John Mamoun

Fast and Easy to Learn Chinese Chess or “Xiangqi” with the Innovative “Xiangqi Chessboard” and the Move-Recording System Norman Chan,2018-05-25 Chinese Chess or Xiangqi (Elephant chess in Chinese) is an ancient board game popular in China for centuries. In recent times, its popularity has exploded with millions of international players and a world tournament with millions in cash prizes. Reinventing the traditional Chinese chess game, the author incorporates innovative strategies of defense and offense on a repositioned game board. This new game system will inspire traditional players and entice novice ones. Written with over five hundred diagrams with detailed illustrations and easy-to-read language, the reader will enjoy the creative presentations. This is a must read for players of all levels and is a fresh adaptation of an ancient game. The author: Norman L. Chan New York City, New York United States of America Mailing address: Post office box 640696 Oakland Gardens, New York New York, USA 11364 Email address: normanchancechess@gmail.com

The Complete Guide to Chinese Chess Openings W N Vossbrink,2019-07-22 For the very first time in the English Language, this book offers the most detailed study of the opening-game of Chinese Chess (Xiangqi) ever seen. In these pages readers will be introduced to the five major categories of openings and every known variation -- some common, some very obscure and rarely played over the table. Heavily illustrated, THE COMPLETE GUIDE TO CHINESE CHESS OPENINGS is the best way to begin the long journey to Mastership of this wonderful and fascinating cousin of International Chess.

Chinese Chess H.T. Lau,2011-12-20 Learn the ancient and fascinating game of Chinese Chess with this expert guide. Chinese chess, or elephant chess, has intrigued the powerful and the quizzical for centuries. Although its rules are similar to the well-known Western game, subtle and fascinating variations must be mastered in order to understand the strategies it requires. A great way to learn Chinese Chess, this book is simple enough for Chess beginners but contains a wealth of information and tips that experienced players will find useful as well. In Chinese Chess, author H.T. Lau explains the game's fundamentals--the rules, the board, and the basics with dozens of insightful diagrams. With the aid of 170 diagrams, Chinese Chess walks players through the board, the movement and values of the pieces, basic rules for capturing and defeating an opponent, techniques and game-winning tactics. Once he's covered the basics, Lau introduces advanced tactics, methods for escaping difficult positions, and cunning strategies for winning. This book includes eighty mid- and end-game exercises designed to sharpen playing skills and strategy and concludes with two appendices devoted to the elegantly constructed games found in *The Secret Inside the Orange* and *The Plum-Blossom Meter*, two classic seventeenth-century works on Chinese chess.

Chinese Chess for Beginners Sam Sloan,1989 When you think of chess, you probably think of the strategy game played throughout Europe and the Americas. There is another kind of chess played throughout the world by probably more people than any other strategy game. That game is Chinese Chess. The Elephant Game as it is called by the Chinese, dates back more than 2000 years. A cousin of Western Chess, its unique style of play results in a wide-open, quick-moving and aggressive contest. Chinese Chess for Beginners explains both the rules and the strategies of the game clearly and in detail so that you can start playing right away. It covers everything from the opening through the endgame. The book includes a set of paper chessmen that you can cut out and begin to play right away.

A Manual of Chinese Chess Charles Fred Wilkes,1952

Chinese Chess Z. Volpicelli,1889

A Beginners Guide to Xiangqi Chinese Elephant Chess Tyler Rea,2014-08-29 A Beginners Guide to Xiangqi Chinese Elephant Chess covers the play & details of China's most popular board game. The layout of the playing board, movement and capturing tactics of the Xiangqi pieces, 2 standard example games, Do's and Don't of opening play, Checkmate methods and Glossary of terms.

Chinese Chess Or Xiangqi Book of Board Game Strategy John Mamoun, 2020-05-20 The ancient Chinese board game of Xiangqi, or Chinese Chess, has been played for over 1,000 years. However, few books have been published in the English language on the strategy of Chinese Chess. Now, this 367 page book demonstrates optimal strategies, verified by modern computer analysis. The book is heavily illustrated with pictographic chess board diagrams, similar to diagrams in international chess books. These picture pieces are easier to visualize than classical Xiangqi Chinese character piece labels. Excessive use of algebraic notation is avoided, making it easier to follow game annotations, and to evaluate positions. This Chinese chess book is an easier way for English speakers to learn this complex, baffling and counter-intuitive board game, that has a tactical language quite different from that of international chess. Various topics are covered: □ Xiangqi Rules □ Opening Game Theory □ Middle Game and End Game Tactics □ Beginning, Intermediate and Expert Strategies □ Fully Annotated Games with Play-by-play analysis □ Hundreds of Illustrations - An Actual Board is Not Needed to Follow Annotated games!

