Guitar Practice Leonard Mayer,2020-02-08 Do you want to play the most famous guitar songs in a few days? Would you like to learn how to play

the guitar through a preactice step-by-step book? Are you tired for the frustration that comes from feeling that your guitar practice doesn't have the impact you want? If yes, there are no doubt: Guitar Practice is the book definitely for you! When most beginner guitarists starts to play guitar, they generally either decide to give up attempting to know the guitar completely or maintain attempting to get better, but acknowledge that they're never going to be as great as their favorite musicians. Luckily, this doesn't have to be the truth for you. Anyone can grow into an extremely sophisticated guitar player with the correct practice and instruments to achieve this objective. Obviously, it is not realistic to suggest a magical guitar training schedule that will work for every individual who reads this book, but there are a number of practice exercises that all excellent guitarists use to solve their guitar difficulties in order to achieve consistent strides in their musical abilities. The purpose of this book is to guide you in setting up the foundations that you will need to learn and master in order to reach that level from which you can easily build upon and further develop your guitar skills (and your skills as a musician as well). You've probably heard of the house analogy: If you don't have a proper foundation set, everything you build upon later is going to eventually collapse. That's why you need a strong foundation. Many people find this out the hard way and give up too early because they struggle with learning something that is way beyond their skill level. They haven't spent enough time mastering all the necessary foundational skills. There are also other factors for giving up, like lack of motivation, negative beliefs and self-talk, being impatient and focusing too much on the end result. By learning guitar you can become a better version of yourself more intelligent, creative and confident. You will be proud of yourself each victory, however minor, is an accomplishment! I'm speaking from experience and from what I've seen happen to others who started playing guitar and decided to stick with it. In this book, you will learn more about: - Introduction to guitar - What's the importance of learning to play a guitar? - Developing skills learning more about your guitar - Most common guitar types - Skills to master - Identify notes on the guitar fretboard - Chord changes and other chords you should probably know - How to tune your guitar - Picking the tools for guitaring - Habits that will make you a better guitarist - Common beginner mistakes and how to overcome them - Learn basics guitar chords and practice exercises - Practice test exercises to valuate preparation - 10 Famous song to play with your guitar ... AND MORE!!! What are you waiting for? Get your copy today! Scroll to the top of the page and select the buy now button!

The No B.S. Guitar Advantage Johnny Lee, 2013-11 Are you a beginner to intermediate guitar player looking to improve your guitar playing faster and easier? Learn your favorite songs? Play for your friends and family? Jam with other musicians? And even write and share your own songs? This could be the single most important book you read all year. Join the thousands who have already discovered the secrets to effectively teaching themselves the guitar in their own spare time. For the first time ever, expert guitar hacker Johnny Lee reveals his little-known secrets for mastering the guitar at home, even if you possess no innate talent to begin with and hate the idea of being disciplined. In these 12 exciting lessons, you'll finally learn how to do it all without struggle... without complicated theory... without boring lessons... and without paying thousands for expensive lessons (yet still get equal or better results). Here's what you'll learn inside: * Where to begin if you're just getting started. * The 6 most common mistakes made by beginner guitarists. * How to ensure you'll lay the proper foundation and avoid forming bad habits. * Pit-Stop Practice: A scientifically proven method of structuring your practice for maximum growth in the minimum possible time. This alone is worth 10X the price of this book. * Why practice, practice, practice can actually hurt your ability to learn the guitar properly if you're a beginner/intermediate. Not understanding this can virtually guarantee you end up quitting sooner or later. * A mental trick you can use instantly to ensure you're fingers are moving properly at all times (in a relaxed, tension-free way)... while allowing you to play faster and smoother. * Why choosing the wrong guitar to practice with could prevent you from ever playing with ease and confidence (and an inexpensive way to modify the guitar you currently have if you can't buy a new one). * The surprising truth about talent and whether you need it for learning the guitar. * Why using YouTube and other guitar websites have proven time and again to cause beginner guitar players to block their own lack of progress... the 6-word solution to fix it (This could be life-changing for anyone who uses the internet to learn guitar.) * 6 guaranteed ways to have more fun today, even if you're still in the beginning stages of learning the guitar. * The simplest, most powerful way I've ever discovered to immediately put your guitar learning on steroids that anyone can use in 5-minutes. * How to develop speed without losing accuracy (believe it or not... a metronome is not actually made for increasing your speed. I'll show you a free tool that IS. * How to overcome any fear of playing in front of other people (this lesson has frequently been called the best article I've ever read by guitar players of any age) * And much much more... Been looking for a better way to learn guitar? It's finally here. And best of all, it's been proven effective by guitarists of ALL ages. See for yourself: I just want to thank you for these emails. Following your advice, I found myself getting better faster, plus it's more fun and less taxing, if at all!... So thanks man, and keep them up. I'll be sending you a donation as soon as the paycheck comes in. -Matt Beyers, Newsletter Subscriber Picked it up again 13 years ago and 6 months in, I severed every tendon in my right arm, and quit again. I'm 44 now. A week ago my wife got me a guitar for Christmas. Using your theories, 7 days later I can play Wish You Were Here all the way through. Thanks again. -Eric Peterson, Subscriber Thanks to [the free lessons], my skill has improved immensely! I think I might even be able to become a guitar prodigy before I reach 20 with all your tips and tricks... I am now on the right track

