Of course, you'll have to adapt your strategies as you face different foes in different settings, but these general tips can get you through just about any level. Best Tips to Destroy Your Enemies in Plants Vs. Zombies Minh Hoang Pham, 2019-05-31 Check this guide out for everything you need to know to get started in Plants vs Zombies Garden Warfare 2. Plants vs Zombies Garden Warfare 2 has plenty of things to do that the original did not have. You can roam around the backyard, defend as zombies, level up easier, do plenty of quests, and more. Anyone new to the series, and veteran players will want to know the basics of the game before getting started. I'm here to do just that and guide you on your way to total garden warfare. This guide will go over everything you need to get started in Plants vs Zombies Garden Warfare 2 including: - Getting Started: Plants vs Zombies Garden Warfare 2 is a game where, you guessed it, plants fight zombies. If you are expecting the gameplay from the apps, you are in for quite a surprise. - Characters: The Garden Warfare series plays like a 3rd-person shooter and you control one plant or zombie at a time. Each character has their own play style, main weapon, and abilities. You can move around, shoot your primary weapon, jump, and use 3 different abilities. These abilities have cool-down times where you have to wait between each use. You can also interact with things like arming bombs, raising flags, and more. I also absolutely loved the sequel and spent many, many hours playing this game when it first came out, and then even longer to go back and mop up the DLC. This is the PvZ take on the classic class-based character shooter games. If you played the first title, you'll find everything quite similar, but with noticeable upgrades and character changes. For one, leveling up is easier and you now have the Backyard Battleground as a base to load into games, ops and play the story. This guide will teach you how to maximize your potential in two ways. First, you'll learn about three strategies for earning coins and buying the sticker packs worth your investment. Then we'll teach you about picking classes. That section details the strengths, weaknesses and best strategies for each of the titular Plants and Zombies. So take a look at this book and see what interests you
