**The Art of the Handwritten Note** Margaret Shepherd,2010-08-11 From overcoming illegible penmanship to mastering the challenge of keeping straight margins, avoiding smeared ink, and choosing stationery that is appropriate but suits your style, this is a powerful little guide to conveying thoughts in an enduring—and noteworthy—way. For those who enjoy writing notes, or those who value doing so but find themselves intimidated by the task, acclaimed calligrapher Margaret Shepherd has created both an epistolary tribute and rescue manual. Just as you cherish receiving personal mail, you can take pleasure in crafting correspondence. Love, gratitude, condolences, congratulations—for every emotion and occasion, a snippet of heartfelt prose is included, sure to loosen the most stymied letter writer.

**How to Take Smart Notes** Sönke Ahrens,2022-03-11 This is the second, revised and expanded edition. The first edition was published under the slightly longer title How to Take Smart Notes. One Simple Technique to Boost Writing, Learning and Thinking – for Students, Academics and Nonfiction Book Writers. The key to good and efficient writing lies in the intelligent organisation of ideas and notes. This book helps students, academics and other knowledge workers to get more done, write intelligent texts and learn for the long run. It teaches you how to take smart notes and ensure they bring you and your projects forward. The Take Smart Notes principle is based on established psychological insight and draws from a tried and tested note-taking technique: the Zettelkasten. This is the first comprehensive guide and description of this system in English, and not only does it explain how it works, but also why. It suits students and academics in the social sciences and humanities, nonfiction writers and others who are in the business of reading, thinking and writing. Instead of wasting your time searching for your notes, quotes or references, you can focus on what really counts: thinking, understanding and developing new ideas in writing. Dr. Sönke Ahrens is a writer and researcher in the field of education and social science. He is the author of the award-winning book “Experiment and Exploration: Forms of World Disclosure” (Springer). Since its first publication, How to Take Smart Notes has sold more than 100,000 copies and has been translated into seven languages.
