Newport News Jane Carter Webb,2003-11-24 Within slightly more than 100 years, the sleepy village of Newport News has transformed itself from a sparsely populated region of watermen and farmers to a city known as one of the nation's greatest centers for shipbuilding, scientific research, Virginia history, and scenic sites. Nestled along the eastern coast of Virginia on the James River, Newport News has a colorful and dynamic history intrinsically linked to the surrounding water. As the town filled with people of great energy and enthusiasm, their hard work propelled local industry to the forefront of the city's reputation.

Directory*: Containing a General and Business Directory of These Places and Other Valuable Information, Including a Guide to the Streets of Newport News and Hampton, 1913-1914 Newport News is in direct water communication with Boston, Providence, New York, Philadelphia, and Baltimore, by regular lines of steamers, and large quantities of manufactured goods are shipped to this port for the western market. Under a recent decision of the Interstate Commerce Commission, Newport News has become a Common Freight Center, thereby enjoying the same freight rate as Norfolk to and from the South via the railroads terminating in Norfolk. This virtually makes all these railroads terminate in Newport News. The foreign trade of this port is very extensive and is steadily increasing. At present there are regular steam ship lines from Newport News to Christiania, Glasgow, London, Liverpool, Hamburg, Rotterdam, Amsterdam, Leith, Antwerp, Havana and Vera Cruz. It was in 1888 the ground was first broken for the plant of the Newport News Shipbuilding and Dry Dock Company; to-day it has a shipbuilding plant that in efficiency and modern equipment is equal to any in the world. The shipyard represents an investment of over and covers nearly 120 acres of land, with a waterfront of half a mile. In its arrangement it is probably the finest Ship yard, as well as the largest, for every stage of the work, from the planning to its completion, is arranged in such a manner that it is absolutely progressive. Dry Dock No. 2, the largest dock on this continent

and which can accommodate a ship of the size Of the lusi tania at ordinary light draft cost There is no Ship afloat too large to be docked at Newport News. Two first-class battleships, or two large merchant ships may be docked together in this basin. It is no unusual sight to see two Ships in Dock No. 1. And three or four in Dock no. 2, at the same time undergoing repairs. The texas, the first vessel of the United States Navy to carry 14 inch guns was built at the Newport News Ship yard. This giant dreadnought probably will be sent by the Navy Department to the Panama Exposition at San Francisco. One contract, alone, secured by this industry is for the giant battleship pennsylvania, contract price, This is the largest contract ever made with any American Shipyard for a single vessel. Hampton Roads Cassandra Newby-Alexander,Jeffrey Littlejohn,Charles H. Ford,Sonia Yaco,The Norfolk Historical Society,2009-02-01 With this striking collection of historical images, experience a front-row view of the origination of the public school system within Hampton Roads and the epic struggle for racial equality. From the seventeenth century until the present, this area of the Old Dominion has been at the forefront of challenges,

including Reconstruction, Jim Crow law, racial disharmony and public resistance to tax-based public schools. The fiftieth anniversary of the reopening of Norfolk's desegregated schools marks an especially appropriate occasion on which to look back at the evolution of public education in the Hampton Roads region.

Remembering Greater Hampton Roads ,2010-06 Before the Jamestown colonists reached their final shore, they arrived at a place they named Cape Henry, and beyond that lay an inlet that would one day shelter the towns of Hampton Roads: Chesapeake, Hampton, Newport News, Norfolk, Portsmouth, Suffolk, and Virginia Beach. With a selection of fine historic images from their best-selling book Historic Photos of Greater Hampton Roads, Emily J. and John S. Salmon provide a valuable and revealing historical retrospective on the growth and development of the region. The images collected in Remembering Greater Hampton Roads offer a remarkable glimpse into the history of these unique communities. Published in vivid black-and-white, these images communicate the historic events and everyday life of two centuries of Americans and two centuries of a fascinating corner of America. Remembering Greater Hampton Roads is sure to captivate anyone curious about the region's past, from the student of history to the local history buff.
