Homeland Cory Doctorow,2013-02-05 In Cory Doctorow's wildly successful Little Brother, young Marcus Yallow was arbitrarily detained and brutalized by the government in the wake of a terrorist attack on San Francisco—an experience that led him to become a leader of the whole movement of technologically clued-in teenagers, fighting back against the tyrannical security state. A few years later, California's economy collapses, but Marcus's hacktivist past lands him a job as webmaster for a crusading politician who promises reform. Soon his former nemesis Masha emerges from the political underground to gift him with a thumbdrive containing a Wikileaks-style cable-dump of hard evidence of corporate and governmental perfidy. It's incendiary stuff—and if Masha goes missing, Marcus is supposed to release it to the world. Then Marcus sees Masha being kidnapped by the same government agents who detained and tortured Marcus years earlier. Marcus can leak the archive Masha gave him—but he can't admit to being the leaker, because that will cost his employer the election. He's surrounded by friends who remember what he did a few years ago and regard him as a hacker hero. He can't even attend a demonstration without being dragged onstage and handed a mike. He's not at all sure that just dumping the archive onto the Internet, before he's gone through its millions of words, is the right thing to do. Meanwhile, people are beginning to shadow him, people who look like they're used to inflicting pain until they get the answers they want. Fast-moving, passionate, and as current as next week, Homeland is every bit the equal of Little Brother—a paean to activism, to courage, to the drive to make the world a better place. Of Love and Papers Laura E. Enriquez,2020-04-28 A free open access ebook is available upon publication. Learn more at www.luminosoa.org. Of Love and Papers explores how immigration policies are fundamentally reshaping Latino families. Drawing on two waves of interviews with undocumented young adults, Enriquez investigates how immigration status creeps into the most personal aspects of everyday life, intersecting with gender to constrain family formation. The imprint of illegality remains, even upon obtaining DACA or permanent residency. Interweaving the perspectives of US citizen romantic partners and children, Enriquez illustrates the multigenerational punishment that limits the upward mobility of Latino families. Of Love and Papers sparks an intimate understanding of contemporary US immigration policies and their enduring consequences for immigrant families.

The Father-Daughter Plot Rebecca L. Copeland,Esperanza Ramirez-Christensen,2001-07-31 This provocative collection of essays is a comprehensive study of the father-daughter dynamic in Japanese female literary experience. Its contributors examine the ways in which women have been placed politically, ideologically, and symbolically as daughters in a culture that venerates the father. They weigh the impact that this daughterly position has had on both the performance and production of women's writing from the classical period to the present. Conjoining the classical and the modern with a unified theme reveals an important continuum in female authorship—a historical approach often ignored by scholars. The essays devoted to the literature of the classical period discuss canonical texts in a new light, offering important feminist readings that challenge existing scholarship, while those dedicated to modern writers introduce readers to little-known texts with translations and readings that are engaging and original. Contributors: Tomoko Aoyama, Sonja Arntzen, Janice Brown, Rebecca L. Copeland, Midori McKeon, Eileen Mikals-Adachi, Joshua S. Mostow, Sharalyn Orbaugh, Esperanza Ramirez-Christensen, Edith Sarra, Atsuko Sasaki, Ann Sherif.

The Apes of Wrath Richard Klaw,2013-01-08 In the Rue Morgue, the jungles of Tarzan, the fables of Aesop, and outer space, the apes in these seventeen fantastic tales boldly go where humans dare not. Including a foreword from Rupert Wyatt, the director of Rise of the Planet of the Apes, this provocative anthology delves into our fascination with and fear of our simian cousins. “Evil Robot Monkey” introduces a disgruntled chimp implanted with a chip that makes him cleverer than both his cohort and humans alike. In “Murders in the Rue Morgue,” a murder mystery unravels with the discovery of a hair that does not appear quite human. Merging steampunk with slapstick, “The Ape-Box Affair” has a not-so-ordinary orangutan landing on Earth in a spherical flying ship—where he is promptly mistaken for an alien. King Kong sets a terrible example with booze and Barbie dolls in “Godzilla’s 12-Step Program.” If you’ve ever wondered what makes humans different from apes, soon you’ll be asking yourself, is it even less than we think?

The Shriver Report Maria Shriver,The Center for American Progress,2014-01-11 Facts, figures, and essays on women and poverty by Barbara Ehrenreich, Kirsten Gillibrand, LeBron James, and other high-profile contributors. Fifty years after President Lyndon B. Johnson called for a War on Poverty and enlisted Sargent Shriver to oversee it, the most important social issue of our day is once again the dire economic straits of millions

of Americans. One in three live in poverty or teeter on the brink—and seventy million are women and the children who depend on them. The fragile economic status of millions of American women is the shameful secret of the modern era—yet these women are also our greatest hope for change, and our nation’s greatest undervalued asset. The Shriver Report: A Woman’s Nation Pushes Back from the Brink asks—and answers—big questions. Why are millions of women financially vulnerable when others have made such great progress? Why are millions of women struggling to make ends meet even though they are hard at work? What is it about our nation—government, business, family, and even women themselves—that drives women to the financial brink? And what is at stake? To forge a path forward, this book brings together a power-packed roster of big thinkers and talented contributors, in a volume that combines academic research, personal reflections, authentic photojournalism, groundbreaking poll results, and insights from frontline workers; political, religious, and business leaders; and major celebrities—all focused on a single issue of national importance: women and the economy. “A startling wake-up call for policymakers and anyone hoping to survive a culture that siphons wealth upward to a very powerful few.” —Booklist Contributors include: Carol Gilligan, PhD * Barbara Ehrenreich * Beyoncé Knowles-Carter * LeBron James * Anne-Marie Slaughter * Kirsten Gillibrand * Hillary Rodham Clinton * Tory Burch * Sister Joan Chittister * Arne Duncan * Kathleen Sibelius * Howard Schultz * and more!
