Guitar Synth and MIDI Bradley Wait, 1988 Until recently, guitar players had reason to feel left out of the great electronic revolution in music today. After a few false starts and several years of development, however, the new technology has become an accessible and relatively inexpensive tool for the vast expansion of every guitar player's musical creativity. The development of both improved guitar synthesizers and of guitars as 'triggering' devices for MIDI setups, means players can now use their axe to play other instruments with an entire new vocabulary or preset or programmed sounds, rhythms, and special effects. *Guitar Synth and MIDI* is the first book to explain the new guitar revolution in both theory and practice. Included are basic information and technique on the history and development of guitar synthesizers, basic synthesis, MIDI sampling, triggering, and how particular artists like Andy Summers, Frank Zappa, Al DiMeola, Robert Fripp, Lee Ritenour and others are currently using synthesis and MIDI in their own guitar playing. From choosing equipment to using it, recording or on-stage performance, here is essential information and inspiration for every modern guitarist.

Red Hot Chili Peppers FAQ Dan Bogosian, 2020-05-15 From their humble beginnings as friends in high school, to playing strip clubs in nothing but well-placed socks, through a struggle to find the right guitarist, to the present day, *Red Hot Chili Peppers FAQ* chronicles the adventures of the best-selling alternative rock band of all time. No other book goes through each era of the band's history. Unlike other band biographies, *Red Hot Chili Peppers FAQ* digs into the trivia that hardcore

fans obsess over: every recorded (and unreleased) song and their origins, the story behind each band member's every tattoo, and every piece of gear each band member past and present has ever used. Ever wonder why current drummer Chad Smith switched drum companies? Or how Flea and Dave Navarro ended up recording with Alanis Morissette on *You Oughta Know*? Just when did Anthony Kiedis meet current guitarist Josh Klinghoffer for the first time? When did Kiedis first try harder drugs? How did Cher end up as a babysitter for young Kiedis? When did Buckethead try out for the band? Who currently owns the mansion where they recorded *Blood Sugar Sex Magik*? All the answers lay in the pages of Red Hot Chili Peppers FAQ.
