The Hacking of the American Mind Robert H. Lustig,2017-09-12 Explores how industry has manipulated our most deep-seated survival instincts.—David Perlmutter, MD, Author, #1 New York Times bestseller, Grain Brain and Brain Maker The New York Times–bestselling author of Fat Chance reveals the corporate scheme to sell pleasure, driving the international epidemic of addiction, depression, and chronic disease. While researching the toxic and addictive properties of sugar for his New York Times bestseller Fat Chance, Robert Lustig made an alarming discovery—our pursuit of happiness is being subverted by a culture of addiction and depression from which we may never recover. Dopamine is the “reward” neurotransmitter that tells our brains we want more; yet every substance or behavior that releases dopamine in the extreme leads to addiction. Serotonin is the “contentment” neurotransmitter that tells our brains we don’t need any more; yet its deficiency leads to depression. Ideally, both are in optimal supply. Yet dopamine evolved to overwhelm serotonin—because our ancestors were more likely to survive if they were constantly motivated—with the result that constant desire can chemically destroy our ability to feel happiness, while sending us down the slippery slope to addiction. In the last forty years, government legislation and subsidies have promoted ever-available temptation (sugar, drugs, social media, porn) combined with constant stress (work, home, money, Internet), with the end result of an unprecedented epidemic of addiction, anxiety, depression, and chronic disease. And with the advent of neuromarketing, corporate America has successfully imprisoned us in an endless loop of desire and consumption from which there is no obvious escape. With his customary wit and incisiveness, Lustig not only reveals the science that drives these states of mind, he points his finger directly at the corporations that helped create this mess, and the government actors who facilitated it, and he offers solutions we can all use in the pursuit of happiness, even in the face of overwhelming opposition. Always fearless and provocative, Lustig marshals a call to action, with seminal implications for our health, our well-being, and our culture.

Escape from Andersonville Gene Hackman,Daniel Lenihan,2008-05-13 An explosive novel of the Civil War about one man’s escape from a notorious Confederate prison camp---and his dramatic return to save his men. July 1864. Union officer Nathan Parker has been imprisoned at nightmarish Andersonville prison camp in Georgia along with his soldiers. As others die around them, Nathan and his men hatch a daring plan to allow him to escape through a tunnel and make his way to Vicksburg, where he intends to alert his superiors to the imprisonment and push for military action. His efforts are blocked by higher-ups in the military, so Parker takes matters into his own hands. Together with a shady, dangerous ex-soldier and smuggler named Marcel Lafarge and a fascinating collection of cutthroats, soldiers, and castoffs, a desperate Parker organizes a private rescue mission to free his men before it’s too late. Exciting, thoroughly researched, and dramatic, *Escape from Andersonville* is a Civil War novel filled with action, memorable characters, and vividly realized descriptions of the war’s final year.

Payback at Morning Peak Gene Hackman,2011-06-07 LIFE, NOT DEATH, DROVE JUBAL YOUNG . . . but memories of his ma and pa, and his beautiful, bright sister are all he has left. Memories of the peaceful days before Jubal stumbled home with his .22, his blood running cold with fear, terror, and anger. When it was over, the homestead was half burned to the ground. Someone had to bury the bodies. Someone had to set things right. Now, as Jubal rides west into New Mexico, he remembers his family’s laughter and love, his pa’s wisdom, ma’s thick books, and everything that was defiled by a band of drunken renegades towed along by one man’s murderous grudge. A reprobate lawman won’t believe his story. A soft-hearted mountain man won’t survive Jubal’s one-man war. And a judge and his beautiful daughter cannot stop Jubal from climbing a peak of blood and madness: for justice, or payback, or something he can live for—or die for—redeeming. An American film icon delivers a great American novel with *Payback at Morning Peak*. Gene Hackman, whose fiction is “rousing” (Publishers Weekly) and “robust” (Winston-Salem Journal), takes readers on a powerful and historically dead-on western odyssey in the tradition of Louis L’Amour.
