**Living Nations, Living Words: An Anthology of First Peoples Poetry** Joy Harjo, 2021-05-04 A powerful, moving anthology that celebrates the breadth of Native poets writing today. Joy Harjo, the first Native poet to serve as U.S. Poet Laureate, has championed the voices of Native peoples past and present. Her signature laureate project gathers the work of contemporary Native poets into a national, fully digital map of story, sound, and space, celebrating their vital and unequivocal contributions to American poetry. This companion anthology features each poem and poet from the project—including Natalie Diaz, Ray Young Bear, Craig Santos Perez, Sherwin Bitsui, and Layli Long Soldier, among others—to offer readers a chance to hold the wealth of poems in their hands. The chosen poems reflect on the theme of place and displacement and circle the touchpoints of visibility, persistence, resistance, and acknowledgment. Each poem showcases, as Joy Harjo writes in her stirring introduction, “that heritage is a living thing, and there can be no heritage without land and the relationships that outline our kinship.” In this country, poetry is rooted in the more than five hundred living indigenous nations. *Living Nations, Living Words* is a representative offering.

**The Lives of Hawai'i's Dolphins and Whales** Robin W. Baird, 2016-11-30 Ocean currents, winds, and rainfall all work together to create a marine oasis around the Hawaiian Islands, providing a home for many species of dolphins and whales normally found in the deep oceans of the world. *The Lives of Hawai'i's Dolphins and Whales* opens a window into the world of these mysterious creatures with stories and observations from author Robin W. Baird's work over the last seventeen years. The book includes exceptional full-color photographs of each species, life history descriptions, conservation threats, and maps showing sighting locations and movements of tagged individuals among the islands and offshore. While the well-known resident spinner dolphins and visiting humpback whales are covered, the ten species of lesser-known open-ocean dolphins and whales that are resident to the marine slopes of the islands are highlighted as well. Among these are endangered false killer whales, deep-diving Cuvier's and Blainville's beaked whales, abundant spotted dolphins, coastal bottlenose dolphins, cryptic dwarf sperm whales, family units of short-finned pilot whales, and social melon-headed whales. Baird also describes thirteen species of dolphins and whales that are found in offshore waters or are seasonal or occasional visitors to

Hawaiian waters, including killer whales, the iconic sperm whale, and even blue whales and North Pacific right whales. More is known about the social organization and natural history of many of these marine mammals in Hawai'i than anywhere else in the world. For all of the species discussed, Baird presents data obtained from long-term photo-identification studies, with distinctive individuals tracked through time and space; for many of them, he includes findings from studies using genetics and satellite tagging. He also provides information on predators and prey, social organization, diving, and night-time behavior, along with suggestions on how to tell some of the more difficult to identify species apart. The book closes by focusing on conservation issues, both success stories and challenges, engaging readers to consider ways to protect Hawai'i's unique assemblage of resident dolphins and whales.

*Nation Within* Tom Coffman, 2016-07-15 In 1893 a small group of white planters and missionary descendants backed by the United States overthrew the Kingdom of Hawai'i and established a government modeled on the Jim Crow South. In *Nation Within* Tom Coffman tells the complex history of the unsuccessful efforts of deposed Hawaiian queen Lili'uokalani and her subjects to resist annexation, which eventually came in 1898. Coffman describes native Hawaiian political activism, the queen's visits to Washington, D.C., to lobby for independence, and her imprisonment, along with hundreds of others, after their aborted armed insurrection. Exposing the myths that fueled the narrative that native Hawaiians willingly relinquished their nation, Coffman shows how Americans such as Theodore Roosevelt conspired to extinguish Hawai'i's sovereignty in the service of expanding the United States' growing empire.

**Kika Kila** John W. Troutman, 2016-02-16 Since the nineteenth century, the distinct tones of k&299;k&257;kila, the Hawaiian steel guitar, have defined the island sound. Here historian and steel guitarist John W. Troutman offers the instrument's definitive history, from its discovery by a young Hawaiian royalist named Joseph Kekuku to its revolutionary influence on American and world music. During the early twentieth century, Hawaiian musicians traveled the globe, from tent shows in the Mississippi Delta, where they shaped the new sounds of country and the blues, to regal theaters and vaudeville stages in New York, Berlin, Kolkata, and beyond. In the process, Hawaiian guitarists recast the role of the guitar in modern life. But as Troutman explains, by the 1970s the instrument's embrace and adoption overseas also worked to challenge its cultural legitimacy in the eyes of a new generation of Hawaiian musicians. As a consequence, the indigenous instrument nearly disappeared in its homeland. Using rich musical and historical sources, including interviews with musicians and their descendants, Troutman provides the complete story of how this Native Hawaiian instrument transformed not only American music but the sounds of modern music throughout the world.