Guitar Music Theory: Fast Track Your Guitar Skills With This Essential Guide to Music Theory & Songwriting For The Guitar. Includes, Songs, Scales, Chords and Much More Tommy Swindali, Too many people start with bad guitar lessons, get frustrated and give up. Local guitar teachers seem like a great option at first, but you could risk getting stuck with a wannabe rock star who can't really teach you. Or you could try reading but most books are far too bulky and will leave you no better than where you started. Strumming a chord or two is not enough, nor is shredding a mindless solo piece. If you do not understand the essentials of music theory, you will never learn to truly play the guitar. Music theory can be complicated and the biggest hurdle any guitarist faces at the start is understanding what they are seeing. The solution isn't to avoid, but to learn and to face the challenge head on. These concepts are not hard to understand. In this book you will be provided with the information you need to get started and to take your guitar skills to the next level. I will be focusing only on the essential theories, skills, and techniques. Inside you will find clear charts, tips and diagrams - not complicated language. I will not leave anything on assumption. So if you come across something you think is too complicated, have no fear it will be explained in time. With that being said, all that remains is to begin our journey through the powerful world of guitar playing. In this book you will discover: > Guitar Theory Cheat Sheets & Easy To Follow Diagrams > Easily Learn The Musical Alphabet (this will save you years of frustration) > Visualization Methods to Improve Musicianship & Performance > Scales & Key Signatures - these are methods behind the music (+ tricks to using and reading them) > How To Build Strong Melodies With Triads > Beginner Guitar Chords (all the chords you must know) > Learn The Circle Of Fifths + Why ALL Guitarists Need It! > Music Modes - Bring Life To Your Songs with Modal Color > Songwriting Tips For Guitar Players + How To Overcome Songwriter's Block > Guitar Exercises That Make Music Theory Easy > Gorgeous Color Chords That Will Inspire Your Playing And much, much more... All of these theories and techniques work regardless of the music you wish to pursue, because they are the essentials! Go beyond the phone games to play a real guitar and let me teach you how. I promise you'll get there! Your fingers are going to be sore but it's going to be loads of fun :)

The Ultimate Guitar Course Rod Fogg,2014-03-15 DIVThe Ultimate Guitar Course is the ideal instructional for beginner guitar players who are looking to start playing a few chords from day one. It's a graded course that will take you from your very first lesson through mastering advanced soloing techniques. It includes an illustrated book with over 200 images, a laminated wall chart illustrating the guitar chords, as well as a CD-ROM in a slick and easy-to-carry portfolio. The Ultimate Guitar Course book is composed of self-contained one-page lessons with simple, easy-to-follow instructions as well as clear photos illustrating both hand placement and technique. The laminated guitar chord wall chart was designed so players can hang it behind your door for easy reference while you work yourself up from playing 1- and 2-chord songs to more complicated pieces. And finally, access the CD-ROM in your portfolio which includes a complete set of audio backing tracks for you to practice and test yourself. And because the memory stick is small and portable, we've also added the book and exercises in tab and notation right on it so you can take the complete course anywhere you need to be. Why wait? If you've wanted to learn guitar for years but just don't have the time or patience for an expensive guitar instructor, then The Ultimate Guitar Course is for you. The lessons are quick and easy, and you'll be strumming a few chords by the end of your first day!//div
