Cleverly told through the eyes of a Realtor, Holly depicts the perils of life, love, and dating—whether it's dealing with first-time buyers (those who have a romanticized version of what they think they want and what they can actually have), the value of curb appeal, fixing the foundation of a damaged home, not listing before you're ready to sell, staging, and so much more. Hilarious and emotional, Holly shares her dating experiences with "fixer uppers," the guys with "good bones," and the "forever renters." *Back on the Market* is a story of hope and the pursuit of happiness. His new hardcover book, titled *THE 14 HOME SELLING SECRETS, THE MISTAKES EVERYONE MAKES* is an easy-to-understand resource designed to help anyone safely, enjoyably & profitably sell their own home. Easter's book is clearly written for the average man or woman trying to sell their home & NOT for the real estate agent. In fact, Easter offers tips on how to choose the right agent for you & blows the whistle on some evasive practices a few agents may try on you (such as quoting a high price for your home to get your listing). Considering that Easter is a real estate broker in Austin with over a decade of experience under his belt, his honesty & directness is refreshing. Some of the mistakes covered in *THE 14 HOME SELLING SECRETS* include: \*what to look out for when picking the right real estate agent \*how to set a goal for the selling process \*how to test the market \*what to be aware of when signing a listing agreement \*why you should advertise \*how much escrow to ask for, & more. Easter's book is direct & honest. One of his secrets is a recommendation that sellers completely disclose potential future problems &/or past repairs by filling out a Sellers Disclosure Form. When I want or need help, I want help from an experienced professional! Bob Easter is one of those people. Not only do I know him, but I trust him. His book is step-by-step advice from a 'pro.' Anybody who buys this book, reads this book & follows Bob's advice will get both answers & encouragement. - Lewis R. Timberlake, Author, Lecturer, Consultant. **Dominate the Real Estate Market** Rob W. Davidson, 2021-01-15 As you set out to become the go-to real estate agent, and dominate the market, you will need a solid plan to achieve this goal. The world of real estate agents is saturated with many different types of people; from the young go-getters to the middle-aged retirees looking for something fun to do in their spare time. In most neighborhoods or communities, there will be only a few go-to agents who are well-known, trusted household names. Becoming well-known involves full time work and takes time. In order to dominate a real estate market, the goal is to be visible everywhere, and be willing to do what others won't. This could mean taking an extra hour per day to engage on social media or it could mean spending extra hours shooting and editing videos promoting yourself in the community. It could also mean organizing virtual events or partnering with other businesses. To dominate in your real estate marketing efforts, you need to know what you bring to the table. What skills do you have, what are your strengths, what do you excel at? Furthermore, what niche are you going to cater to? You need to hone in on a particular target market and become an expert at the things your niche is interested in. Find out what your potential customers are looking for in a home. Baby boomers and millennials have different priorities when it comes to home buying. Some are looking for more space while young millennials might not want to spend time to clean a bigger house and prefer something with less maintenance closer to the city center. After you identify your niche, you are going to want to get their attention in all the platforms they pay attention to and engage with. For example, podcasts are becoming more popular and people are spending less time reading newspapers and watching tv. Being the go-to real estate agent on podcasts that your audience listens to will begin to create awareness for you. Slowly, as you build an audience, you will build trust with clients. When people realize that you know a lot about the area and that you have a track record for getting your clients what they want, they will trust you to find their next dream home. These happy customers will tell their friends and your greatest marketing asset will begin working for you – word of mouth. When you become a part of social media conversations, when you begin giving back, when you begin delivering a positive experience, you will become part of your community. You will be instrumental in shaping and building your community by helping people and what they want. You will help both buyers and sellers and their next place and build their next home and community. It all begins with a positive attitude, steady work, and executing on your marketing plans. This guide covers everything you will need to build a real estate marketing plan and begin implementing it. You will learn how to create a marketing budget, how to create a multi-channel marketing campaign, how to effectively promote your listings, your personal brand, and more. Continue reading for in-depth tips and strategies for dominating your real estate market.

**The Happy Couple's Guide to Investing in Real Estate** Chakib Jaber, Jinan Jaber, 2013-02-20 This book tells the story of a hard working, middle class couple, who tried investing in different areas and then decided to focus their strategy on rental real estate investment in rural areas to build wealth and generate a source of continuous passive income because of volatility in the stock market, 401K and other investments. The authors tell their own successful experience of how they started with the purchase and rental of their first property and how they grew to fourteen units in five years. The book provides a practical guide that can be easily implemented by

working individuals, especially couples who are both working, but aren't sure on how to build for their future and become financially independent. Couples can work from home in the evenings as well as weekends to accomplish this goal. The authors share with you how they leveraged each other's strengths and divided up roles and responsibilities to make it work. They share their fun road-trip experiences to different rural areas, provide check-lists, resources and calculators to help you research, assess, and make an informed decision of where to invest your hard-earned money. They also offer valuable tips on how to build and maintain your relationship with real-estate agents, property management companies, and contractors, and provide resources on how you can manage your cost and cash flow when you remodel or update a rental property. The authors also share some of their mistakes as first time real estate investors to help you avoid potentially costly investments. You don't need a significant investment upfront, and you certainly don't want to quit your day-job as soon as you start investing. The investment strategy discussed in this book is focused on long-term investment in the future, that is aimed to generate passive income. If you're looking for a book on how to get rich quick, this book is probably not for you.