Rani Patel In Full Effect Sonia Patel, 2016-09-19 2017 William C. Morris Award Finalist Almost seventeen, Rani Patel appears to be a kick-ass Indian girl breaking cultural norms as a hip-hop performer in full effect. But in truth, she's a nerdy flat-chested nobody who lives with her Gujarati immigrant parents on the remote Hawaiian island of Moloka'i, isolated from her high school peers by the unsettling norms of Indian culture where husband

is God. Her parents' traditionally arranged marriage is a sham. Her dad turns to her for all his needs—even the intimate ones. When Rani catches him two-timing with a woman barely older than herself, she feels like a widow and, like widows in India are often made to do, she shaves off her hair. Her sexy bald head and hard-driving rhyming skills attract the attention of Mark, the hot older customer who frequents her parents' store and is closer in age to her dad than to her. Mark makes the moves on her and Rani goes with it. He leads Rani into 4eva Flowin', an underground hip hop crew—and into other things she's never done. Rani ignores the red flags. Her naive choices look like they will undo her but ultimately give her the chance to discover her strengths and restore the things she thought she'd lost, including her mother. Sonia Patel is a psychiatrist who works with children and adults. She was trained at Stanford University and the University of Hawaii. She lives and practices in Hawaii. Rani Patel In Full Effect is her first young adult novel. **The Last Aloha** Kellie Coates Gilbert, 2022-04-12 Welcome back to Maui for this romantic drama about family, forgiveness, and what it means to build a future with the people who mean the most. The Last Aloha continues the binge-worthy saga of the Briscoe family. Ava and her children maneuver more changes as they run the pineapple plantation known as Pali Maui amid a myriad of complications. A surprise wedding...a renovation of the golf course fraught with issues, including a formidable lender who causes trouble...a loved one facing a serious illness. All this forces the Briscoes to reevaluate priorities and cling to what is truly important...family. Yet, these struggles pale against the impact of a coming storm with consequences none of them see coming.

**Junk Raft** Marcus Eriksen, 2017-07-04 An exciting account of a scientist's expedition across the Pacific on a home-made "junk raft" in order to learn more about plastic marine pollution A scientist, activist, and inveterate

adventurer, Eriksen and his co-navigator, Joel Paschal, construct a “junk raft” made of plastic trash and set themselves adrift from Los Angeles to Hawaii, with no motor or support vessel, confronting perilous cyclones, food shortages, and a fast decaying raft. As Eriksen recounts his struggles to keep afloat, he immerses readers in the deep history of the plastic pollution crisis and the movement that has arisen to combat it. The proliferation of cheap plastic products during the twentieth century has left the world awash in trash. Meanwhile, the plastics industry, with its lobbying muscle, fights tooth and nail against any changes that would affect its lucrative status quo, instead defending poorly designed products and deflecting responsibility for the harm they cause. But, as Eriksen shows, the tide is turning in the battle to save the world’s oceans. He recounts the successful efforts that he and many other activists are waging to fight corporate influence and demand that plastics producers be held accountable. Junk Raft provides concrete, actionable solutions and an empowering message: it’s within our power to change the throw-away culture for the sake of our planet.

**You Deserve Nothing** Alexander Maksik,2011-08-30 Set in Paris, at an international high school catering to the sons and daughters of wealthy families, You Deserve Nothing is a gripping story of power, idealism, and morality. William Silver is a talented and charismatic young teacher whose unconventional methods raise eyebrows among his colleagues and superiors. His students, however, are devoted to him. His teaching of Camus, Faulkner, Sartre, Keats and other kindred souls breathe life into their sense of social justice and their capacities for philosophical and ethical thought. But unbeknownst to his adoring pupils, Silver proves incapable of living up to the ideals he encourages in others. Emotionally scarred by failures in his personal life and driven to distraction by the City of Light's overpowering carnality and beauty, Silver succumbs to a temptation that will change the course of his life. His fall will render him a criminal in the eyes of some, and all too human in the eyes of others. In Maksik's stylish prose, Paris is sensual, dazzling and dangerously seductive. It serves as a fitting backdrop for a dramatic tale about the tension between desire and action, and about the complex relationship that exists between our public and private selves.

**The Value of Hawai'i** Craig Howes,Jonathan Kay Kamakawiwo'ole Osorio,2010-07-02 How did we get here? Three-and-a-half-day school weeks. Prisoners farmed out to the mainland. Tent camps for the migratory homeless. A blinkered dependence on tourism and the military for virtually all economic activity. The steady degradation of already degraded land. Contempt for anyone employed in education, health, and social service. An almost theological belief in the evil of taxes. At a time when new leaders will be elected, and new solutions need to be found, the contributors to The Value of Hawai'i outline the causes of our current state and offer points of departure for a Hawai'i-wide debate on our future. The brief essays address a wide range of topics—education, the environment, Hawaiian issues, media, tourism, political culture, law, labor, economic planning, government, transportation, poverty—but the contributors share a belief that taking stock of where we are right now, what we need to change, and what we need to remember is a challenge that all of us must meet. Written for a general audience, The Value of Hawai'i provides a cluster of starting points for a larger community discussion of Hawai'i that should extend beyond the choices of the ballot box

this year. Contributors: Carlos Andrade, Chad Blair, Kat Brady, Susan M. Chandler, Meda Chesney-Lind, Lowell Chun-Hoon, Tom Coffman, Sara L. Collins, Marilyn Cristofori, Henry Curtis, Kathy E.
