Social TV Cory Barker,2022-07-15 On March 15, 2011, Donald Trump changed television forever. The Comedy Central Roast of Trump was the first major live broadcast to place a hashtag in the corner of the screen to encourage real-time reactions on Twitter, generating more than 25,000 tweets and making the broadcast the most-watched Roast in Comedy Central history. The #trumproast initiative personified the media and tech industries' utopian vision for a multi-screen and communal live TV experience. In Social TV: Multi-Screen Content and Ephemeral Culture, author Cory Barker reveals how the US television industry promised—but failed to deliver—a social media revolution in the 2010s to combat the imminent threat of on-demand streaming video. Barker examines the rise and fall of Social TV across press coverage, corporate documents, and an array of digital ephemera. He demonstrates that, despite the talk of disruption, the movement merely aimed to exploit social media to reinforce the value of live TV in the modern attention economy. Case studies from broadcast networks to tech start-ups uncover a persistent focus on community that aimed to monetize consumer behavior in a transitional industry period. To trace these unfulfilled promises and flopped ideas, Barker draws upon a unique mix of personal Social TV experiences and curated archives of material that were intentionally marginalized amid pivots to the next big thing. Yet in placing this now-forgotten material in recent historical context, Social TV shows how the era altered how the industry pursues audiences. Multi-screen campaigns have shifted away from a focus on live TV and toward all-day "content" streams. The legacy of Social TV, then, is the further embedding of media and promotional material onto every screen and into every moment of life.

The HBO Effect Dean J. DeFino,2013-11-21 No advertisers to please, no censors to placate, no commercial interruptions every eleven minutes, demanding cliffhangers to draw viewers back after the commercial breaks: HBO has re-written the rules of television; and the result has been nothing short of a cultural ground shift. The HBO Effect details how the fingerprints of HBO are all over contemporary film and television. Their capability to focus on smaller markets made shows like Sex and the City, The Sopranos, The Wire, and even the more recent Game of Thrones and Girls, trigger shows on basic cable networks to follow suit. HBO pioneered the use of HDTV and the widescreen format, production and distribution deals leading to market presence, and the promotion of greater diversity on TV (discussing issues of class and race). The HBO Effect examines this rich and unique history for clues to its remarkable impact upon television and popular culture. It's time to take a wide-angle look at HBO as a producer of American culture.

New Rules Bill Maher,2006-09-05 Bill Maher is on the forefront of the new wave of comedians who influence and shape political debate through their comedy. He is best known not just for being funny, but for advocating truth over sensitivity and taking on the political establishment. Maher first came to national attention as the host of the hit ABC-TV program Politically Incorrect, where he offered a combustible mixture of irreverence and acerbic humor that helped him to garner a loyal following, as well as a reputation for being a controversial bad boy. Bill Maher's popular new HBO television show, Real Time, has put Maher more front and center than ever before. Particularly one regular segment on the show, entitled New Rules, has been a hit with his ever-growing legion of fans. It is the part of the show during which Maher takes serious aim, bringing all of his intelligence, incisiveness, wit, and his signature exasperation to bear on topics ranging from cell phones (I don't need my cell phone to take pictures or access the Internet. I just need it to make a phone call. From everywhere! Not just the places it likes!) to fast food (No McDonald's in hospitals. I'm not kidding!) to the conservative agenda (Stop claiming it's an agenda. It's not an agenda. It's a random collection of laws that your corporate donors paid you to pass.). His bestselling book, New Rules, brings these brilliantly conceived riffs and rants to the written page. This new edition of the book, in paperback for the first time, also features some brand-new material.

Inside the Rise of HBO Bill Mesce, Jr.,2015-07-04 There are two ages in the history of television: before HBO and after HBO. Before the launch of Home Box Office in 1972, the industry had changed little since the birth of broadcast network television in the late 1940s. The arrival of the premium cable channel began a revolution in the business and programming of TV. For the generation that has grown up with the vast array of viewing choices available today, it is almost inconceivable that our ever-expanding media universe began with a few hours of unimpressive programming on a single cable channel. Written by an insider, this is the story of HBO's reconfiguration of television and the company's continual reinvention of itself in a competitive and dynamic industry.

