on in a voice that is both nostalgic and frightening.

Must I Go Yiyun Li,2020-07-28 “One of our major novelists” (Salman Rushdie) tells the story of a woman reflecting on her uncompromising life, and the life of a former lover, in this provocative novel. “Yiyun Li is one of my favorite writers, and *Must I Go* is an extraordinary book.”—Meg Wolitzer, New York Times bestselling author of *The Female Persuasion* and *The Interestings* NAMED ONE OF THE BEST BOOKS OF THE YEAR BY MARIE CLAIRE AND ESQUIRE Lilia Liska has shrewdly outlived three husbands, raised five children, and seen the arrival of seventeen grandchildren. Now she has turned her keen attention to the diary of a long-forgotten man named Roland Bouley, with whom she once had a fleeting affair. Increasingly obsessed with Roland's intimate history, Lilia begins to annotate the diary with her own rather different version of events, revealing the surprising, long-held secrets of her past. She returns inexorably to the memory of her daughter Lucy. This is a novel about life in all its messy glory, and of a life lived, by the extraordinary Lilia, absolutely on its own terms. With great candor and insight, Yiyun Li navigates the twin poles of grief and resilience, loss and rebirth, that compass a human heart.

Go Ahead in the Rain Hanif Abdurraqib,2019-02-01 A New York Times Best Seller A February IndieNext Pick Named A Most Anticipated Book of 2019 by Buzzfeed, Nylon, The A. V. Club, CBC Books, and The Rumpus. And a Winter's Most Anticipated Book by Vanity Fair and The Week Starred Reviews: Kirkus and Booklist Warm, immediate and intensely personal.—New York Times How does one pay homage to A Tribe Called Quest? The seminal rap group brought jazz into the genre, resurrecting timeless rhythms to create masterpieces such as *The Low End Theory* and *Midnight Marauders*. Seventeen years after their last album, they resurrected themselves with an intense, socially conscious record, *We Got It from Here . . . Thank You 4 Your Service*, which arrived when fans needed it most, in the aftermath of the 2016 election. Poet and essayist Hanif Abdurraqib digs into the group's history and draws from his own experience to reflect on how its distinctive sound resonated among fans like himself. The result is as ambitious and genre-bending as the rap group itself. Abdurraqib traces the Tribe's creative career, from their early days as part of the Afrocentric rap collective known as the Native Tongues, through their first three classic albums, to their eventual breakup and long hiatus. Their work is placed in the context of the broader rap landscape of the 1990s, one upended by sampling laws that forced a reinvention in production methods, the East Coast-West Coast rivalry that threatened to destroy the genre, and some record labels' shift from focusing on groups to individual MCs. Throughout the narrative Abdurraqib connects the music and cultural history to their street-level impact. Whether he's remembering *The Source* magazine cover announcing the Tribe's 1998 breakup or writing personal letters to the group after bandmate Phife Dawg's death, Abdurraqib seeks the deeper truths of A Tribe Called Quest; truths that—like the low end, the bass—are not simply heard in the head, but felt in the chest.

Fuzzy Mud Louis Sachar,2015-08-04 From the author of the acclaimed bestseller *Holes*, winner of the Newbery Award and the National Book Award, comes a New York Times bestselling adventure about the impact we have—both good and bad—on the world we live in. Be careful. Your next step may be your last. Fifth grader Tamaya Dhilwaddi and seventh grader Marshall Walsh have been walking to and from Woodridge Academy together since elementary school. But their routine is disrupted when bully Chad Hilligas challenges Marshall to a fight. To avoid the conflict, Marshall takes a shortcut home through the off-limits woods. Tamaya, unaware of

the reason for the detour, reluctantly follows. They soon get lost. And then they find trouble. Bigger trouble than anyone could ever have imagined. In the days and weeks that follow, the authorities and the U.S. Senate become involved, and what they uncover might affect the future of the world. Sachar blends elements of mystery, suspense, and school-day life into a taut environmental cautionary tale.--Publishers Weekly