Chinese Chess Robert Lin, 1991

Xiangqi Or Chinese Chess Book of Board Game Strategy John Mamoun, 2021-05-08 The ancient Chinese board game of Xiangqi, or Chinese Chess, has been played for over 1,500 years. The book is heavily illustrated with pictographic chess board diagrams, similar to diagrams in international chess books. These picture pieces are easier to visualize than classical Xiangqi Chinese character piece labels. Excessive use of algebraic notation is avoided, making it easier to follow game annotations, and to evaluate positions. This Chinese Chess book is an easier way for English speakers to learn this complex, baffling and counter-intuitive board game, that has a tactical language quite different from that of international chess. Various topics are covered: □ Xiangqi Rules □ Opening Game Theory □ Middle Game and End Game Tactics □ Beginning, Intermediate and Expert Strategies □ Fully Annotated Games with Play-by-play analysis □ Hundreds of Illustrations - An Actual Board is Not Needed to Follow Annotated games!

Chinese Chess C. K. Lai, 2005 C. K. Lai is a well known Xiangqi player and enthusiast who has written and translated a dozen books on the subject, and is still writing, though less frequently nowadays. There was a time when he produced two books a year, among them his first book Chinese Chess, An Introduction To The Openings, Checkmate In Two, and Chess Of The Wuzhi Mountain (in collaboration with Mr. Shu Ming Li of San Francisco). Translations include Chinese Chess, The Endgame Technique, Victories All The Way, and Fifty Games Of GM Li Laiqun. With a few Xiangqi friends he promoted the game in Britain some two decades ago, helping to create the UK Chinese Chess Association. He is certainly at the forefront of promotion of the game in Britain. One of C. K. Lai's high achievements in Xiangqi competitions was in 1994 when he won the 11th European Xiangqi Championship held in Amsterdam. He also won on several occasions the UK Xiangqi Championship. He is Editor of Chinese Chess Cyber Newsletter, a simple web site based in London which attracts many Xiangqi followers.

Inclusive Design Kin Wai Michael Siu, 2008

Lexicon of Xiangqi (Chinese Chess) Terms in English Jim Hau Cheng Png, 2017-06-28 The Lexicon of Xiangqi (Chinese Chess) Terms is the first ever English lexicon on Xiangqi. There are well over 1600 entries and over 490 figures in the book, which span all disciplines in Xiangqi. Chinese terms have been added with Hanyu Pinyin wherever appropriate so that the entries would be clear and leave no room for doubt in the process of transliteration. The lexicon was born out of necessity. The author, Jim Png Hau Cheng, has written extensively about Xiangqi, in English, for over six years on his website, www.xqinenglish.com, which has over 2300+ web pages at last count. During the process of writing, and trying to explain Xiangqi in English, he was faced with the mammoth task of trying to come up with suitable English phrases for Xiangqi. While there are thousands of terms in Chinese with regards to Xiangqi, a useful list of Xiangqi terms in English was virtually non-existent. Without such a list of terms, it was nearly impossible to communicate the intricacies of Xiangqi understandably. For each term, he had to do research, compare, categorize, distil, and even invent various terms. It has been a tedious process which saw the author working through many sleepless nights, acquiring astigmatism and a head full of white hair. Fortunately, a list of terms was slowly born over time. Technical terms which include basic terminology, the language used in openings, midgames, endgames, endgame compositions have been explained in simple, understandable prose. Many figures have been included to explain various important positions and concepts. Terms regarding the culture and history of Xiangqi can also be found with short and crisp explanations. Jim has also translated various important Chinese passages to the best of his abilities. For example, the Theory of Xiangqi presented in both the Secret in the Tangerine and the Elegant Pastime Manual has been translated to strengthen the fundamentals of the beginner. There are also over three hundred biographies of the Xiangqi greats. Introductions to important ancient manuals and contemporary Xiangqi masterpieces, their history, and

their authors have not been left out. There are also five appendices in the Lexicon. The first appendix is perhaps the most important part of the book. Jim has provided the English terms for various Chinese terms in the hope that it would bridge the language barrier. Chinese writers hoping to write Xiangqi in English will find the list useful. The second appendix is a collection of nearly a hundred Xiangqi sayings that are frequently encountered. Each saying is a gem of wisdom from which the author has translated and explained to the best of his abilities. The third appendix was a thesis that was presented in a chess conference in Hangzhou in 2016. The authors of the thesis have kindly granted permission for publication. It is a timeline of the history of Xiangqi from the ancient times. The fourth appendix is a list of the various grandmasters and masters (both men and women) of the different federations. While the information can be found on the internet, it has not been collected and categorized in the same manner as Jim has done. The last appendix is a list of tables which show the results of the major tournaments in Xiangqi. The work seen in the book is a six-year culmination of the author's efforts to promote the game he loves so dearly. It would be impossible to include all there is to know about a subject as deep as Xiangqi into one book. While such a Lexicon cannot be exhaustive, it would serve as a good reference for people interested in Xiangqi, but are not familiar with the Chinese language.

