Snail Mail My Email Ivan Cash,2012-11-01 One man's mission to give power back to the written word gave the world 10,000 beautifully crafted correspondences. We live in a fast-paced world, where emails reign supreme as a form of communication. Feeling nostalgic for the almost forgotten written letter, Ivan Cash decided to stage a comeback tour on its behalf. He invited anyone in the world to send him a 100 word email, and in return he would illustrate it into a letter and mail it for free. On day four of the project, he got more than 1,000 requests. A team of volunteers helped Ivan create over 10,000 letters—or more accurately, works of art—which were sent to happy recipients. Snail Mail My Email is a collection of the most memorable letters and moments from the project, and a reminder of the power of personal connection in a world of instant communication.

The Art of the Personal Letter Margaret Shepherd,Sharon Hogan,2008-09-16 When was the last time you wrote a letter? Or received one in the mail? Handwritten Letters in the Bookstore Rimple Sanchla,2018-07-17 Successful and celebrated entrepreneur Rajvir leads a lonely and monotonous life. Breaking out of the routine one day, he stops at a bookstore and finds a handwritten note in a book. This letter leads him to a series of other similar letters, and finally, to the person who writes them. The letter-writer, discovers Rajvir, is a young woman, though her identity is a mystery. He soon begins a virtual relationship with her, via chat and mail. Rajvir hits upon a new business idea from his interactions with her. Enter Taashvi, who he ropes in as a partner in the new business. Rajvir and the letter-writer relive their childhood as they converse about everything they love—music, books, the neuroscience behind music, relationships, psychology, etc. As their friendship deepens, Rajvir learns to feel safe again, to be vulnerable, to be open. As Rajvir transforms, Taashvi becomes his new friend. Soon they too discover each other, deepening the friendship between them. In the process, Taashvi inspires Rajvir to explore beyond what he has worked before. Between Taashvi and the letter-writer, who will Rajvir choose? Does he get to meet the stranger behind the letters? Will the girl's bitter past affect their relationship? Will Rajvir's story have a happy ending? A delightful and light read, Handwritten letters in the bookstore... enlivens, even as it defines a relationship that has an old world charm with music as its leitmotif.

The Art of the Handwritten Note Margaret Shepherd,2010-08-11 From overcoming illegible penmanship to mastering the challenge of keeping straight margins, avoiding smeared ink, and choosing stationery that is appropriate but suits your style, this is a powerful little guide to conveying thoughts in an enduring—and noteworthy—way. For those who enjoy writing notes, or those who

value doing so but find themselves intimidated by the task, acclaimed calligrapher Margaret Shepherd has created both an epistolary tribute and rescue manual. Just as you cherish receiving personal mail, you can take pleasure in crafting correspondence. Love, gratitude, condolences, congratulations—for every emotion and occasion, a snippet of heartfelt prose is included, sure to loosen the most stymied letter writer.

Kind Regards Liz Williams, 2012-09-06 All the signs show that the worthy art of letter writing is in decline. One third of 16-year-olds have never written a letter, and in the next ten years it is predicted that first-class mail will drop by 37%. Emails and texts have overtaken the humble pen and paper as the most popular method of communication. In *Kind Regards*, Liz Williams explores the popular history of letter writing and how it has shaped the world today - from the early Greek philosophers, to the great letter writers Byron and Walpole and famous letters that changed the world. It also covers the invention of the fountain pen and the growth of the mail delivery system. This is the fascinating story of how a simple piece of paper revolutionized global communication and how, despite the ever-growing influence of technology, handwritten letters are regaining their value, meaning and popularity

Edinburgh Companion to Nineteenth-Century American Letters and Letter-Writing Celeste-Marie Bernier, 2016-02-15 Provides a wide-ranging entry point and intervention into scholarship on nineteenth-century American letter-writing. This comprehensive study by leading scholars in an important new field—the history of letters and letter writing—is essential reading for anyone interested in nineteenth-century American politics, history or literature. Because of its mass literacy, population mobility, and extensive postal system, nineteenth-century America is a crucial site for the exploration of letters and their meanings, whether they be written by presidents and statesmen, scientists and philosophers, novelists and poets, feminists and reformers, immigrants, Native Americans, or African Americans. This book breaks new ground by mapping the voluminous correspondence of these figures and other important American writers and thinkers. Rather than treating the letter as a spontaneous private document, the contributors understand it as a self-conscious artefact, circulating between friends and strangers and across multiple genres in ways that both make and break social ties. Key Features: Draws together different emphases on the intellectual, literary and social uses of letter writing. Provides students and researchers with a means to situate letters in their wider theoretical and historical contexts. Methodologically expansive, intellectually interrogative chapters based on original research by leading academics. Offers new insights into the lives and careers of Louisa May Alcott, Charles Brockden Brown, Emily Dickinson, Frederick Douglass, Margaret Fuller, Henry James, Thomas Jefferson, Abraham Lincoln, Herman Melville, Harriet Beecher Stowe, and Edgar Allan Poe, among many others

The Work of Life Writing G. Thomas Couser, 2021-04-13 Life writing, in its various forms, does work that other forms of expression do not; it bears on the world in a way distinct from imaginative genres like fiction, drama, and poetry; it acts in and on history in significant ways. Memoirs of illness and disability often seek to depathologize the conditions that they recount. Memoirs of parents by their children extend or alter relations forged initially face to face in the home. At a time when memoir and other forms of life writing are being produced and consumed in unprecedented numbers, this book reminds readers that memoir is not mainly a literary genre or mere entertainment. Similarly, letters are not merely epiphenomena of our real lives. Correspondence does not just serve to communicate; it enacts and sustains human relationships. Memoir matters, and there's life in letters. All life writing arises of our daily lives and has distinctive impacts on them and the culture in which we live.

Email, SMS, MMS Carmen Frehner, 2008 Are email and SMS forms of writing or speech? This question cannot be answered easily because their registers are hybrid; they make use of both orality and literacy. This book offers an accurate placement of emails and text messages along the written/spoken continuum. Emails and text messages are also compared to letters and phone calls while a closer comparison of SMS and telegrams shows how far text messaging can be regarded as a renaissance of telegrams. Attention is further paid to multimedia messaging and questions concerning the proportion of image to text, picture categories as well as MMS dialogues are approached. The book finally comments on linguistic changes and deals with the German language community's concern with regard to the increasing use of Anglicisms.
