A Quantitative Liquidity Model for Banks Christian Schmaltz,2010-05-30 Christian Schmaltz identifies product cash flows, funding spread, funding capacity, haircuts, and short-term interest rates as key liquidity variables. Then, he assumes specific stochastic processes for the key variables leading to a particular liquidity model. The model is used to derive liquidity funds transfer prices and to optimally manage liquidity.

Incentives Donald E. Campbell,2018-02-22 When incentives work well, individuals prosper. When incentives are poor, the pursuit of self-interest is self-defeating. This book is wholly devoted to the topical subject of incentives from individual, collective, and institutional standpoints. This third edition is fully updated and expanded, including a new section on the 2007–08 financial crisis and a new chapter on networks as well as specific applications of school placement for students, search engine ad auctions, pollution permits, and more. Using worked examples and lucid general theory in its analysis, and seasoned with references to current and past events, *Incentives: Motivation and the Economics of Information* examines: the performance of agents hired to carry out specific tasks, from taxi drivers to CEOs; the performance of institutions, from voting schemes to medical panels deciding who gets kidney transplants; a wide range of market transactions, from auctions to labor markets to the entire economy. Suitable for advanced undergraduate and graduate students studying incentives as part of courses in microeconomics, economic theory, managerial economics, political economy, and related areas of social science.

Me, My Hair, and I Elizabeth Benedict,2015-09-29 Ask a woman about her hair, and she just might tell you the story of her life. Ask a whole bunch of women about their hair, and you could get a history of the world. Surprising, insightful, frequently funny, and always forthright, the essays in *Me, My Hair, and I* are reflections and revelations about every aspect of women’s lives from family, race, religion, and motherhood to culture, health, politics, and sexuality. They take place in African American kitchens, at Hindu Bengali weddings, and inside Hasidic Jewish homes. The conversation is intimate and global at once. Layered into these reminiscences are tributes to influences throughout history: Jackie Kennedy, Lena Horne, Farrah Fawcett, the Grateful Dead, and Botticelli’s *Venus*. The long and the short of it is that our hair is our glory—and our nemesis, our history, our self-esteem, our joy, our mortality. Every woman knows that many things in life matter more than hair, but few bring as much pleasure as a really great hairdo. A terrific read for those of us who obsess about our hair. Or those who live with those of us who do. A collection that’s, I dare say, a cut above the rest.” —Mary Morris, author of *The Jazz Palace*

Economics Douglas McTaggart,Christopher Findlay,Michael Parkin,2015-05-20 High quality, engaging content for students...ultimate flexibility for educators The seventh edition of this benchmark Australian text continues to offer students a comprehensive and relevant introduction to economics whilst offering educators the ability to customise and deliver content – your way. Economics 7th edition provides a streamlined approach to study and recognises the difficulties some students may face in comprehending key concepts. By leaving the more technical content and application until later, students can enjoy the more exciting policy material from the beginning and engage with the content early. Through compelling examples, clear explanations and the latest instructive on-line resources, the text draws students into the content and reinforces learning through practice and solving problems which are relevant to them. The authors train students to think about issues in the way real economists do, and learn how to explore difficult policy problems and make more informed decisions by offering a clear introduction to theory and applying the concepts to today’s events, news, and research.
