Online around the World Laura M. Steckman, Marilyn J. Andrews, 2017-05-24 Covering more than 80 countries around the world, this book provides a compelling, contemporary snapshot of how people in other countries are using the Internet, social media, and mobile apps. How do people in other countries use the social media platform Facebook differently than Americans do? What topics are discussed on the largest online forum—one in Indonesia, with more than seven million registered users? Why does Mongolia rate in the top-ten countries worldwide for peak Internet speeds? Readers of *Online around the World: A Geographic Encyclopedia of the Internet, Social Media, and Mobile Apps* will discover the answers to these questions and learn about people's Internet and social media preferences on six continents—outside of the online community of users within the United States. The book begins with an overview of the Internet, social media platforms, and mobile apps that chronologically examines the development of technological innovations that have made the Internet what it is today. The country-specific entries that follow the overview provide demographic information and describe specific events influenced by online communications, allowing readers to better appreciate the incredible power of online interactions across otherwise-unconnected individuals and the realities and peculiarities of how people communicate in today's fast-paced, globalized, and high-technology environment. This encyclopedia presents social media and the Internet in new light, identifying how the use of language and the specific application of human culture impacts emerging technologies and communications, dramatically affecting everything from politics to social activism, education, and censorship.

**If You Can Read This** Jack Bowen, 2010-03-23 A PICTURE MAY BE WORTH A THOUSAND WORDS—BUT A FEW CHOICE WORDS CAN SPEAK VOLUMES! • If Ignorance Is Bliss, Why Aren't More People Happy? • Bottled Water Is for Suckers • Clones Are People Too • At Least the War on the Environment Is Going Well • Don't Believe Everything You Think • The Revolution Will Be Tweeted Long before blogs, tweets, and sound bites, people were telling the world how they felt in brief, blunt bursts of information plastered on the backs of their cars. Whether they're political or religious, passionate or proud, controversial or corny, these brightly colored, boldly lettered mini manifestos are declarations of who we are, where we stand, and what we'd rather be doing. But as bestselling author and noted philosopher Jack Bowen reveals, there's much more to the pop-culture phenomenon of bumper stickers than rolling one-liners and drive-by propaganda—no less, in fact, than a wise, funny, poignant, contentious, and truthful discourse on the human condition. Mixing pop culture with the ideas of historically prominent philosophers and scientists, *If You Can Read This* exposes the deeper wisdom couched behind these slogans—or, as need be, exposes where they have gone wrong. If you brake for big ideas, now's the time.

**Thrive Through the Five** Jill Siler, 2020-09-05 We're defined by our failures only if we let ourselves be. In today's stressful climate of education budget shortfalls, ever-evolving academic standards, and widespread cultural transformation, how can educators find the confidence to become the leaders they hope to be? *Thrive through the Five* helps school leaders navigate that challenging 5 percent of work (and life) when things are really, really hard. The goal of this book is to not just help readers survive through those moments, days, and seasons, but to lead through them and truly thrive. The superintendent of Gunter ISD, a growing school district an hour north of Dallas, Dr. Siler offers a refreshingly honest account of the challenges and pitfalls of leadership. Coupled with her infectious optimism, her wisdom and insight invite educational professionals to take the next best step and move confidently--even through the toughest times. *Thrive through the Five* transforms challenges into positive opportunities and achievement. It's a must-read for school leaders. --Jon Gordon, New York Times best-selling author of *The Energy Bus* and *The Power of Positive Leadership* In *Thrive through the Five*, Dr. Siler uses her own experiences and expertise to provide practical, relevant insights into how all school leaders can thrive in those difficult times. This should be required reading for anyone who dares to be a great leader. --Kevin Brown, EdD, executive director, Texas Association of School Administrators *Thrive through the Five* is a great story of one leader's journey to find a way through the parts of our jobs that don't always bring us the most joy, but often take up the most time. The quotes will inspire and the process will clearly help you navigate the 5 percent that has such an impact on our world both emotionally and physically as leaders. --Joe Sanfelippo, PhD, superintendent, Fall Creek School District, and author of *Hacking Leadership*

**Dear Data** Giorgia Lupi, Stefanie Posavec, 2016-09-13 Equal parts mail art, data visualization, and affectionate correspondence, *Dear Data* celebrates the infinitesimal, incomplete, imperfect, yet exquisitely human details of life, in the words of Maria Popova (Brain Pickings), who introduces this charming and graphically powerful book. For one year, Giorgia Lupi, an Italian living in New York, and Stefanie Posavec, an American in London, mapped the particulars of their daily lives as a series of hand-drawn postcards they exchanged via mail weekly—small portraits as full of emotion as they are data, both mundane and magical. *Dear Data* reproduces in pinpoint detail the full year's set of cards, front and back, providing a remarkable portrait of two artists connected by their attention to the details of their lives—including complaints, distractions, phone addictions, physical contact, and desires. These details illuminate the lives of two remarkable young women and also inspire us to map our own lives, including specific suggestions on what data to draw and how. A captivating and unique book for designers, artists, correspondents, friends, and lovers everywhere.