Songwoman Ilka Tampke,2018-10-01 One woman's quest to defend her culture. Haunted by the Roman attack that destroyed her home, Ailia flees to the remote Welsh mountains in search of the charismatic war king, Caradog, who is leading a guerrilla campaign against the encroaching army. Ailia proves herself an indispensable advisor to the war king, but as the bond between them deepens, she realises the terrible role she must play to save the soul of her country. 'Vivid world-building, a seamless blend of research and imagination, and the heightened lexicon of fantasy lend a beguiling lustre to this Iron Age saga.' Age 'Songwoman is a sparkling piece of writing, shot through with complex moral struggles and questions about what it means to belong to a place. Ilka Tampke transported me into the mind of Ailia, into her intense relationship with war king Caradog and her even more intense relationship with the land. Fine-tuned historical research blends seamlessly into this gripping story of a young woman fighting to stop the destruction of her home.' Jane Rawson, author of From the Wreck 'Those who root for Game of Thrones' Daenerys Targaryen will find much to love in Ailia's personal quest, with Tampke more successfully navigating the realms of almost fantasy than Ishiguro, marking her out as an exciting talent to watch.' Readings on Skin 'Fantasy lovers will enjoy the mysticism and world building, and historical fiction readers will appreciate the Roman invasion story line.' Istanbul Bettany Hughes,2017-09-19 Istanbul has long been a place where stories and histories collide, where perception is as potent as fact. From the Koran to Shakespeare, this city with three names--Byzantium, Constantinople, Istanbul -- resonates as an idea and a place, real and imagined. Standing as the gateway between East and West, North and South, it has been the capital city of the Roman, Byzantine, and Ottoman Empires. For much of its history it was the very center of the world, known simply as The City, but, as Bettany Hughes reveals, Istanbul is not just a city, but a global story. In this epic new biography, Hughes takes us on a dazzling historical journey from the Neolithic to the present, through the many incarnations of one of the world's greatest cities--exploring the ways that Istanbul's influence has spun out to shape the wider world. Hughes investigates what it takes to make a city and tells the story not just of emperors, viziers, caliphs, and sultans, but of the poor and the voiceless, of the women and men whose aspirations and dreams have continuously reinvented Istanbul. Written with energy and animation, award-winning historian Bettany Hughes deftly guides readers through Istanbul's rich layers of history. Based on meticulous research and new archaeological evidence, this captivating portrait of the momentous life of Istanbul is visceral, immediate, and authoritative -- narrative history at its finest.

Beatlebone Kevin Barry,2015-11-17 A searing, surreal novel that blends fantasy and reality—and Beatles fandom—from one of literature's most striking contemporary voices, author of the international sensation City of Bohane It is 1978, and John Lennon has escaped New York City to try to find the island off the west coast of Ireland he bought eleven years prior. Leaving behind domesticity, his approaching forties, his inability to create, and his memories of his parents, he sets off to calm his unquiet soul in the comfortable silence of isolation. But when he puts himself in the hands of a shape-shifting driver full of Irish charm and dark whimsy, what ensues can only be termed a magical mystery tour. Beatlebone is a tour de force of language and literary imagination that marries the most improbable elements to the most striking effect. It is a book that only Kevin Barry would attempt, let alone succeed in pulling off—a Hibernian high wire act of courage, nerve, and great beauty.

To Your Scattered Bodies Go Philip Jose Farmer,2013-01-24 All those who ever lived on Earth have found themselves resurrected - healthy, young, and naked as newborns - on the grassy banks of a mighty river, in a world unknown. Miraculously provided with food, but with no clues to the meaning of their strange new afterlife, billions of people from every period of Earth's history - and prehistory - must start again. Sir Richard Francis Burton would be the first to glimpse the incredible way-station, a link between worlds. This forbidden sight would spur the renowned 19th-century explorer to uncover the truth. Along with a remarkable group of compatriots, including Alice Liddell Hargreaves (the Victorian girl who was the inspiration for Alice in Wonderland), an English-speaking Neanderthal, a WWII Holocaust survivor, and a wise extraterrestrial, Burton sets sail on the magnificent river. His mission: to confront humankind's mysterious benefactors, and learn the true purpose - innocent or evil - of the Riverworld . . . Winner of the Hugo Award for best novel, 1972

The Go-Between Osman Yousefzada,2022-01-27 WINNER OF THE BIOGRAPHERS' CLUB SLIGHTLY FOXED BEST FIRST BIOGRAPHY PRIZE 'Full of love, wisdom and yearning' Kit de Waal A coming-of-age story set in Birmingham in the 1980s and 1990s, The Go-Between opens a window into a closed migrant community living in a red-light district on the wrong side of the tracks. The adult world is seen through Osman's eyes as a child: his own devout migrant Muslim patriarchal community, with its divide between the world of men and women, living cheek-by-jowl with parallel migrant communities. Alternative masculinities compete with strict gender roles, and female erasure and honour-based violence are committed, even as empowering female friendships prevail. The stories Osman tells, some fantastical and humorous, others melancholy and even harrowing, take us from the Birmingham of Osman's childhood to the banks of the river Kabul and the river Indus, and, eventually, to the London of his teenage years. Osman weaves in and out of these worlds, struggling with the dual burdens of racism and community expectations, as he is forced to realise it is no longer possible to exist in the spaces in between.

