The Oathbound Wizard Christopher Stasheff,2012-07-27 Matt Mandrell, unsuspecting graduate student, never imagined his research would lead him to a strange scrap of parchment that would change his life forever. . . . Crossing the void of time and space, Matt is whisked away to an enchanted world where speaking in rhymes works the most dazzling magic. There he wins not only fame and power as the Lord High Wizard, but the heart of the beautiful Queen Alisande. His dreams are shattered, though, when he learns that he can't marry his true love; wizard or not, Matt is just a commoner in this bizarre land. So Matt makes a foolish vow: to conquer a kingdom, any kingdom, if that's what it takes to claim his bride. But, as Matt discovers, in this world of enchantment, such an oath cannot be broken. He has truly committed himself to win a crown or die trying. In search of lands to conquer, Matt sets his sights on neighboring Ibile, where the evil Gordorgrosso rules with an iron fist and sinister magic. Matt marches off against the tyrant, gathering a small band of unlikely allies, including a surly dracogriff, a well-spoken cyclop, and a damsel in distress. But against Gordogrosso's foul genius, Matt is going to need much more than a few stout-hearted companions and some clever rhymes. . . . Oathbound Wizard is the newest addition to the Del Rey Imagine program, which offers the best in fantasy and science fiction for readers twelve and up. For all the fans of the classic Her Majesty's Wizard, here at last is the eagerly awaited sequel--an action-packed, laugh-laden new medieval fantasy. Matt Mantrell's talent for poetry had won him fame, power, and the heart of a beautiful queen. But to win her hand, he would have to conquer a kingdom.

The Wizard Randy Corn,2018-12-30 For ten thousand years the seven wizards of the Wizard Council of Eonor had governed and protected the Elven folk of Eonor. As their time was passing and no apprentice was born to pass on their knowledge, the council put all their knowledge and magic into the "White Book of Magic". It was established that only a true wizard could read from the book. A true wizard was defined as one who is born when a comet is visible during a total eclipse and can read from the book. Gindon, a member of the council could not accept his demise. He sought to increase his power and extend his life. He wrote the "Black Book of Magic" which, advised him to kill the other wizards and take their power as the only solution to becoming immortal. He killed one of the wizards and with a terrible war looming, the Elven folk and the youngest of the Wizard Council left for new land to call home or "Urot". Gindon was able to kill another wizard and became more powerful. He gave the "Black Book of Magic" to his daughter, Gelda, and sent her with the others, to the new land. Massive fires and explosions were seen as the ship sailed off to their new home. Gelda knew her father had been killed and sought revenge against the Elven-folk. The ships landed on the shore of Urot, the sight of their first city, Windor. Gelda, seeking revenge for her father's death, conjured a troll that killed several Elves before being slain. Gelda was accused of practicing Black Magic and was banished to the Black Mountains since Elven do not kill Elven. She swore her revenge and cursed them as she left. Gelda learned the ways of Black Magic and conjured more slave creatures to build her fortress castle. As the Elven folk expanded their realm, they discovered humans living in the prairies, forests, and mountains. They were primitive but saw that they were intelligent and gentle. They taught the humans woodworking, metallurgy, reading, and writing. After a time, humans built their own cities and villages. They kept good relations with the Elven folk, and it was not uncommon for humans and Elves to marry. And so, it was with King Marcus Drakorne who married the Elven Princess Errisa and soon their son Ferryman was born when a comet was visible during a total eclipse. The people of Urot wait patiently for a wizard's apprentice to be declared as Gelda plots their demise.

World's End Will Elliott,2016-03-22 When Eric Albright, a luckless London slacker, and his pal Stuart Casey went through a battered red door under a railway bridge, the last thing they expected to find was another world. There lay the strange, dark realm of Levaal, whose tyrant lord Vous has ascended to godhood. The great wall which has divided the land has been brought down, setting loose a horde of demonic Tormentors. In their sky prisons, the dragons are stirring, set to defy their slumbering creator and steal humanity's world. Shilen, a dragon cloaked in human form, has convinced Eric and Aziel, Vous's daughter, to help free the dragons from their sky-prison, or Earth will be destroyed. She promises great power, and safety for all Eric's favoured people, but Shilen has an ulterior motive, for the dragons wish to control humankind completely. In Will Elliott's World's End, the third volume in The Pendulum Trilogy, Levaal is facing the final battle in this age-old war between worlds and forces more ancient than any human, god, or dragon.
