**Stupid Things People Do and Say** Robert Gibson Corder Ph. D., 2012-06-01 This is an easy-to-read book which casts a spotlight on various stupid human behaviors and, as a consequence, provides a handy guide for anyone who is concerned with how they may be perceived from an intellectual standpoint. Included are some of the more common animated, verbal, and written behaviors, all of which tend to make people appear to be less intelligent than may otherwise be the case. Some stupid actions of certain organizations are also included. It is a must read for anyone who is interested in how they may be perceived from an intellectual standpoint, especially professional people who make their living via the spoken word.

**The Field Guide to Dumb Birds of North America** Matt Kracht, 2019-04-02 National bestselling book: Featured on Midwest, Mountain Plains, New Atlantic, Northern, Pacific Northwest and Southern Regional Indie Bestseller Lists Perfect book for the birder and anti-birder alike A humorous look at 50 common North American dumb birds: For those who have a disdain for birds or bird lovers with a sense of humor, this snarky, illustrated handbook is equal parts profane, funny, and-let's face it-true. Featuring common North American birds,

such as the White-Breasted Butt Nugget and the Goddamned Canada Goose (or White-Breasted Nuthatch and Canada Goose for the layperson), Matt Kracht identifies all the idiots in your backyard and details exactly why they suck with humorous, yet angry, ink drawings. With *The Field Guide to Dumb Birds of North America*, you won't need to wonder what all that racket is anymore! • Each entry is accompanied by facts about a bird's (annoying) call, its (dumb) migratory pattern, its (downright tacky) markings, and more. • The essential guide to all things wings with migratory maps, tips for birding, musings on the avian population, and the ethics of birdwatching. • Matt Kracht is an amateur birder, writer, and illustrator who enjoys creating books that celebrate the humor inherent in life's absurdities. Based in Seattle, he enjoys gazing out the window at the beautiful waters of Puget Sound and making fun of birds. There are loads of books out there for bird lovers, but until now, nothing for those that love to hate birds. *The Field Guide to Dumb Birds of North America* fills the void, packed with snarky illustrations that chastise the flying animals in a funny, profane way. - *Uncrate* A humorous animal book with 50 common North American birds for people who love birds and also those who love to hate birds • A perfect coffee table or bar top conversation-starting book • Makes a great Mother's Day, Father's Day, birthday, or retirement gift

*The Fun and Easy Way to Achieve Total Stupidity*

The Basic Laws of Human Stupidity Carlo M. Cipolla, 2021-04-06 A masterly book –Nassim Nicholas Taleb, author of The Black Swan A classic –Simon Kuper, Financial Times An economist explains five laws that confirm our worst fears: stupid people can and do rule the world Throughout history, a powerful force has hindered the growth of human welfare and happiness. It is more powerful than the Mafia or the military. It has global catastrophic effects and can be found anywhere from the world's most powerful boardrooms to your local bar. It is human stupidity. Carlo M. Cipolla, noted professor of economic history at the UC Berkeley, created this vitally important book in order to detect and neutralize its threat. Both hilarious and dead serious, it will leave you better equipped to confront political realities, unreasonable colleagues, or your next dinner with your in-laws. The Laws: 1. Everyone underestimates the number of stupid individuals among us. 2. The probability that a certain person is stupid is independent of any other characteristic of that person. 3. A stupid person is a person who causes losses to another person while deriving no gain

and even possibly incurring losses themselves. 4. Non-stupid people always underestimate the damaging power of stupid individuals. 5. A stupid person is the most dangerous type of person.

**Tim Dorsey Collection #2** Tim Dorsey, 2014-11-11  
Five acid-splashed Florida capers in one great package! Prepare for the road trip of a lifetime with everyone's favorite serial killer, Serge A. Storms, in the New York Times bestselling series from the "compulsively irreverent and shockingly funny" (Boston Globe) Tim Dorsey. In CADILLAC BEACH, Serge A. Storms, the one-man crime spree, hits no speed bumps as he swings through Tampa, Disney World, and parts south before settling down in Miami Beach to team up with a former sidekick and launch his long-overdue offbeat travel service. Our overachieving antihero has a full to-do list, and he multitasks during the tourist juggernaut to battle the Palermo crime family, mystery assassins, local police, the FBI, the CIA, Fidel Castro, and telemarketers. Serge and his customers have become the hunted, hopscotching through a series of famous hotel rooms. But Serge tells them not to worry. He has a master plan, which is about to unfold in all of its insane glory . . . on Cadillac Beach! In TORPEDO JUICE, this time our lovable but maniacal hero is on a mission: Stay off police radar and reinvent himself. Naturally Serge makes a beeline to the Reinvention Capital of the United States, the Florida Keys, where nobody is who they seem to be and the freaks are the least of your worries. The perfect place for Serge to blend in! Unfortunately, some other less likable lunatics have latched on to the same idea, and the sheriff's fax machine keeps jamming because of all the APBs coming in like a storm front about to break... Lurking beneath paradise are many questions: Who is the mystery driver of the metallic green Trans Am? The brown Plymouth Duster

