African American Literature Beyond Race Gene Andrew Jarrett, 2006-04-01 It is widely accepted that the canon of African American literature has racial realism at its core: African American protagonists, social settings, cultural symbols, and racial-political discourse. As a result, writings that are not preoccupied with race have long been invisible—unpublished, out of print, absent from libraries, rarely discussed among scholars, and omitted from anthologies. However, some of our

most celebrated African American authors—from Zora Neale Hurston and Richard Wright to James Baldwin and Toni Morrison—have resisted this canonical rule, even at the cost of critical dismissal and commercial failure. African American Literature Beyond Race revives this remarkable literary corpus, presenting sixteen short stories, novelettes, and excerpts of novels—from the postbellum nineteenth century to the late twentieth century—that demonstrate this act of literary defiance. Each selection is paired with an original introduction by one of today's leading scholars of African American literature, including Hazel V. Carby, Gerald Early, Mae G. Henderson, George Hutchinson, Carla Peterson, Amritjit Singh, and Werner Sollors. By casting African Americans in minor roles and marking the protagonists as racially white, neutral, or ambiguous, these works of fiction explore the thematic complexities of human identity, relations, and culture. At the same time, they force us to confront the basic question, "What is African American literature?" Stories by: James Baldwin, Octavia E. Butler, Samuel R. Delany, Paul Laurence Dunbar, Frances Ellen Watkins Harper, Chester B. Himes, Zora Neale Hurston, Nella Larsen, Toni Morrison, Ann Petry, Wallace Thurman, Jean Toomer, Frank J. Webb, Richard Wright, and Frank Yerby. Critical Introductions by: Hazel V. Carby, John Charles, Gerald Early, Hazel Arnett Ervin, Matthew Guterl, Mae G. Henderson, George B. Hutchinson, Gene Jarrett, Carla L. Peterson, Amritjit Singh, Werner Sollors, and Jeffrey Allen Tucker.

Single Mother Jane Juffer, 2006-04 Describes the recent cultural valorization of the single mother who — in the midst of demographic changes in the U.S. — has emerged as the unlikely heroic and seductive voice of the new American family. Drawing on her own life as a single mother, interviews with dozens of other single mothers, cultural representations, and policies on welfare, immigration, childcare, and child custody, Juffer analyzes this contingent acceptance of single

mothers. Finally, critiquing the relentless emphasis on self-sufficiency to the exclusion of community, Juffer shows the remarkable organizing skills of these new mothers of invention. - from publisher information.

The Art of Game Design Jesse Schell, 2008-08-04 Anyone can master the fundamentals of game design - no technological expertise is necessary. The Art of Game Design: A Book of Lenses shows that the same basic principles of psychology that work for board games, card games and athletic games also are the keys to making top-quality videogames. Good game design happens when you view your game from many different perspectives, or lenses. While touring through the unusual territory that is game design, this book gives the reader one hundred of these lenses - one hundred sets of insightful questions to ask yourself that will help make your game better. These lenses are gathered from fields as diverse as psychology, architecture, music, visual design, film, software engineering, theme park design, mathematics, writing, puzzle design, and anthropology. Anyone who reads this book will be inspired to become a better game designer - and will understand how to do it.

Girl with a Gun Kari Bovée, 2018-06-19 Fifteen-year-old Annie Oakley is the sole supporter of her widowed mother and two siblings. An expert markswoman and independent spirit, she hunts game to sell to the local mercantile to make ends meet instead of accepting a marriage proposal that could solve all her problems. After a stunning performance in a shooting contest against the handsome and famous sharpshooter Frank Butler, Annie is offered a position in the renowned Buffalo Bill's Wild West Show. Finally, she has a chance to save the nearly foreclosed family farm and make her dreams

come true. But then her Indian assistant is found dead in her tent, and Annie is dubious when the local coroner claims the death was due to natural causes. When another innocent is murdered, Annie begins to fear the deaths are related to her. And to make matters worse, her prized horse, Buck, a major part of her act, is stolen. Annie soon discovers that the solution to her problems lies buried in a padlocked Civil War trunk belonging to the show's manager, Derence LeFleur. And so, with the help of a sassy, blue-blooded reporter, Annie sets out to find her horse, solve the murders, and clear her name.

Emily Gets Her Gun Emily Miller, 2013-09-03 In the wake of tragic shootings in Newtown and Aurora, the anti-gun lobby has launched a campaign of lies, distortion, misrepresentation, and emotional manipulation that is breathtaking in its vitriol and its denial of basic facts. Their goal is to take away our Second Amendment rights and then disarm law-abiding Americans. Emily Miller tells her personal story of how being a single, female victim of a home invasion drove her to try to obtain a legally registered gun in Washington, D.C. The narrative—sometimes shocking, other times hilarious in its absurdity—gives the reader a real life understanding of how gun-control laws only make it more difficult for honest, law-abiding people to get guns, while violent crime continues to rise. Using facts and newly uncovered research, Miller exposes the schemes politicians on Capitol Hill, in the White House, and around the country are using to deny people their Second Amendment rights. She exposes the myths that gun grabbers and liberal media use to get new laws passed that

infringe on our right to keep and bear arms. The gun rights debate isn't just about firearms. It's about protecting a fundamental right that is enshrined in the U.S. Constitution. It's about politicians who lie, manipulate, and outright break existing laws to get what they want. It's about President Obama wanting a bigger federal government to control you. Not just your guns—you. The fight for gun rights is the fight for freedom. Emily Miller says stand up and fight back now because your Second Amendment will only be the first to go.
