City Brand: Reflections and Proposals for Building and Managing City Brands; Patrícia Cerqueira Reis,2020-04-27 Reflections on the past and the present followed by propositions for the future of Rio de Janeiro are part of the routine of every carioca, native or at heart, especially those dedicated to the uncontrollable art of defending this wonderful city. With this book, Patrícia Reis, a native carioca, reveals us much more than the difference of concepts and references that form the identity of a destination brand, proposing us a model of construction and management that goes far beyond design. From this perspective, brand becomes an articulating element of the relationships that are established between people and place, the dream of consumption of every professional involved with the city soul.

Extremos Pedro Fernando Nery,2024-04-16 Neste livro que percorre realidades extremas de um país desigual, o economista Pedro Fernando Nery traça um panorama esclarecedor e solidamente embasado que ajuda a entender nossas desigualdades e seu reflexo no crescimento econômico. Do distrito paulistano de Pinheiros, o lugar com o mais alto índice de desenvolvimento, à amazonense Ipixuna, a cidade com pior colocação; passando por onde se vive menos e também por onde se vive mais; pela unidade mais rica da Federação e pelo estado mais pobre; pela cidade com mais aposentados e a que mais recebeu o

auxílio emergencial durante a pandemia da covid-19. Cada ponto desse roteiro serve de pano de fundo e mote para se discutir pautas econômicas, sociais e políticas importantes – como as reformas tributária, administrativa e previdenciária –, bem como um conjunto de propostas para mudar o Brasil. No percurso, o autor apresenta novos e referendados ângulos sobre questões como crescimento e reestruturação das cidades, imigração, biodiversidade, investimento na infância e na educação, programas de transferência de renda e tributação do patrimônio. Criativo e didático, *Extremos* é uma leitura imprescindível para o debate e a ação.

Into Battle Winston S. Churchill, 2013-04-01 This first volume of collected essays and journalism from the Nobel Prize-winning prime minister includes some of his most important WWII speeches. Legendary politician and military strategist Winston S. Churchill was a master not only of the battlefield, but of the page and the podium. Over the course of forty books and countless speeches, broadcasts, news items and more, he addressed a country at war and at peace, thrilling with victory but uneasy with its shifting role in global politics. In 1953, he was awarded the Nobel Prize for Literature for “his mastery of historical and biographical description as well as for brilliant

oratory in defending exalted human values.” During his lifetime, he enthralled readers and brought crowds roaring to their feet; in the years since his death, his skilled writing has inspired generations of eager history buffs. Churchill was at his best when rallying Britons to the twin causes of war and justice, delivering inspiration and hope during the hard years of bombings, violence, sacrifice, and terror. This compilation, composed of speeches made in the early years of the war, contains some of his best. Profound words from famous speeches in this collection include: “This was their finest hour;” “Never in the field of human conflict was so much owed, by so many, to so few;” and “I have nothing to offer but blood, toil, tears and sweat.” Many decades after the end of the war, Churchill’s words still have the power to stir the blood—and inspire the heart. A must-read for all WWII history fans.

Wonderful Tonight Pattie Boyd, Penny Junor, 2008-05-27 #1 NEW YORK TIMES BESTSELLER • For the first time, rock music’s most famous muse tells her incredible story “A charming, lively and seductive book . . . The appeal of Wonderful Tonight is as self-evident as the seemingly simple but brash opening chord of ‘A Hard Day’s Night.’”—The New York Times Book Review Pattie Boyd, former wife of both George Harrison and Eric Clapton, finally breaks a forty-year silence and tells the story of how she found herself bound to two of the most addictive, promiscuous musical geniuses of the twentieth century and became the most legendary muse in the history of rock and roll. The woman

who inspired Harrison's song "Something" and Clapton's anthem "Layla," Pattie Boyd has written a book that is rich and raw, funny and heartbreaking—and totally honest.

Achtung-Panzer! Heinz Guderian,1995 This is one of the most significant military books of the twentieth century. By an outstanding soldier of independent mind, it pushed forward the evolution of land warfare and was directly responsible for German armoured supremacy in the early years of the Second World War. Published in 1937, the result of 15 years of careful study since his days on the German General Staff in the First World War, Guderian's book argued, quite clearly, how vital the proper use of tanks and supporting armoured vehicles would be in the conduct of a future war. When that war came, just two years later, he proved it, leading his Panzers with distinction in the Polish, French and Russian campaigns. Panzer warfare had come of age, exactly as he had forecast. This first English translation of Heinz Guderian's classic book - used as a textbook by Panzer officers in the war - has an introduction and extensive background notes by the modern English historian Paul Harris.