with Ohio plates? What about the white Mercedes with tinted windows? In THE BIG BAMBOO, Serge finds time to resurrect his obsession with movies, particularly those showcasing his beloved home state. And he wants answers! Why aren't more films shot here? How come the ones that are stink so bad? And what's up with filming Florida scenes in California? Then there's the cryptic message from his grandfather, Sergio, telling him to go to Los Angeles to uncover a mysterious secret from the distant past. It's too much of a coincidence. It's fate. Naturally, Serge, accompanied by his substance-sustained sidekick, Coleman, must immediately hop a transcontinental flight to straighten out Hollywood once and for all. In HURRICANE PUNCH, our lovable, under-undermedicated dispenser of truth, justice, and trivia is back with a vengeance—just as his cherished home state is about to take a beating from a conga line of hurricanes bearing down on the peninsula. But as Serge and his burnout buddy Coleman go storm-chasing, bodies begin turning up at a disturbing rate, even by Florida standards. It looks like a serial killer is on the loose—another serial killer—which highly offends Serge's moral sensibilities. And he vows he'll stop at nothing to unmask his thrill-killing rival and make All Things Right—though Coleman's triathlete approach to the sport of polyabuse binging threatens to derail the mission more completely than the entire combined Sunshine State police community could ever hope to. In ATOMIC LOBSTER, Serge is back with a bullet, torn between homicide and souvenirs. So is Coleman, torn between getting hammered and getting more hammered. Then there's good ol' Jim Davenport, the E-Team, the Diaz Brothers, and Johnny Vegas, the Accidental Virgin, cranking up the fevered action as the pot boils over on a street called Lobster Lane. It's reunion time in the Sunshine State, and we're not just

talking the family jamboree of that blood-soaked criminal clan, the McGraws, whose nastiest, meanest member is finally released from prison and heads south bent on revenge. On top of it all, the government is covering up a growing list of mysterious victims across Florida who may or may not be connected to a nefarious plot being hatched against national security.

The Revolt of The Public and the Crisis of Authority in the New Millennium Martin Gurri ,2018-12-04 How insurgencies—enabled by digital devices and a vast information sphere—have mobilized millions of ordinary people around the world. In the words of economist and scholar Arnold Kling, Martin Gurri saw it coming. Technology has categorically reversed the information balance of power between the public and the elites who manage the great hierarchical institutions of the industrial age: government, political parties, the media. The Revolt of the Public tells the story of how insurgencies, enabled by digital devices and a vast information sphere, have mobilized millions of ordinary people around the world. Originally published in 2014, The Revolt of the Public is now available in an updated edition, which includes an extensive analysis of Donald Trump's improbable rise to the presidency and the electoral triumphs of Brexit. The book concludes with a speculative look forward, pondering whether the current elite class can bring about a reformation of the democratic process and whether new organizing principles, adapted to a digital world, can arise out of the present political turbulence.

*Just Ask the Universe* Michael Samuels,2017-04-11 Just Ask the Universe is not a book of New Age gobbledygook filled with empty promises. Angels won't fly from above and touch you while you're reading. You will not be asked to practice unusual or tedious rituals. There will be no preaching or

sage advice and there will most certainly be no channeling of your inner chakras or dressing like Friar Tuck. Just Ask the Universe is a realistic guide to personal development. By creating a blueprint for self-growth and commanding your subconscious mind, the Universe will manifest all your dreams. For over two decades, Michael Samuels has studied and methodically tested hundreds of books on self-improvement, spirituality, and the metaphysical. Just Ask the Universe accumulates the wisdom from thought teachers like: Wallace Wattles, Anthony Robbins, Rhonda Byrne, Joseph Murphy, Robert Collier, and Napoleon Hill, and compiles it under one unified lesson: if your thoughts are clear and in harmony with your mind and the truth of your surroundings, your life can be filled with all the richness the Universe has to offer. As a culmination from these teachings, Michael will show you how to use simple and fun techniques to create a more desirable future. This approach, coupled with real-life stories, will teach you how to achieve personal power to overcome any barrier. Regardless of what your present circumstances might be, by following the principles in this book, you will be able to gain power over your destiny. The Universe is listening. All you have to do is just ask.

Sitting proudly alongside Sibley, Kaufman, and Peterson, this book contains more than 150 pages crammed full of classic, monochrome plumage art paired with the delightful but dirty aphorisms (think “I’m going to need more booze to deal with this week”) that made the *Effin' Birds*
