SPIN describes the whole selling process: Situation questions Problem questions Implication questions Need-payoff questions SPIN-Selling provides you with a set of simple and practical techniques which have been tried in many of today's leading companies with dramatic improvements to their sales performance.

The Defining Decade Meg Jay,2012-04-17 The Defining Decade has changed the way millions of twentysomethings think about their

twenties—and themselves. Revised and reissued for a new generation, let it change how you think about you and yours. Our thirty-is-the-new-twenty culture tells us the twentysomething years don't matter. Some say they are an extended adolescence. Others call them an emerging adulthood. In *The Defining Decade*, Meg Jay argues that twentysomethings have been caught in a swirl of hype and misinformation, much of which has trivialized the most transformative time of our lives. Drawing from more than two decades of work with thousands of clients and students, Jay weaves the latest science of the twentysomething years with behind-closed-doors stories from twentysomethings themselves. The result is a provocative read that provides the tools necessary to take the most of your twenties, and shows us how work, relationships, personality, identity and even the brain can change more during this decade than at any other time in adulthood—if we use the time well. Also included in this updated edition: Up-to-date research on work, love, the brain, friendship, technology, and fertility What a decade of device use has taught us about looking at friends—and looking for love—online 29 conversations to have with your partner—or to keep in mind as you search for one A social experiment in which digital natives go without their phones A Reader's Guide for book clubs, classrooms, or further self-reflection

Em's Awful Good Fortune Marcie Maxfield,2021-08-03 “Em’s Awful Good Fortune takes its reader across the world and deep into the heart of its trapped, privileged, suffering, and, ultimately, invincible narrator.” —Junot Diaz, Pulitzer Prize-winning author of The Brief Wondrous Life of Oscar Wao Set against the backdrop of the expat lifestyle, Em’s Awful Good Fortune is about marriage—love and family, work and compromise, betrayal and heartbreak, resentment and resolution. Eliminate Your Competition Sean O'Shaughnessey,2018-05-14 Most salespeople lose the deal before they ever get started! It isn't uncommon for the customer to have already made a decision before most salespeople even learn of the opportunity. Most salespeople have to beat the preferred

competitor by a significant margin just to be considered equivalent. Don't you wish that you could be the preferred vendor in all of your opportunities? Selling is a difficult career in which to make a living; it is not uncommon to have the commission check denied before the salesperson even gets a chance to win. Analysis of thousands of sales situations has made it phenomenally obvious that most salespeople begin their sales campaign so late in the decision-making process that they are virtually guaranteed to lose the order. To make matters worse, when they do start the campaign early enough, most salespeople do not know how to control the prospect adequately so that they can guarantee their victory. Typical turnover for a sales department is 10-20%. Many companies see turnover that approaches 40-60%! This turnover costs them 50% of their revenue-generating capability. In any organization that exceeds 25% turnover, the loss of trust with the customer can be astounding as the new salesperson tries to rebuild the entire relationship. In any given quarter dozens or hundreds of companies do not make their forecasted numbers and are dramatically punished by Wall Street. This book will provide the management of a company with a framework to teach their salespeople how to attain their quotas with higher profits. It will also allow salespeople to rise to the top of their organization and be the super-achievers who win awards, trips, bonuses, and respect. In this book, I will show you how to eliminate your competition and maximize your commission.