Seven Stars Charles Kliene,1916

Understanding the Elephant Jim Hau Cheng Png,2016-09-27 Chinese Chess, or Xiangqi which is the preferred official term, is the most played board game or form of chess in the Orient. Xiangqi is the Hanyu Pinyin for Elephant Chess (xiang and qi respectively) in Chinese. Yet despite its popularity inside Asia, it pales in comparison in the West. Understanding the Elephant: A Xiangqi Primer is a series of books aimed at promoting the game to the West. Many have heard about the story of the blind men touching different parts of an elephant before giving a description of what they thought an elephant would look like. They were all correct and yet they were all wrong at the same time. Understanding the Elephant would hope to take away that blindfold, to allow the reader to see Xiangqi in its full splendour. It also represents the books or information that the author wished he had when he first started learning the game decades ago. In the second part of the series, there will be two sections. The first section is a detailed explanation of the basics of Xiangqi (which is the preferred term for Chinese Chess) can be found. Detailed explanations of the basic terms used in everyday play has been provided with figures wherever possible. The reader would learn basic terminology like the various names of important intersections on the board, the horses when attacking, the names of the different formations involving the cannons, various defensive formations et cetera. Notation is also covered in great detail in the same chapter. The second section would be devoted to the basic kills in Xiangqi. The author has classified over thirty different basic kills for the reader to master. The names of the basic kills, how they are done and examples of the basic kills in actual games by Xiangqi masters and grandmasters have also been collected. There are over a hundred examples with hundreds figures showing different positions with detailed explanations to guide the reader. The original Chinese phrases with Hanyu Pinyin has also been added wherever possible so that interested readers can do their own study. The entire book contains well over four hundred figures. After going through the explanations and examples, the reader should be able to grasp the basics of the game and lay a firm foundation for future play.

Xiangqi for Absolute Beginners Ping Loong Wong,2017-03-13 Xiangqi or Chinese Chess, is becoming more popular in Western countries due to the rise of China. China's extraordinary economic growth and active diplomacy are already attracted Westerners' interest. Westerners want to learn more about Chinese's culture. One of the easier approaches is by learning Xiangqi. Unfortunately, there is always not easy for a Westerner or non-Chinese speaking person to learn Xiangqi by his own. This book is designed for the person who is absolutely no knowledge or little knowledge in Xiangqi, and would like to learn it by his own. The structures of the book are well designed. There are divided into 5 main chapters, which are Xiangqi Fundamentals, Xiangqi Basic Kills, Xiangqi Basic Endgame, Xiangqi Basic Midgame and Xiangqi Opening. The sentences uses are simple and easy English. The reader can just easily follows the chapter and learns Xiangqi step by step. There are more than 300 diagrams have been placed such that it would be easy to cross reference the moves and the actual situation on the board. At the end of each chapter, it consists of self-test or puzzles to assess the reader's competency level. There are more than 130 puzzles and the answers are provided at the end of the book. At the end, the reader will be able to appreciate the Chinese culture through Xiangqi.

Thank you entirely much for downloading **Hangxun Chinese Chess Most Popular Chess Game**. Most likely you have knowledge that, people have see numerous time for their favorite books once this Hangxun Chinese Chess Most Popular Chess Game, but end happening in harmful downloads.

Hangxun Chinese Chess Most Popular Chess Game Introduction

In the digital age, access to information has become easier than ever before. The ability to download Hangxun Chinese Chess Most Popular Chess Game has revolutionized the way we consume written content.

Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Hangxun Chinese Chess Most Popular Chess Game has opened up a world of possibilities. Downloading Hangxun Chinese Chess Most Popular Chess Game provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Hangxun Chinese Chess Most Popular Chess Game has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Hangxun Chinese Chess Most Popular Chess Game. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Hangxun Chinese Chess Most Popular Chess Game. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Hangxun Chinese Chess Most Popular Chess Game, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Hangxun Chinese Chess Most Popular Chess Game has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Hangxun Chinese Chess Most Popular Chess Game Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer webbased readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience.
