Guidelines on the Management and Ownership of Condominium Housing United Nations, 2019-12-17 Effective and efficient housing management is important to support the implementation of key UN agreements, including the 2030 Agenda for Sustainable Development, the New Urban Agenda and the Geneva UN Charter on Sustainable Housing. Efficient housing management results in economic benefits and decent housing conditions for inhabitants of condominiums. Carnegie Hill Jonathan Vatner, 2019-08-20 Town & Country Magazine's Must-Read Books of Summer 2019 | She Reads' Best Books for Your Summer Roadtrip Carnegie Hill has got to be one of the most charming, hilarious, and insightful books I've read in ages. When it comes to New York's (often befuddled) elite, Vatner has an eagle eye for detail, and an ear for whip-smart dialogue. This is an assured, heartfelt debut. -Grant Ginder, author of *The People We Hate at the Wedding* and *Honestly, We Meant Well* Deception is just another day in the lives of the Upper East Side's

elite. At age thirty-three, Penelope “Pepper” Bradford has no career, no passion and no children. Her intrusive parents still treat her like a child. Moving into the Chelmsford Arms with her fiancé Rick, an up-and-coming financier, and joining the co-op board give her some control over her life—until her parents take a gut dislike to Rick and urge Pepper to call off the wedding. When, the week before the wedding, she glimpses a trail of desperate text messages from Rick’s obsessed female client, Pepper realizes that her parents might be right. She looks to her older neighbors in the building to help decide whether to stay with Rick, not realizing that their marriages are in crisis, too. Birdie and George’s bond frays after George is forced into retirement at sixty-two. And Francis alienates Carol, his wife of fifty years, and everyone else he knows, after being diagnosed with an inoperable heart condition. To her surprise, Pepper’s best model for love may be a clandestine gay romance between Caleb and Sergei, a black porter and a Russian doorman. Jonathan Vatner's *Carnegie Hill* is a belated-coming-of-age novel about sustaining a marriage—and knowing when to walk away. It chronicles the lives of wealthy New Yorkers and the staff who serve them, as they suffer together and rebound, struggle to free themselves from family entanglements, deceive each other out of love and weakness, and fumble their way to honesty.

**In Defense of Housing** Peter Marcuse, David

Madden, 2016-08-16 In every major city in the world there is a housing crisis. How did this happen and what can we do about it? Everyone needs and deserves housing. But today our homes are being transformed into commodities, making the inequalities of the city ever more acute. Profit has become more important than social need. The poor are forced to pay more for worse housing. Communities are faced with the violence of displacement and gentrification. And the benefits of decent housing are only available for those who can afford it. *In Defense of Housing* is the definitive statement on this crisis from leading urban planner

Peter Marcuse and sociologist David Madden. They look at the causes and consequences of the housing problem and detail the need for progressive alternatives. The housing crisis cannot be solved by minor policy shifts, they argue. Rather, the housing crisis has deep political and economic roots—and therefore requires a radical response.
