Big Island of Hawaii Real Estate for the Savvy Investor Ross M. Armetta, 2005-01-01 Big Island Of Hawaii Real Estate for the Savvy Investor is a guide to Big Island of Hawaii, its secrets, and why it is the fastest appreciating market with the best long term prospects for growth in the United States. The Big Island of Hawaii is probably the best place to invest in real estate in the United States. Why ? The appreciation of the land and homes has been dramatic, the island is

spectacular, and its future appears bright. Since 2002 real estate prices on the island have gone up 200-300%. More importantly it is probably just on the leading edge of the rise due to a wave of baby-boom retirees that should continue to drive prices skyward for years to come. This reason for this boom and the continuing trend are obvious: where would you like to retire? Does Paradise sound like a good choice? An unending flood of affluent baby-boomers are arriving in Hawaii daily with the desire and means to invest, live, and retire here in Hawaii. You are looking at an 80 page booklet with dozens of color photos, charts, and illustrations. It can help you make a lot of money in this very lucrative market it can save you many thousands in mistakes that are commonly made. The information is mostly specific to the Big Island of Hawaii although about 80% of the information will be useful for the other islands of Hawaii also. Ross Armetta the Author has lived in Hawaii on Oahu (Honolulu) and the Big Island for over 6 years. The series does not try to sell you anything or over hype Hawaii. It is well balanced providing information on the negatives and gotchas as well as the many positives of Hawaii. Over 5 man weeks are invested in the information to ensure that you have good information, photos, and expertise at your fingertips. You are buying very useful information. The booklet you receive is not professionally manufactured (meaning the booklet is not perfect bound and trimmed perfectly) but it is quite functional. You are buying information timely, money saving information - not a decoration for your bookshelf.