Move Fast and Break Things Jonathan Taplin,2017-04-18 The book that started the Techlash. A stinging polemic that traces the destructive monopolization of the Internet by Google, Facebook and Amazon, and that proposes a new future for musicians, journalists, authors and filmmakers in the digital age. Move Fast and Break Things is the riveting account of a small group of libertarian entrepreneurs who in the 1990s began to hijack the original decentralized vision of the Internet, in the process creating three monopoly firms -- Facebook, Amazon, and Google -- that now determine the future of the music, film, television, publishing and news industries. Jonathan Taplin offers a succinct and powerful history of how online life began to be shaped around the values of the men who founded these companies, including Peter Thiel and Larry Page: overlooking piracy of books, music, and film while hiding behind opaque business practices and subordinating the privacy of individual users in order to create the surveillance-marketing monoculture in which we now live. The enormous profits that have come with this concentration of power tell their own story. Since 2001, newspaper and music revenues have fallen by 70 percent; book publishing, film, and television profits have also fallen dramatically. Revenues at Google in this same period grew from \$400 million to \$74.5 billion. Today, Google's YouTube controls 60 percent of all streaming-audio business but pay for only 11 percent of the total streaming-audio revenues artists receive. More creative content is being consumed than ever before, but less revenue is flowing to the creators and owners of that content. The stakes here go far beyond the livelihood of any one musician or journalist. As Taplin observes, the fact that more and more Americans receive their news, as well as music and other forms of entertainment, from a small group of companies poses a real threat to democracy. Move Fast and Break Things offers a vital, forward-thinking prescription for how artists can reclaim their audiences using knowledge of the past and a determination to work

together. Using his own half-century career as a music and film producer and early pioneer of streaming video online, Taplin offers new ways to think about the design of the World Wide Web and specifically the way we live with the firms that dominate it.

Time to Go Guy Kennaway,2019-02-07 In 2017 Susie Kennaway asked her son Guy to kill her. 88 years old, with an older and infirm husband, Susie wanted to avoid sliding into infantilised catatonia. The son immediately started taking notes and Time to Go is the result. In turns a manual for those considering the benefits of assisted dying, a portrait of a mother son relationship, and a sympathetic description of old age, this book is a route map through the moral, legal, emotional, intellectual and practical maze that is the biggest issue facing the senior generations today: leaving life on their own terms. During their conversations about when and how to make Susie's final exit, some of the difficulties of their fractious relationship mellowed and some even melted, as the reality of what they were planning brought them together. Many elderly people, like Susie, have clearly stated that they wish to die in a manner and time of their choosing. But the church, the law, the medical profession and the pharmaceutical industry stand in the way, wagging their fingers. A change is coming for the rights of the elderly, the way it has come for the rights of women and gay people. Time to Go is a rallying call in this fight. Life is too precious not to be lived properly. As with a job, a relationship or a party, you have to know when it's time to go.

Aging Easy Mondresia Carver,2021-07-19 People often ask, Why Seniors? My response is always the same, Why NOT Seniors? I have always had an unwavering desire to serve and protect the elderly. Even as a child, when given the opportunity to choose, my choice was always to be in the company of the older folk. I have found their wisdom and conversation to be priceless. For Seniors, living independently during their golden years can be an enjoyable and rewarding time of life. Most desire to maintain their dignity, quality of life, and independence while living at home. Sounds simple enough. However, what I have found to be true, both professionally and personally, is that things aren't always so simple. As a very young adult, I can recall experiencing the loss of my maternal great-grandmother. Having not been afforded the knowledge that I currently possess, watching her cognitive decline over a 5-year span was painful. On the day of her funeral, I can still recall feeling as though I'd lost my grandmother several years prior. A better understanding of her diagnosis would have added more quality to the time we shared. Experiencing the loss of my paternal grandmother was another taxing experience. Though her diagnosis did not rob her of her cognitive ability, Cancer certainly took everything else. During this experience, my knowledge base for the situation was greater. Therefore, medical attention, placement, and long-term planning were much easier. Most recently, the loss of my maternal grandfather was a challenge that tugged on every ounce of knowledge, experience, and emotion possible. Within a 7-month period, I watched my grandfather drift from what most called, The World's Oldest Teenager to being completely bedridden and dependent on others for care. Heart attack, stroke, cancer, kidney failure, dialysis, feeding tube, tracheostomy, cardiac arrest, and resuscitation were only among the most significant challenges that he endured. Fortunately, my family and I were able to make informed decisions to assure that he maintained quality of life. Working in Senior care for over 20 years, I have been exposed to all aspects. I have consoled weeping widows. I have found placement for seniors who have no family. I have advocated for seniors who were mistreated by family and/or professionals. I have found assistance for seniors that wanted to remain at home but needed a little help. I have helped family to understand that Hospice is actually very beneficial and not death sentence. I have hired good caregivers. I have terminated poor caregivers. I have also provided Psychotherapy for seniors who suffer from depression and anxiety. In short, Seniors and their families experience the same issues as those in other populations. For me, it is a God-given charge that I do all that is within my power to assure that this population is provided with the supports needed to be safe, healthy, and happy.