*Can't Hurt Me* David Goggins, 2021-03-03 New York Times Bestseller Over 2.5 million copies sold For David Goggins, childhood was a nightmare -- poverty, prejudice, and physical abuse colored his days and haunted his nights. But through self-discipline, mental toughness, and hard work, Goggins transformed himself from a depressed, overweight young man with no future into a U.S. Armed Forces icon and one of the world's top endurance athletes. The only man in history to complete elite training as a Navy SEAL, Army Ranger, and Air Force Tactical Air Controller, he went on to set records in numerous endurance events, inspiring *Outside* magazine to name him The Fittest (Real) Man in America. In *Can't Hurt Me*, he shares his astonishing life story and reveals that most of us tap into only 40% of our capabilities. Goggins calls this The 40% Rule, and his story illuminates a path that anyone can follow to push past pain, demolish fear, and reach their full potential.

Class Paul Fussell, 1992 This book describes the living-room artifacts, clothing styles, and intellectual proclivities of American classes from top to bottom.

**Jesus > Religion** Jefferson Bethke, 2013-10-14 Abandon dead, dry, religious rule-keeping and embrace the promise of being truly known and deeply loved. Jefferson Bethke burst into the cultural conversation with a passionate, provocative poem titled *Why I Hate Religion, But Love Jesus*. The 4-minute video became an overnight sensation, with 7 million YouTube views in its first 48 hours (and 23+ million in a year). Bethke's message clearly struck a chord with believers and nonbelievers alike, triggering an avalanche of responses running the gamut from encouraged to enraged. In his New York Times bestseller *Jesus > Religion*, Bethke unpacks similar contrasts that he drew in the poem--highlighting the difference between teeth gritting and grace, law and love, performance and peace, despair, and hope. With refreshing candor, he delves into the motivation behind his message, beginning with the unvarnished tale of his own plunge from the pinnacle of a works-based, fake-smile existence that sapped his strength and led him down a path of destructive behavior. Along the way, Bethke gives you the tools you need to: Humbly and prayerfully open your mind Understand Jesus for all that he is View the church from a brand-new perspective Bethke is quick to acknowledge that he's not a pastor or theologian, but simply an ordinary, twenty-something who cried out for a life greater than the one for which he had settled. On this journey, Bethke discovered the real Jesus, who beckoned him with love beyond the props of false religion. Praise for *Jesus > Religion*: Jeff's book will make you stop and listen to a voice in your heart that may have been drowned out by the noise of religion. Listen to that voice, then follow it--right to the feet of Jesus. --Bob Goff, author of New York Times bestsellers *Love Does* and *Everybody, Always* The book you hold in your hands is Donald

Miller's Blue Like Jazz meets C. S. Lewis's Mere Christianity meets Augustine's Confessions. This book is going to awaken an entire generation to Jesus and His grace. --Derwin L. Gray, lead pastor of Transformation Church, author of Limitless Life: Breaking Free from the Labels That Hold You Back

**Social Media in Industrial China** Xinyuan Wang, 2016-09-13 Life outside the mobile phone is unbearable.' Lily, 19, factory worker. Described as the biggest migration in human history, an estimated 250 million Chinese people have left their villages in recent decades to live and work in urban areas. Xinyuan Wang spent 15 months living among a community of these migrants in a small factory town in southeast China to track their use of social media. It was here she witnessed a second migration taking place: a movement from offline to online. As Wang argues, this is not simply a convenient analogy but represents the convergence of two phenomena as profound and consequential as each other, where the online world now provides a home for the migrant workers who feel otherwise 'homeless'. Wang's fascinating study explores the full range of preconceptions commonly held about Chinese people – their relationship with education, with family, with politics, with 'home' – and argues why, for this vast population, it is time to reassess what we think we know about contemporary China and the evolving role of social media.