A European Television Fiction Renaissance Luca Barra, Massimo Scaglioni, 2020-11-29 This book maps the landscape of contemporary European premium television fiction, offering a detailed overview of both the changes in the digital production and distribution and the emergence of specific national and transnational case histories. Combining a media-production approach with a textual and audience analysis, the volume offers a complex, stratified, systemic view of ongoing aesthetic, sociocultural and industrial developments in contemporary European TV. With contributions from leading experts in the field, the book first offers an overview of the industrial, policy and cultural context for the renaissance of European television drama over the past decade, based on original comparative research. This research is then supported by case study chapters from the key contexts within which quality European television is being produced, offering a complex and complete picture of the industry's strengths and limitations, its traditions and trends, its constraints and future perspectives. A European Television Fiction Renaissance is a must-read book for TV scholars working across Europe and beyond in the areas of media studies, international communications and television studies, media industries studies, production studies, European studies, and media policy studies as well as for those with an interest in television drama, Netflix, globalisation, pay TV and on demand.

It's Garry Shandling's Book Judd Apatow, 2019-11-12 From Judd Apatow comes an intimate portrait of his mentor, the legendary stand-up comic and star of The Larry Sanders Show, with never-before-seen journal entries and photos, as well as new contributions by fellow comedians and writers. NAMED ONE OF THE BEST BOOKS OF THE YEAR BY NEW YORK Garry Shandling was a singular trailblazer in the comedy world. His two hit shows, It's Garry Shandling's Show and The Larry Sanders Show, broke new ground and influenced future sitcoms like 30 Rock and Curb Your Enthusiasm, and his stand-up laid the foundation for a whole new generation of comics. There's no one better to tell Shandling's story than Judd Apatow—Shandling gave Apatow one of his first jobs and remained his mentor for the rest of his life—and the book expands on Apatow's Emmy Award-winning HBO documentary, The Zen Diaries of Garry Shandling. Here, Apatow has gathered journal entries, photographs, and essays for a close-up look at the artist who turned his gaze back onto the world of show business. Beyond his success, though, Shandling struggled with fame, the industry of art, and the childhood loss of his brother, which forever affected his personal and professional lives. His diaries show Shandling to be self-aware and insightful, revealing a deep philosophical and spiritual side. Contributions by comedians and other leading lights of the industry, as well as people who grew up with Shandling, along with never-before-seen pieces of scripts and brilliant jokes that he never performed, shed new light on every facet of his life and work. This book is the final word on the lasting impact of the great Garry Shandling.

HBO's Girls Betty Kaklamanidou, Margaret Tally, 2014-03-25 Young women today have achieved as much as, and in many cases far exceeded, males in both educational and occupational terms. While this presents many opportunities, it also creates confusion in terms of re-negotiating traditional gender roles. The fictional representation of young women in recent film and television shows demonstrates how these tensions, created by the specific sociopolitical climate of the post-recession era, are being worked out. One specific television show focused on intelligent young women caught up in these contradictions is Girls. The show explores the lives of four female friends living in Brooklyn, two years after their college graduation, as they try to support themselves with low-paying jobs, and deal with various struggles around relationships, careers, and friendships. The HBO half-hour sitcom, created, written by and starring Lena Dunham, premiered on April 15th 2012 after receiving a flood of initial buzz and criticism, both positive and negative. This collection is the first to discuss the cultural, political and social implications of this innovative series. The contributors examine Girls through a variety of lenses: sexual, racial, gender, relationships between the male and female characters, as well as friendships between the young women. This variety of perspectives explains why Girls has had the profound cultural impact it has made, in the short time it has been on the air.

Tinderbox James Andrew Miller, 2021-11-23 Tinderbox tells the exclusive, explosive, uninhibited true story of HBO and how it burst onto the American scene and screen to detonate a revolution and transform our relationship with television forever. The Sopranos, Game of Thrones, Sex and the City, The Wire, Succession...HBO has long been the home of epic shows, as well as the source for brilliant new movies, news-making documentaries, and controversial sports journalism. By thinking big, trashing tired formulas, and killing off clichés long past their primes, HBO shook off the shackles of convention and led the way to a bolder world of content, opening the door to all that

