Mary, Mary Lesley Crewe, 2016-10-15 A story of family malfunction. The Leacock Medal-longlisted novel from the author of *Relative Happiness*—now an award-winning feature film. In a Cape Breton family of black sheep, Mary is pure as the driven snow. She is patient and kind with her alcoholic grandmother and volatile mother, loyal and attentive to her spoiled cousin, and pleasant and polite all day as a grocery cashier. Her well-off aunt, the only other normal person in the family, wants to help her more, but Mary's mother is too prickly and proud. So Mary goes to work, comes home, takes care of her family, and wonders if there'll ever be more to life. When a young couple moves into the apartment upstairs, it sparks a series of changes that leads to major family revelations, and Mary discovers that sometimes doing the wrong thing is the exact right thing to do. Tender, authentic, and crackling with Lesley's irrepressible humor, *Mary, Mary* is a book for anyone who's ever had a family—good, bad, or a messy mix of both. Praise for Lesley Crewe and her novels "Crewe's books are rich with detail, wit and understanding of how family and its roots impact on people's lives." —Cape Breton Post "The Spoon Stealer might just steal your heart." —Amy Spurway, author of *Crow* "Shines a light on the secrets and lies that bind generations of Cape Breton families." —Toronto Star "A warm-hearted story of one woman's journey from a dark and abusive childhood into the light of acceptance and love." —Atlantic Books Today

Permanent Waves Julie Ann Willett,2000-06-01 Throughout the twentieth century, beauty shops have been places where women could enjoy the company of other women, exchange information, and share secrets. The female equivalent of barbershops, they have been institutions vital to community formation and social change. But while the beauty shop created community, it also reflected the racial segregation that has so profoundly shaped American society. Links between style, race, and identity were so intertwined that for much of the beauty shop's history, black and white hairdressing industries were largely separate entities with separate concerns. While African American hair-care workers embraced the chance to be independent from white control, negotiated the meanings of hair straightening, and joined in larger political struggles that challenged Jim Crow, white female hairdressers were embroiled in struggles over self-definition and opposition to their industry's emphasis on male achievement. Yet despite their differences, black and white hairdressers shared common stakes as battles were waged over issues of work, skill, and professionalism unique to women's service work. *Permanent Waves* traces the development of the American beauty shop, from its largely separate racial origins, through white recognition of the ethnic market, to the present day.
