Creating Digital Content John Rice, Brian McKernan, 2002 In the coming years, more and more stations will throw the switch on the DTV transmitters; cable programmers will begin to increasingly offer wide-screen and HDTV signals via satellite; cable systems will begin—however grudgingly—to deliver digital television programming to homes; and non-broadcast applications from Digital Cinema to corporate presentations will explore ways these technologies can impact their businesses. This is a unique time in television and video production. Much of the process of creating images for the screen will be similar, if not identical, to the processes of the past and many of the processes will be radically different. The purpose of Creating Digital Content is to be a resource for the various production aspects of DTV, and, at the same time, will allow a discussion of differing techniques, ideas, and approaches to DTV production.

Proverbs of Wife Tiffany Buckner, Proverbs of Fire is a powerful collection of quotes and anecdotes that have been written by Tiffany “AnointedFire” Buckner. Some of these powerful messages were shared on social media, while others have never been shared. This powerful book will encourage you, correct you, and humor you at times. It will also inspire and challenge you, thus helping you to move to new heights in understanding, love and patience. Proverbs of Fire was birthed after the Holy Spirit instructed author Tiffany Buckner to take many of the messages she's shared online and place them in a book. What resulted was a power-packed and heaven-sent guide filled with more than one thousand quotes, messages and short stories. Proverbs of Fire is in no way a part of the Bible, nor is it an attempt to redefine the Scriptures. The information contained in this book is simply wise quotes and information shared with and through Kingdom Ambassador, Tiffany Buckner. It is not an extension of the book of Proverbs; it is a devotional style book with quotes that come straight from wisdom's table.

Blades of Winter G. T. Almasi,2012-08-28 In one of the most exciting debuts in years, G. T. Almasi has fused the intricate cat-and-mouse games of a John le Carré novel with the brash style of comic book superheroes to create a kick-ass alternate history that reimagines the Cold War as a clash of spies with biological, chemical, and technological enhancements. Nineteen-year-old Alix Nico, a self-described “million-dollar murder machine,” is a rising star in ExOps, a covert-action agency that aggressively shields the United States from its three great enemies: the Soviet Union, Greater Germany, and the Nationalist Republic of China. Rather than risk another all-out war, the four superpowers have poured their resources into creating superspies known as Levels. Alix is one of the hottest young American Levels. That’s no surprise: Her dad was America’s top Level before he was captured and killed eight years ago. But when an impulsive decision explodes—literally—in her face, Alix uncovers a conspiracy that pushes her to her limits and could upset the global balance of power forever. “Smart, sassy, and seriously appealing: a stunning debut.”—Jeff Long, New York Times bestselling author of The Descent Look for all of G. T. Almasi’s riveting Shadowstorm novels: BLADES OF WINTER | HAMMER OF ANGELS | TALON OF SCORPIO

The Trust Ronald H. Balson,2017-09-19 “A thrilling, action-filled suspense novel.... Those who loved Balson’s other books like Once We Were Brothers and Karolina’s Twins will love this latest entry.” —The Huffington Post The Trust, from Ronald H. Balson, the international bestselling author of Once We Were Brothers, finds private investigator Liam Taggart returning to his childhood home for an uncle's funeral, only to discover his death might not have been natural. When his uncle dies, Liam Taggart reluctantly returns to his childhood home in Northern Ireland for the funeral—a home he left years ago after a bitter confrontation with his family, never to look back. But when he arrives, Liam learns that not only was his uncle shot to death, but that he’d anticipated his own murder: In an astonishing last will and testament, Uncle Fergus has left his entire estate to a secret trust, directing that no distributions be made to any person until the killer is found. Did Fergus know, but refuse to name, his killer? Was this a crime of revenge, a vendetta leftover from Northern Ireland’s bloody sectarian war? After all, the Taggarts were deeply involved in the IRA. Or is it possible that the killer is a family

member seeking Fergus's estate? Otherwise, why postpone distributions to the heirs? Most menacingly, does the killer now have his sights on other family members? As his investigation draws Liam farther and farther into the past he has abandoned, he realizes he is forced to reopen doors long ago shut and locked. Now, accepting the appointment as sole trustee of the Fergus Taggart Trust, Liam realizes he has stepped into the center of a firestorm.

The Celine Bower Story Carly Brown, 2022-12-02 Celine Bower is a hometown girl living the quiet life and a successful veterinarian. She is twenty-six years old. Then, she is drugged, kidnapped and gang-raped. The local police seem to be unable to find out who did it. Celine and her best friend dream of ways of getting even with the men responsible for her trauma and the crime. Thoughts of revenge consume Celine. Then a seemingly supernatural force gives her a sudden insight into who her unknown attackers are and also where she can find them. Systematically and unknown to anybody, she seeks out the assailants and strikes back viciously seeking her revenge. Everyone in town begins to look for the mystery woman committing these acts of vengeance. Can Celine keep her true identity secret while she creates this new vengeful creature? Can she eliminate these predators before her own identity is revealed?

The Last Lecture Randy Pausch, 2008-04-08 After being diagnosed with terminal cancer, a professor shares the lessons he's learned—about living in the present, building a legacy, and taking full advantage of the time you have—in this life-changing classic. We cannot change the cards we are dealt, just how we play the hand. —Randy Pausch A lot of professors give talks titled The Last Lecture. Professors are asked to consider their demise and to ruminate on what matters most to them. And while they speak, audiences can't help but mull over the same question: What wisdom would we impart to the world if we knew it was our last chance? If we had to vanish tomorrow, what would we want as our legacy? When Randy Pausch, a computer science professor at Carnegie Mellon, was asked to give such a lecture, he didn't have to imagine it as his last, since he had recently been diagnosed with terminal cancer. But the lecture he gave—Really Achieving Your Childhood Dreams—wasn't about dying. It was about the importance of overcoming obstacles, of enabling the dreams of others, of seizing every moment (because time is all you have . . . and you may find one day that you have less than you think). It was a summation of everything Randy had come to believe. It was about living. In this book, Randy Pausch has combined the humor, inspiration and intelligence that made his lecture such a phenomenon and given it an indelible form. It is a book that will be shared for generations to come.