was new, original, and worthy of our attention. In *Tinderbox*, award-winning journalist James Andrew Miller uncovers a bottomless trove of secrets and surprises, revealing new conflicts, insights, and analysis. As he did to great acclaim with *SNL in Live from New York*; with ESPN in *Those Guys Have All the Fun*; and with talent agency CAA in *Powerhouse*, Miller continues his record of extraordinary access to the most important voices, this time speaking with talents ranging from Abrams (J. J.) to Zendaya, as well as every single living president of HBO—and hundreds of other major players. Over the course of more than 750 interviews with key sources, Miller reveals how fraught HBO’s journey has been, capturing the drama and the comedy off-camera and inside boardrooms as HBO created and mobilized a daring new content universe, and, in doing so, reshaped storytelling and upended our entertainment lives forever.

Mr. Know-It-All John Waters, 2019-05-21 No one knows more about everything—especially everything rude, clever, and offensively compelling—than John Waters. The man in the pencil-thin mustache, auteur of the transgressive movie classics *Pink Flamingos*, *Polyester*, *Hairspray*, *Cry-Baby*, and *A Dirty Shame*, is one of the world’s great sophisticates, and in *Mr. Know-It-All* he serves it up raw: how to fail upward in Hollywood; how to develop musical taste, from Nervous Norvus to Maria Callas; how to build a home so ugly and trendy that no one but you would dare live in it; more important, how to tell someone you love them without emotional risk; and yes, how to cheat death itself. Through it all, Waters swears by one undeniable truth: “Whatever you might have heard, there is absolutely no downside to being famous. None at all.” Studded with cameos, from Divine and Mink Stole to Johnny Depp, Kathleen Turner, Patricia Hearst, and Tracey Ullman, and illustrated with unseen photos from the author's personal collection, *Mr. Know-It-All* is Waters’ most hypnotically readable, upsetting, revelatory book—another instant Waters classic. “Waters doesn’t kowtow to the received wisdom, he flips it the bird . . . [Waters] has the ability to show humanity at its most ridiculous and make that funny rather than repellent.” —Jonathan Yardley, *The Washington Post* “Carsick becomes a portrait not just of America’s desolate freeway nodes—though they’re brilliantly evoked—but of American fame itself.” —Lawrence Osborne, *The New York Times Book Review*

God's Bankers Gerald Posner, 2015-02-03 New York Times Bestseller: A “deeply researched” exposé of the money and the clerics-turned-financiers at the heart of the Vatican (*Chicago Tribune*). From a master chronicler of legal and financial misconduct, a magnificent investigation nine years in the making, *God’s Bankers* traces the political intrigue of the Catholic Church in “a meticulous work that cracks wide open the Vatican’s legendary, enabling secrecy” (*Kirkus Reviews*). Decidedly not about faith, belief in God, or religious doctrine, this book is about the church’s accumulation of wealth and its byzantine financial entanglements across the world. Telling the story through two hundred years of prelates, bishops, cardinals, and the popes who oversee it all, Gerald Posner uncovers an eyebrow-raising account of money and power in one of the world’s most influential organizations. *God’s Bankers* is a revelatory and astounding saga marked by poisoned business titans, murdered prosecutors, and mysterious deaths written off as suicides; a carnival of characters from popes and cardinals to financiers and mobsters to kings and prime ministers; and a set of moral and political circumstances that not only clarify the church’s aims and ambitions, but reflect the larger tensions of more recent history. Posner also assesses Pope Francis’s potential to overcome the resistance to change in the Vatican’s Machiavellian inner court and rein in the excesses of its seemingly uncontrollable financial quagmire. “As exciting as a mystery thriller” (*Providence Journal*), this book reveals with extraordinary precision how the Vatican has evolved from a foundation of faith to a corporation of extreme wealth and power. “Reads like a sprawling novel, full of complex characters and surprising twists. . . . Readers interested in issues involving religion and international finance will find Posner’s work a compelling read.” —*Library Journal* “An extraordinarily intricate tale of intrigue, corruption and organized criminality. . . . Posner’s gifts as a reporter and storyteller are most vividly displayed in a series of lurid chapters on the American archbishop Paul Marcinkus, the arch-Machiavellian who ran the Vatican Bank from 1971-1989.” —*The New York Times Book Review*
