The advent of motorways has made travel easier and racecourse safety has improved but the challenges for jump jockeys -the bravest of the brave- remain. It covers some of the biggest stories in jump racing over the last seventy-five years, including the dramatic collapse of Devon Loch in the 1956 Grand National and the incredible exploits of three-times Grand National winner Red Rum. But it also contains lots of fascinating stories which the reader will not be so aware of, of trainers and horses long forgotten.

Dictionary of Sports and Games Terminology Adrian Room,2017-02-10 The specialized jargon of some sports can be quite esoteric. Non-Americans, for example, are likely puzzled by baseball terms such as bunt, cut-off man, and safety squeeze, while the non-British may pause over cricket's Chinaman, doosra, golden duck, off-break, popping crease, and yorker. This new dictionary gives the definitions of more than 8,000 terms used in sports and games from around the world, including mainstream sports like basketball and billiards alongside the more obscure netball and snooker. Entries cover sports equipment, strategies, venues, qualifying categories, awards, and administrative bodies, while a comprehensive system of cross-references offers assistance and clarification when needed. An appendix lists standard abbreviations of sports ruling bodies and administrative organizations.
